

State of Misconsin 2021 - 2022 LEGISLATURE

LRB-2313/1 EKL:cdc

2021 ASSEMBLY BILL 544

September 10, 2021 – Introduced by Representatives SUBECK, HESSELBEIN, ANDERSON, CABRAL-GUEVARA, CABRERA, CONLEY, CONSIDINE, DOYLE, EMERSON, HEBL, HONG, MILROY, L. MYERS, NEUBAUER, S. RODRIGUEZ, SHANKLAND, SHELTON, SINICKI, SNODGRASS, SPREITZER, STUBBS, VINING and VRUWINK, cosponsored by Senators SMITH, ERPENBACH, AGARD, BEWLEY, CARPENTER, JOHNSON, LARSON, PFAFF and RINGHAND. Referred to Committee on Health.

1 AN ACT *to create* 15.07 (3) (bm) 7., 15.735 and subchapter VI (title) of chapter 2 601 [precedes 601.78] of the statutes; **relating to:** creating a prescription drug 3 affordability review board and granting rule-making authority.

Analysis by the Legislative Reference Bureau

This bill creates a prescription drug affordability review board, whose purpose is to protect Wisconsin residents and other stakeholders from the high costs of prescription drugs. The board consists of the commissioner of insurance and the following members, all of whom are appointed by the governor for four-year terms:

1. Two members who represent the pharmaceutical drug industry, at least one of whom is a licensed pharmacist.

2. Two members who represent the health insurance industry.

3. Two members who represent the health care industry, at least one of whom is a licensed practitioner.

4. Two members who represent the interests of the public.

The bill requires the board to meet in open session at least four times per year to review prescription drug pricing information. The board must provide at least two weeks' public notice of its meetings, make the meeting's materials publicly available at least one week prior to meeting, and provide the opportunity for public comment. The bill imposes conflict of interest requirements for the board relating to recusal and public disclosure of certain conflicts. The bill directs the board to access and assess drug pricing information, to the extent practicable, by accessing and assessing information from other states, by assessing spending for the drug in Wisconsin, and by accessing other available pricing information.

Under the bill, the board must conduct drug cost affordability reviews. The first step in the reviews is for the board to identify prescription drugs whose increase in wholesale acquisition cost exceeds specified thresholds and other prescription drugs that may create affordability challenges for the health care system in Wisconsin. For each identified prescription drug, the board must determine whether to conduct an affordability review by seeking stakeholder input and considering the average patient cost share for the drug. During an affordability review, the board must determine whether use of the prescription drug that is fully consistent with the labeling approved by the federal Food and Drug Administration or standard medical practice has led or will lead to an affordability challenge for the health care system in Wisconsin. In making this determination, the bill requires the board to consider a variety of factors, which include the following:

1. The drug's wholesale acquisition cost.

2. The average monetary price concession, discount, or rebate the manufacturer provides, or is expected to provide, for the drug to health plans.

3. The total amount of price concessions, discounts, and rebates the manufacturer provides to each pharmacy benefit manager for the drug.

4. The price at which therapeutic alternatives have been sold and the average monetary concession, discount, or rebate the manufacturer provides, or is expected to provide, to health plan payors and pharmacy benefit managers for therapeutic alternatives.

5. The costs to health plans based on patient access consistent with federal labeled indications and recognized standard medical practice.

6. The impact on patient access resulting from the drug's cost relative to insurance benefit design.

7. The current or expected dollar value of drug–specific patient access programs that are supported by the manufacturer.

8. The relative financial impacts to health, medical, or social services costs that can be quantified and compared to baseline effects of existing therapeutic alternatives.

9. The average patient copay or other cost sharing for the drug.

If the board determines that a prescription drug will lead to an affordability challenge, the bill directs the board to establish an upper payment limit for that drug that applies to all purchases and payor reimbursements of the drug dispensed or administered to individuals in Wisconsin. In establishing the upper payment limit, the board must consider the cost of administering the drug, the cost of delivering it to consumers, and other relevant administrative costs. For certain drugs, the board must solicit information from the manufacturer regarding the price increase and, if the board determines that the price increase is not a result of the need for increased manufacturing capacity or other effort to improve patient access during a public health emergency, the board must establish an upper payment limit equal to the drug's cost prior to the price increase.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1	SECTION 1. 15.07 (3) (bm) 7. of the statutes is created to read:

4

(2) POWERS AND DUTIES. (a) The board shall do all of the following:

5 1. Meet in open session at least 4 times per year to review prescription drug
6 product pricing information, except that the chair may cancel or postpone a meeting
7 if there is no business to transact.

8 2. To the extent practicable, access and assess pricing information for
9 prescription drug products by doing all of the following:

a. Accessing and assessing information from other states by entering into
 memoranda of understanding with other states to which manufacturers report
 pricing information.

