(c) 1. Before January 1, 1991, if a document of gift is attached to or imprinted on the donor's license to operate a motor vehicle or identification card issued by the department of transportation, the document of gift shall comply with par. (b) and s. 343.17 or 343.50. Revocation, suspension, expiration or cancellation of the license or identification card does not invalidate the anatomical gift.

2. After December 31, 1990, if a document of gift is attached to or imprinted on the donor's license under s. 343.175 (2) or identification card under s. 343.50 (3) issued by the department of transportation, the document of gift shall comply with par. (d) A document of gift may designate a particular physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee

or other person authorized to accept the anatomical gift may employ or authorize any physician or enucleator to carry out the appropriate procedures.

(e) An anatomical gift under the circumstances in which the document of gift is by will takes effect upon death of the testator, whether or not the will is probated. If after the death of the testator the will is declared invalid for testamentary purposes, the validity of the anatomical gift is unaffected.

(f) A donor may amend or revoke an anatomical gift or a refusal to make an anatomical gift under par. (i) by doing any of the following:

1. Signing a statement of amendment or revocation.

(g) In addition to the means specified in par. (f), an anatomical gift made by will may be amended or revoked in the manner provided for amendment or revocation of wills.

(h) An anatomical gift that is not revoked by the donor before death is irrevocable and does not require the consent or concurrence of any person after the donor's death.

1. Making a writing of refusal that is signed in the same manner as is required for a document of gift.

(j) In the absence of contrary indications by the donor, an anatomical gift of a part of a human body is neither a refusal to give other parts of the body nor a limitation on an anatomical gift under sub. (3) or on a removal or release of other parts of the body under sub. (4).

(k) In the absence of contrary indications by the donor, a revocation or amendment of an anatomical gift is not a refusal to make another anatomical gift. If the donor intends a revocation to be a refusal to make an anatomical gift, the donor shall make the refusal under par. (i).

(3) MAKING, REVOKING AND OBJECTING TO ANATOMICAL GIFTS, BY PERSONS OTHER THAN THE DONOR. (a) Any member of the following classes of individuals, in the order of priority listed, may make an anatomical gift of all or a part of a decedent's body for a purpose specified in sub. (6) (a), unless

2. An adult son or daughter of the decedent.
3. Either parent of the decedent.
4. An adult brother or sister of the decedent.
5. A grandparent of the decedent.
6. A guardian of the person of the decedent at the time of death.

(b) An anatomical gift may not be made by an individual listed in par. (a) if any of the following applies:

2. The individual proposing to make an anatomical gift knows of a refusal or contrary indications by the decedent.

3. The individual proposing to make an anatomical gift knows of an objection to making an anatomical gift by a member of the individual's class or a prior class.

(c) An individual authorized under par. (a) shall make an anatomical gift of all or a part of the decedent's body by doing one of the following:

1. Executing a document of gift that is signed by the individual.

2. Making a telegraphic, recorded telephonic or other recorded message, or other form of communication to another that is reduced to writing and signed by the recipient at the time it is received.

(d) Any member of the same class as or a prior class to an individual authorized under par. (a) who has made an anatomical gift under par. (a) may revoke the gift if, before procedures have begun for the removal of a part from the body of the decedent, the member so informs the physician or enucleator who will remove the part of the revocation.

(e) A failure to make an anatomical gift under par. (a) is not an objection to the making of an anatomical gift unless the failure is accompanied by an objection to the making of an anatomical gift.

(4) AUTHORIZATION BY CORONER OR MEDICAL EXAMINER. (a) The coroner or medical examiner may release and permit the removal of a part from, a decedent within that official's custody, for transplantation or therapy, if all of the following apply:

1. The official has received a request for the part of the body from a hospital, physician or procurement organization.

2. The official has made a reasonable effort, taking into account the useful life of the part of the body, to locate and examine the decedent's medical records and inform individuals listed in sub. (3) (a) of their option to make, or object to making, an anatomical gift.

3. The official does not know of a refusal or contrary indication by the decedent or of an objection by an individual having priority to act as listed in sub. (3) (a).

4. The removal will be by a physician, except that in the case of eyes, by a physician or by an enucleator.

5. The removal will not interfere with any autopsy or investigation.

6. The removal will be in accordance with accepted medical standards.

7. Cosmetic restoration will be done to the decedent's body, if appropriate.

(b) An official releasing, and permitting the removal of a part of, a human body shall maintain a permanent record of the name of the decedent, the name of the person making the request, the date and purpose of the request, the part of the

body requested and the name of the person to whom it was released.

