Analysis by the Legislative Reference Bureau

Under current law, it is a Class B misdemeanor for a school or school district official, employee, or agent to conduct a strip search of a pupil. For purposes of this prohibition, current law defines a “strip search” to mean a search in which a person’s genitals, pubic area, buttock, or anus, or a female person’s breast, is uncovered and either is exposed to view or is touched by a person conducting the search. This bill expands this definition to include a search in which a person’s naked or underwear-clad genitalia, anus, buttocks, or female areola or nipple is uncovered and either is exposed to view or is touched by a person conducting the search.

The bill does not change current law with regard to strip searches conducted by law enforcement.