- 13 b. Assessing spending for specific prescription drug products in this state.
- 14 c. Accessing other available pricing information.
- 15 (b) The board may:
- 16 1. Promulgate rules for the administration of this subchapter.

2. Enter into a contract with an independent 3rd party for any service
necessary to carry out the powers and duties of the board. Unless written permission
is granted by the board, any person with whom the board contracts may not release,
publish, or otherwise use any information to which the person has access under the
contract.

(3) MEETING REQUIREMENTS. (a) Pursuant to s. 19.84, the board shall provide
 public notice of each board meeting at least 2 weeks prior to the meeting and shall
 make the materials for each meeting publicly available at least one week prior to the
 meeting.

2021 - 2022 Legislature

ASSEMBLY BILL 544

1	(b) Notwithstanding s. 19.84 (2), the board shall provide an opportunity for
2	public comment at each open meeting and shall provide the public with the
3	opportunity to provide written comments on pending decisions of the board.
4	(c) Notwithstanding subch. V of ch. 19, any portion of a meeting of the board
5	concerning proprietary data and information shall be conducted in closed session
6	and shall in all respects remain confidential.
7	(d) The board may allow expert testimony at any meeting, including when the
8	board meets in closed session.
9	(4) CONFLICTS OF INTEREST. (a) A member of the board shall recuse himself or
10	herself from a decision by the board relating to a prescription drug product if the
11	member or an immediate family member, as defined in s. 97.605 (4) (a) 2., has
12	received or could receive any of the following:
13	1. A direct financial benefit deriving from a determination, or a finding of a
14	study or review, by the board relating to the prescription drug product.
15	2. A financial benefit in excess of \$5,000 in a calendar year from any person who
16	owns, manufactures, or provides a prescription drug product to be studied or
17	reviewed by the board.
18	(b) A conflict of interest shall be disclosed by the board when hiring board staff,
19	by the appointing authority when appointing members to the board, and by the board
20	when a member of the board is recused from any final decision resulting from a
21	review of a prescription drug product.
22	(c) A conflict of interest shall be disclosed no later than 5 days after the conflict
23	is identified, except that, if the conflict is identified within 5 days of an open meeting

of the board, the conflict shall be disclosed prior to the meeting.

601.79 Drug cost affordability review. (1) IDENTIFICATION OF DRUGS. The board shall identify prescription drug products that are any of the following:

11 A brand name drug or biologic that, as adjusted annually to reflect (a) 12adjustments to the U.S. consumer price index for all urban consumers, U.S. city 13average, as determined by the U.S. department of labor, has a launch wholesale 14acquisition cost of at least \$30,000 per year or course of treatment or whose wholesale 15acquisition cost increased at least \$3,000 during a 12–month period.

16 (b) A biosimilar drug that has a launch wholesale acquisition cost that is not 17at least 15 percent lower than the referenced brand biologic at the time the biosimilar is launched. 18

19 (c) A generic drug that has a wholesale acquisition cost, as adjusted annually 20to reflect adjustments to the U.S. consumer price index for all urban consumers, U.S. 21city average, as determined by the U.S. department of labor, that meets all of the 22following conditions:

231. Is at least \$100 for a supply lasting a patient for a period of 30 consecutive $\mathbf{24}$ days based on the recommended dosage approved for labeling by the U.S. food and 25drug administration, a supply lasting a patient for fewer than 30 days based on the

2021 - 2022 Legislature

ASSEMBLY BILL 544

recommended dosage approved for labeling by the federal food and drug
 administration, or one unit of the drug if the labeling approved by the federal food
 and drug administration does not recommend a finite dosage.

2. Increased by at least 200 percent during the preceding 12-month period, as
determined by the difference between the resulting wholesale acquisition cost and
the average of the wholesale acquisition cost reported over the preceding 12 months.

7 (d) Other prescription drug products, including drugs to address public health
8 emergencies, that may create affordability challenges for the health care system and
9 patients in this state.

10 (2) AFFORDABILITY REVIEW. (a) After identifying prescription drug products 11 under sub. (1), the board shall determine whether to conduct an affordability review 12 for each identified prescription drug product by seeking stakeholder input about the 13 prescription drug product and considering the average patient cost share of the 14 prescription drug product.

(b) The information to conduct an affordability review under par. (a) may
include any document and research related to the manufacturer's selection of the
introductory price or price increase of the prescription drug product, including life
cycle management, net average price in this state, market competition and context,
projected revenue, and the estimated value or cost-effectiveness of the prescription
drug product.

21

22

(c) The failure of a manufacturer to provide the board with information for an affordability review does not affect the authority of the board to conduct the review.