(5) POLICIES; REQUIRED REQUEST; SEARCH AND NOTIFICATION. (a) Each hospital shall develop and adopt written policies for providing information to individuals on how to become part donors and shall make available to individuals informational brochures that discuss donation of parts.

(b) If at the time of death of a patient there is no medical record that the patient has made or refused to make an anatomical gift, the hospital administrator or a representative designated by the administrator shall discuss with an available individual, under the priority established in sub. (3) (a), the option to make or refuse to make an anatomical gift and request that the individual make an anatomical gift of all or a part of the decedent's body. The administrator or representative shall make the request with reasonable discretion and sensitivity to the circumstances of the family. A request need not be made if the gift is not suitable, based upon accepted medical standards, for a purpose specified in sub. (6) (a) or if the requester knows that the patient, or the member of the class of individuals to whom the request would be directed under sub. (3) (a), has a cultural or religious objection or any other objection to the making of an anatomical gift. An entry shall be made in the medical record of the patient, in accordance with the rules promulgated under par. (f), stating the name and affiliation of the individual making the request and the name, response and relationship to the patient of the individual to whom the request was made.

(c) All of the following persons, under the following circumstances, shall make a reasonable search for a document of gift or other information identifying the individual as a donor or as an individual who has revoked or refused to make an anatomical gift:

1. A law enforcement officer, fire fighter, emergency medical technician — advanced (paramedic), ambulance service provider or ambulance attendant who finds an individual whom the person believes is dead or near death.

2. A hospital, upon the admission of an individual who is at or near the time of death, if there is not immediately available any other source of that information.

(d) If a document of gift, revocation of a document of gift or evidence of refusal to make an anatomical gift is located by the search required by par. (c) 1 and the individual or decedent to whom it relates is taken to a hospital, the hospital shall be notified of the contents and the person locating the document, revocation or other evidence shall send it to the hospital.

(e) If at or near the time of death of a patient a hospital knows that an anatomical gift of all or a part of the patient's body has been made under sub. (3) (a), that a release and removal of a part of the patient's body has been permitted under sub. (4) or that a patient or an individual identified as in transit to the hospital is a donor, the hospital shall notify the donee if one is named and known to the hospital. If a donee is neither named nor known to the hospital, the hospital shall notify an appropriate procurement organization. The hospital shall cooperate in the implementation of the anatomical gift or release and removal of a part of the body of the patient or individual.

(f) The department of health and social services shall promulgate rules that do all of the following:

(b) A donor may make an anatomical gift to a designated donee or without designating a donee. If a donee is not designated or if the donee is not available or rejects the anatomical gift, any hospital may accept the anatomical gift.

(c) If the donee knows of the decedent's refusal or contrary indications to make an anatomical gift or that an anatomical gift by a member of a class having priority to act is opposed by a member of the same class or a prior class under sub. (3) (a), the donee may not accept the anatomical gift.

(7) DELIVERY OF DOCUMENT OF GIFT. (a) Delivery of a document of gift during the donor's lifetime to another is not required for the validity of an anatomical gift.

(b) If an anatomical gift is made to a designated donee, the document of gift, or a copy, may be delivered to the donee to expedite the appropriate procedures after the donor's death. The document of gift, or a copy, may be deposited in any hospital, procurement organization or registry office that accepts it for safekeeping or for facilitation of procedures after death. (2) (d).

(c) If there has been an anatomical gift, a physician may remove any donated parts of the body and an enucleator may remove any donated eyes or parts of eyes, after determination of death by a physician. Any individual acting under the direction of a physician and any funeral director licensed under ch. 445 may perform the functions of an enucleator under this section if he or she has completed a course in eye enucleation and holds a valid certification of competence

from a medical college approved by the medical examining board under s. 448.05 (2). A certificate of competence shall be valid for 3 years.

(10) EXAMINATION, AUTOPSY, LIABILITY. (a) An anatomical gift authorizes any reasonable examination necessary to assure medical acceptability of the gift for the purposes intended.

(b) This section is subject to the laws of this state prescribing powers and duties of the coroner, medical examiner and other physicians licensed to perform autopsies, with respect to autopsies and the reporting of certain deaths under ch. 979.

(c) A hospital, physician, coroner, medical examiner, enucleator or other person, who acts in accordance with this section or with the applicable anatomical gift law of another state or a foreign country or attempts in good faith to do so, is not liable for that act in a civil action or criminal proceeding.

(d) A person who makes an anatomical gift under sub. (2) or (3) and the person's estate are not liable for any injury or damage that may result from the making or the use of the anatomical gift.

(c) is satisfied:

a. No owner has transferred any ownership interest in the cemetery lot to any other person.

