### ***Analysis by the Legislative Reference Bureau***

Under current law, the Department of Administration (DOA) directs and supervises the land information program and serves as a state clearinghouse for access to land information. Under the land information program, DOA provides technical assistance to state agencies and local governmental units with land information responsibilities, reviews and approves county plans for land records modernization, and provides aids to counties, derived from recording fee revenues collected by counties, for land records modernization projects.

Also under current law, a county board may establish a land information office or direct that the functions and duties of the office be performed by an existing county office. If a land information office is established, it is required to coordinate land information projects between different units and levels of government and between

**ASSEMBLY BILL 727**

the government and the private sector, develop and receive approval for a countywide plan for land records modernization, and review and recommend projects from local governmental units for grants from DOA.

Also under current law, counties collect a fee for recording and filing most instruments that are recorded or filed with a register of deeds. The fee is \$11 for the first page of an instrument and \$2 for each additional page. Counties must remit \$7 of each \$11 collected for recording or filing the first page of each instrument to DOA, which DOA uses the revenues to make grants to counties for land records modernization projects (modernization grants). However, if a county has established a land information office, receives approval from DOA for its land records modernization plan, and uses the money for certain specified purposes related to land records modernization, the county may retain \$5 of each \$7 fee that would otherwise be payable to DOA. Counties also collect a \$25 fee for recording certain probate certificates and for preparing and mailing certain probate documents.

Under this bill, counties collect a \$25 fee, regardless of the number of pages of the instrument, for recording or filing most instruments that are recorded or filed with a register of deeds. Counties must remit \$10 of each fee to DOA, which DOA uses to make modernization grants. If a county has, in addition to the three requirements under current law for retaining DOA fees, established a land information council, the county may retain \$8 of each \$10 fee that would otherwise be payable to DOA. Also under this bill, counties may temporarily collect a \$30 fee for recording or filing these instruments or for recording certain probate certificates or preparing and mailing certain probate documents if the county uses \$5 of each fee for purposes of redacting social security numbers from certain electronic format records. The \$30 fee reverts to a \$25 fee upon the earliest of the following: 1) completion of redaction of social security numbers from certain electronic format records; 2) January 1, 2012, unless an extension of time is granted by DOA; or 3) January 1, 2015.

Also under this bill, when the register of deeds transfers instruments filed with or recorded by the register of deeds before April 1, 2006, to an electronic format, he or she is required to make a reasonable effort to redact social security numbers from the instrument's electronic format.

Also under this bill, if a county retains fees otherwise payable to DOA or receives a grant from DOA under the land information program, the county must submit a report to DOA describing the expenditure of those funds. These funds must be used to design, develop, and implement a land information system and to make the system accessible on the Internet before being used for any other purpose and thereafter for purposes related to land records modernization. If DOA determines that these funds have been used for unauthorized purposes, DOA may suspend the eligibility of the county for further grants or retained fees.

Also under this bill, a county board that has created a land information office must create a land information council consisting of no less than seven members. The council reviews the priorities, needs, policies, and expenditures of the land information office and advises the county on matters affecting the land information office. Also, if a county employs countywide property assessment or maintains land

records that identify the zoning classification of individual parcels, the county board must post on the Internet land records that identify the zoning classification of individual parcels.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

1 paragraph to redact social security numbers from electronic format records under  
2 sub. (4) (c) and s. 59.72 (6), until the earliest of the following:

3 1. Completion of the redaction of social security numbers from electronic format  
4 records under sub. (4) (c) and s. 59.72 (6).

5 2. Unless the register of deeds has been granted an extension by the  
6 department of administration, January 1, 2012. The register of deeds may request  
7 the department of administration to extend the time period under this subdivision  
8 by one year. The department of administration may grant the extension and may  
9 renew the extension for additional one-year periods.

10 3. January 1, 2015.

11 **SECTION 9.** 59.43 (4) (c) of the statutes is created to read:

12 59.43 (4) (c) With regard to any instrument filed with or recorded by a register  
13 of deeds before April 1, 2006, which the register of deeds transfers to an electronic  
14 format as described in this subsection, the register of deeds shall make a reasonable  
15 effort to redact social security numbers from the transferred instrument's electronic  
16 format.

17 **SECTION 10.** 59.43 (4) (d) of the statutes is created to read:

18 59.43 (4) (d) No later than March 31 annually, every register of deeds of a  
19 county that has not completed redaction of social security numbers from electronic  
20 format records under par. (c) shall submit to the department of administration a  
21 report regarding the progress made by the county during the preceding year in  
22 redacting social security numbers from electronic format records under par. (c),  
23 including a statement of the number of instruments transferred to an electronic  
24 format in the preceding year, the number of these instruments from which social  
25 security numbers were redacted in the preceding year, the number of instruments

5 under s. 70.99 or maintains land records that identify the zoning classification of  
6 individual parcels, the board shall post on the Internet land records that identify the  
7 zoning classification of individual parcels.

8 (b) No later than March 31 following the end of any year in which a county that  
9 accepts a grant under s. 16.967 (7) or retains any fees under sub. (5) (b), the county  
10 land information office shall submit to the department of administration a report  
11 describing the expenditures made with the moneys derived from those grants or  
12 retained fees.

13 **SECTION 12.** 59.72 (3) (b) of the statutes is amended to read:

14 59.72 (3) (b) Within 2 years after the land information office is established,  
15 develop and receive approval for a countywide plan for land records modernization.  
16 For any county in which land records are not fully accessible on the Internet, the plan  
17 shall include a goal of providing full access to land records on the Internet. The plan  
18 shall be submitted for approval to the department of administration under s. 16.967  
19 (3) (e).

20 **SECTION 13.** 59.72 (3m) of the statutes is created to read:

21 59.72 (3m) LAND INFORMATION COUNCIL. (a) If the board has established a land  
22 information office under sub. (3), the board shall create a land information council
