Referred to Committee on Energy and Utilities.

1     **AN ACT to create** 196.376 of the statutes; **relating to:** on-bill financing of energy  
2           improvements and granting rule-making authority.

---

*Analysis by the Legislative Reference Bureau*

This bill requires the Public Service Commission to establish and implement a program under which a public utility may finance energy improvements at a specific dwelling for a residential customer. Under the bill, a public utility may recover the cost of such an energy improvement through a surcharge periodically placed on the customer's account.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