If an owner is buried in the cemetery in which the abandoned cemetery lot is located or if the cemetery authority has any other evidence that reasonably supports a determination by the cemetery authority that the owner is deceased, no notice is required under this paragraph.

(d) If no notice is required under par. (c) or if, within 60 days after notice is mailed under par. (c), no owner or assignee contacts the cemetery authority to express an intent to use the abandoned cemetery lot for a future burial of human remains, the cemetery authority shall publish in a newspaper of general circulation in the county in which the abandoned lot is located, a class 3 notice under ch. 985 that includes all of the following:

Before depositing the payment of principal into the care fund, the cemetery authority may retain an amount necessary to cover the cemetery authority's administrative and other expenses related to the sale, but the amount retained may not exceed 50% of the proceeds.

(b) "Vault" includes any cemetery vault, columbarium, crematorium, mausoleum or other structure wholly or partly above ground and used to store or dispose of corpses.

(2) **CONSTRUCTION OF VAULTS.** (a) Any person who constructs a vault or converts a building to a vault shall comply with the rules of the department and shall receive department approval in writing of the plans and specifications prior to construction or conversion. The department may adopt rules governing the location, material and construction of any vault. Any municipality may enact ordinances governing vaults at least as stringent as this section.

(b) The department shall supervise construction of any public or community vault and conversion of any building to a public or community vault. No person may modify departmental construction requirements without written approval of the department. No person may operate a public or community vault unless the department certifies in writing that construction or conversion complied with approved plans and that a maintenance fund under sub. (3) exists.

(c) No person may establish or use a public or community vault unless the vault is located inside a cemetery of 20 acres or more that has been in existence for 10 years or more.

(d) The underground portion of any vault shall be waterproof, weatherproof, airtight, of permanent construction and capable of being sealed permanently. The aboveground portion of any vault shall be weatherproof and of permanent construction.

(3) **MAINTENANCE FUND.** (a) Any person who operates a public or community vault shall establish a fund for the perpetual maintenance of the vault, in compliance with either subd. 1 or 2.

1. If the vault has been in existence since June 15, 1933, and is covered by the perpetual care fund of the cemetery in which the vault is located, the cemetery shall deposit at least 15% of the proceeds received by sale of cemetery lots into the fund, until the fund equals 10% of the cost of constructing the vault.

2. Except as provided in subd. 1, the operator of the vault shall apply at least 25% of all proceeds received from sales of mausoleum rooms or crypts and columbarium niches, until the fund equals 25% of the cost of constructing the vault. The municipality in which the vault is located may require a larger fund.

(b) The cemetery's treasurer is the custodian of the fund. The treasurer shall file with the cemetery, at the cemetery's expense, a bond plus sureties approved by the county clerk to indemnify the cemetery against loss if the treasurer fails to maintain the fund. No indemnity is required if the terms of sale of the vault require the purchaser to pay directly to a trust company in the state, designated by the cemetery as custodian of the fund. The fund shall be invested as provided in ch. 881. Income from investment may be used only to maintain the vault.

(4) **PENALTY.** Any person, including a member of a firm or officer or director of a corporation, who violates this section is personally liable and shall be fined not less than \$100 nor more than \$500 or imprisoned not less than 10 days nor more than 6 months or both.

"157.12 MAUSOLEUMS AND CREMATORIUMS. (1) Definition. Notwithstanding s. 157.061 (5), in this section, "department" means the department of industry, labor and human relations.

(2) Construction of mausoleums. (a) Any person who constructs a mausoleum or converts a building or other structure to a mausoleum shall comply with the rules of the department and shall receive department approval in writing of the plans and specifications prior to construction or conversion. No person may modify plans or specifications which have been approved under this paragraph without approval in writing from the department, unless such modifications are cosmetic in nature. The department shall promulgate rules providing reasonable requirements governing the location, material and construction of a mausoleum, in accordance with the requirements in par. (d). Any municipality may enact ordinances governing mausoleums at least as stringent as this section.

