### *Analysis by the Legislative Reference Bureau*

This bill establishes a penalty for knowingly sending an unsolicited obscene or sexually explicit image by electronic means, specifically any image depicting a person engaging in an act of sexual intercourse or masturbation or depicting the exposed genitals or anus of any person. Under the bill, a person who violates this prohibition is subject to a forfeiture not to exceed \$250 for a first violation, and a forfeiture not to exceed \$500 for any subsequent violation. If the person is under 18 years of age, however, the person is subject to a written warning for a first violation, and for any subsequent violation before the person is 18 years of age, a forfeiture not to exceed \$250.

The bill also establishes a private cause of action against a person who knowingly sends by electronic means an image depicting a person engaging in an act of sexual intercourse or masturbation or depicting the exposed genitals or anus of any person that the person who sends the image knows or reasonably should know is unsolicited.

Neither the prohibition resulting in a forfeiture nor the private civil action established under the bill applies to 1) an Internet service provider, mobile data provider, or operator of an online or mobile application, to the extent that the entity

is transmitting, routing, or providing connections for electronic communications initiated by or at the direction of another person; 2) any service that transmits images or audiovisual works, including an on-demand, subscription, or advertising-supported service; or 3) a health care provider transmitting an image for a legitimate medical purpose.