(3) AFFORDABILITY CHALLENGE. When conducting an affordability review of a
 prescription drug product, the board shall determine whether use of the prescription
 drug product that is fully consistent with the labeling approved by the federal food

ASSEMBLY BILL 544

and drug administration or standard medical practice has led or will lead to an
affordability challenge for the health care system in this state, including high
out-of-pocket costs for patients. To the extent practicable, in determining whether
a prescription drug product has led or will lead to an affordability challenge, the
board shall consider all of the following factors:

6

7

(a) The wholesale acquisition cost for the prescription drug product sold in this state.

8 (b) The average monetary price concession, discount, or rebate the 9 manufacturer provides, or is expected to provide, to health plans in this state as 10 reported by manufacturers and health plans, expressed as a percent of the wholesale 11 acquisition cost for the prescription drug product under review.

(c) The total amount of the price concessions, discounts, and rebates the
 manufacturer provides to each pharmacy benefit manager for the prescription drug
 product under review, as reported by the manufacturer and pharmacy benefit
 manager and expressed as a percent of the wholesale acquisition costs.

16

(d) The price at which therapeutic alternatives have been sold in this state.

(e) The average monetary concession, discount, or rebate the manufacturer
provides or is expected to provide to health plan payors and pharmacy benefit
managers in this state for therapeutic alternatives.

20 (f) The costs to health plans based on patient access consistent with labeled
21 indications by the federal food and drug administration and recognized standard
22 medical practice.

(g) The impact on patient access resulting from the cost of the prescription drug
product relative to insurance benefit design.

- 10 -

2021 – 2022 Legislature

ASSEMBLY BILL 544

1	(h) The current or expected dollar value of drug-specific patient access
2	programs that are supported by the manufacturer.
3	(i) The relative financial impacts to health, medical, or social services costs that
4	can be quantified and compared to baseline effects of existing therapeutic
5	alternatives.
6	(j) The average patient copay or other cost sharing for the prescription drug
7	product in the state.
8	(k) Any information a manufacturer chooses to provide.
9	(L) Any other factors as determined by the board by rule.
10	(4) UPPER PAYMENT LIMIT. (a) If the board determines under sub. (3) that use
11	of a prescription drug product has led or will lead to an affordability challenge, the
12	board shall establish an upper payment limit for the prescription drug product after
13	considering all of the following:
14	1. The cost of administering the drug.
15	2. The cost of delivering the drug to consumers.
16	3. Other relevant administrative costs related to the drug.
17	(b) For a prescription drug product identified in sub. (1) (d), the board shall
18	solicit information from the manufacturer regarding the price increase. To the
19	extent that the price increase is not a result of the need for increased manufacturing
20	capacity or other effort to improve patient access during a public health emergency,
21	the board shall establish an upper payment limit under par. (a) that is equal to the
22	cost to consumers prior to the price increase.
23	(c) 1. The upper payment limit established under this subsection shall apply

- 11 -

to all purchases and payor reimbursements of the prescription drug product

dispensed or administered to individuals in this state in person, by mail, or by other
 means.

- 12 -

Notwithstanding subd. 1., while state-sponsored and state-regulated 3 2. 4 health plans and health programs shall limit drug reimbursements and drug 5 payment to no more than the upper payment limit established under this subsection, a plan subject to the Employee Retirement Income Security Act of 1974 or Part D of 6 7 Medicare under 42 USC 1395w-101 et seq. may choose to reimburse more than the 8 upper payment limit. A provider who dispenses and administers a prescription drug 9 product in this state to an individual in this state may not bill a payor more than the 10 upper payment limit to the patient regardless of whether a plan subject to the Employee Retirement Income Security Act of 1974 or Part D of Medicare under 42 11 12 USC 1395w-101 et seg. chooses to reimburse the provider above the upper payment 13limit.

(5) PUBLIC INSPECTION. Information submitted to the board under this section
shall be open to public inspection only as provided under ss. 19.31 to 19.39.

(6) NO PROHIBITION ON MARKETING. Nothing in this section may be construed to
prevent a manufacturer from marketing a prescription drug product approved by the
federal food and drug administration while the prescription drug product is under
review by the board.

(7) APPEALS. A person aggrieved by a decision of the board may request an
appeal of the decision no later than 30 days after the board makes the determination.
The board shall hear the appeal and make a final decision no later than 60 days after
the appeal is requested. A person aggrieved by a final decision of the board may
petition for judicial review in a court of competent jurisdiction.

25

SECTION 4. Nonstatutory provisions.

1	(1) Staggered terms for board. Notwithstanding the length of terms specified
2	for the members of the board under s. 15.735 (1) (b) to (e), 2 of the initial members
3	shall be appointed for terms expiring on May 1, 2023; 2 of the initial members shall
4	be appointed for terms expiring on May 1, 2024; 2 of the initial members shall be
5	appointed for terms expiring on May 1, 2025; and 2 of the initial members shall be
6	appointed for terms expiring on May 1, 2026.
7	SECTION 5. Effective date.
8	(1) This act takes effect on the first day of the 7th month after the day of
9	publication.