(b) The department shall supervise construction of any public mausoleum and conversion of any building to a public mausoleum. Within 30 days after receiving written notice from the cemetery authority that the construction or conversion has been completed, the department shall inspect the public mausoleum and provide the cemetery authority with a written certification as to whether the construction or conversion complies with approved plans. If the department determines that, except for certain minor defects, the construction or conversion complies with the approved plans, the department may provide the cemetery authority with a written temporary certification of compliance that is contingent on the correction of those minor defects. A temporary certification is valid for a period designated by the department, not to exceed 6 months. No person may sell a mausoleum space, except an undeveloped space that is sold in accordance with s. 440.92, or bury human remains in a public mausoleum unless a care fund has been established for the mausoleum under sub. (3) and the department has provided the cemetery authority with a certification or a temporary certification under this paragraph. If a cemetery authority that has been provided with a temporary certification notifies the department in writing before the date on which the temporary certification expires that the defects in the construction or conversion of the public mausoleum have been corrected, the department shall, within 30 days after receiving the notice, reinspect the public mausoleum and provide the cemetery authority with a written certification as to whether the construction or conversion complies with the approved plans. If a cemetery authority that has been provided with a temporary certification does not receive a written certification from the department before the date on which the temporary certification expires that the construction or conversion complies with the approved plans, then, beginning on the date on which the certification expires, no person may sell a mausoleum space, except an undeveloped space that is sold in accordance with s. 440.92, or bury human remains in the public mausoleum until the defects are corrected and the department subsequently inspects the public mausoleum and provides the cemetery authority with a certification that the construction or conversion complies with the approved plans. The department may charge a reasonable fee to the cemetery authority for each inspection and certification provided under this paragraph if the inspection and certification are provided within the applicable 30-day period prescribed under this paragraph.

(bm) If a municipality in which a mausoleum is located requires the owner or operator of the mausoleum to obtain from the municipality a permit for the use or occupancy of the mausoleum, the municipality shall issue that permit to the owner or operator if the owner or operator has been provided with a certification or temporary certification for the mausoleum under par. (b). The permit shall be valid for a period equal to or longer than the period for which the certification or temporary certification under par. (b) is valid.

(c) No person may establish or use a public mausoleum unless the mausoleum is located inside a cemetery of 20 acres or more that has been in existence for 10 years or more.

(d) A mausoleum shall be constructed to last as long as possible, taking into consideration the technology and economics applicable to mausoleum construction at the time of construction.

(3) Care fund. (a) Any person who operates a public mausoleum shall establish a care fund as follows:

1. If the mausoleum has been in existence since June 15, 1933, and is covered by the care fund of the cemetery in which the mausoleum is located, the cemetery shall deposit at least 15% of each payment of principal received from the sale of a mausoleum space into the care fund, until the care fund equals 10% of the cost of constructing the mausoleum.

2. Except as provided in subd. 1, the operator of the mausoleum shall deposit at least 25% of each payment of principal received from the sale of a mausoleum space into the care fund, until the care fund equals 25% of the cost of constructing the mausoleum.

3. The operator shall make deposits required under subds. 1 and 2 within 30 days after the last day of the month in which the payment is received. The municipality in which the mausoleum is located may, by ordinance, require a larger fund, but only if the department notifies the municipality in writing that the department approves of the requirement. The department may promulgate rules establishing uniform standards for approvals under this subdivision.

(b) The cemetery's treasurer is the custodian of the fund. The treasurer shall file with the cemetery, at the cemetery's expense, a bond with sureties approved by the department of regulation and licensing to indemnify the cemetery against loss if the treasurer fails to maintain the fund. No indemnity is required if the terms of sale of a mausoleum space require the purchaser to pay directly to a trust company in the state, designated by the cemetery as custodian of the fund. The fund shall be invested as provided in s. 157.19. Income from investment may be used only to maintain the mausoleum, except that if the amount of income exceeds the amount necessary to properly maintain the mausoleum the excess amount may be used to maintain any portion of the cemetery.

(4) Construction of crematoriums. (a) Any person who constructs a crematorium or converts a building or other structure to a crematorium shall comply with the rules of the department and shall receive department approval in writing of the plans and specifications prior to construction or conversion. The department may promulgate rules governing the location, material and construction of any crematorium. Any municipality may enact ordinances governing crematoriums at least as stringent as this subsection.

(b) The department shall supervise construction of any crematorium and conversion of any building or other structure to a crematorium. No person may modify departmental construction or conversion requirements without written ap-

157.125 Trustees for the care of cemeteries or cemetery lots. Where a trust is created for the perpetual care of a burial place or grave but no trustee is named in the will to administer the trust, the circuit court having jurisdiction thereof may name the county treasurer of the county in which the burial place or grave is situated as such trustee. If not contrary to the terms of the trust the county treasurer may contract with the person in charge of the burial place or grave for its care and pay to such person the income from the trust property or such part of the income that may be necessary for such purpose, and if there is no person in charge of the burial place or grave then such income shall be paid to the city, village or town, in which the burial place or grave is situated, and for the purposes of this section the governing body of such municipality shall have the duty of such care to the extent of money received for such purpose. The county treasurer shall annually render an account to the circuit court as provided in ch. 701 and the person or municipality receiving money for such care shall also render an annual accounting to the circuit court showing the amount received and in detail the purposes for which expended.

