10 vehicles registered with the Department of Transportation and transfers from
11 the transportation fund to the general fund.

Analysis by the Legislative Reference Bureau

Under current law, the Department of Transportation (DOT) issues two registration plates for most motor vehicles. The owner of the motor vehicle must display one plate on the front of the vehicle and one plate on the rear of the vehicle.

This bill directs DOT to issue only one registration plate for most motor vehicles. With limited exceptions, the registration plate must be displayed on the rear of the motor vehicle.

Under current law, moneys may not be transferred from the transportation fund to any other fund.

The bill requires that, beginning in fiscal year 2012-13, the secretary of administration transfer from the transportation fund to the general fund an amount in each fiscal year equal to the savings realized in the change to a single registration plate for motor vehicles.

For further information see the **state** fiscal estimate, which will be printed as an appendix to this bill.