157.13 Endowment care cemeteries. (1) DETERMINATION OF ENDOWMENT CARE STATUS. (a) The cemetery authority of a

cemetery or portion of a cemetery may apply to the department for a determination of whether the cemetery or portion of the cemetery qualifies as an endowment care cemetery under pars. (b) to (e). The department shall provide a written determination of whether the cemetery or portion of the cemetery meets those qualifications.

(b) The department shall promulgate rules for determining whether a cemetery or a portion of a cemetery qualifies as an endowment care cemetery. The rules shall require that, in order to qualify as an endowment care cemetery, the cemetery authority of the cemetery or portion of the cemetery must have established a care fund that meets the requirements in pars. (c) to (e).

(c) If a cemetery or portion of a cemetery has been dedicated before November 1, 1991, and, prior to the date on which an application is submitted under par. (a), not more than 80% of the cemetery or portion of the cemetery has been sold through the sale of cemetery lots and mausoleum spaces, the cemetery or portion of the cemetery does not qualify as an endowment care cemetery unless the cemetery authority has a care fund established for the cemetery or portion of the cemetery that has a balance of at least:

1. Twenty-five thousand dollars, if the cemetery or portion of the cemetery consists of 25 acres or less.
2. Sixty thousand dollars, if the cemetery or portion of the cemetery consists of more than 25 acres but not more than 50 acres.

3. One hundred thousand dollars, if the cemetery or portion of the cemetery consists of more than 50 acres but not more than 75 acres.

4. Two hundred thousand dollars, if the cemetery or portion of the cemetery consists of more than 75 acres but not more than 100 acres.

5. Two hundred thousand dollars, plus \$2,000 for each acre or portion of each acre in excess of 100 acres, if the cemetery or portion of the cemetery consists of more than 100 acres.

(d) If a cemetery or portion of a cemetery has been dedicated before November 1, 1991, and, prior to the date on which an application is submitted under par. (a), more than 80% of the cemetery or portion of the cemetery has been sold through the sale of cemetery lots and mausoleum spaces, the cemetery or portion of the cemetery does not qualify as an endowment care cemetery unless the cemetery authority has a care fund established for the cemetery or portion of the cemetery that has a balance that is greater than or equal to the sum of all of the following:

1. Twenty-five dollars for each cemetery lot or 15% of the payments of principal for each cemetery lot, whichever is less, in the cemetery or portion of the cemetery that was sold before November 1, 1991.

2. Twenty-five dollars for each mausoleum space or 25% of the payments of principal for each mausoleum space, whichever is less, in the cemetery or portion of the cemetery that was sold before November 1, 1991, but not to exceed 25% of the cost of constructing all of the mausoleums in which those mausoleum spaces are located.

3. Fifteen percent of the payments of principal for each cemetery lot in the cemetery or portion of the cemetery that is sold on or after November 1, 1991.

4. Twenty-five percent of the payments of principal for each mausoleum space in the cemetery or portion of the cemetery that is sold on or after November 1, 1991, but not to exceed 25% of the cost of constructing all of the mausoleums in which those mausoleum spaces are located.

(e) A cemetery or portion of a cemetery that is dedicated on or after November 1, 1991, does not qualify as an endowment

care cemetery unless the cemetery authority has a care fund established for the cemetery that has a balance of at least \$25,000.

(f) A cemetery authority may apply under par. (a) for a determination with respect to a portion of the cemetery only if that portion is contiguous and physically separated, by a natural or an artificial barrier, from any portion of the cemetery that is not an endowment care cemetery.

(2) **ENDOWMENT CARE STANDARDS.** After a cemetery has been determined under sub. (1) (a) to be an endowment care cemetery, the cemetery authority and any successor cemetery authority shall maintain a balance in the care fund as required under sub. (1) (c) to (e) and comply with subs. (3) to (5) and ss. 157.08 (2) (d) and 157.12 (3) with respect to that cemetery or portion of the cemetery.

(3) **USE OF INCOME FROM CARE FUNDS.** The income from a care fund of an endowment care cemetery shall be used to maintain the endowment care cemetery. If the amount of income exceeds the amount necessary to properly maintain the endowment care cemetery, the excess amount may be used to maintain any portion of the cemetery that is not an endowment care cemetery.

(4) **PROHIBITED PRACTICE.** No cemetery authority of an endowment care cemetery may sell a cemetery lot or mausoleum space that is intended to be used for the burial of the human remains of the purchaser or the purchaser's family members unless the endowment care cemetery complies with subs. (2) and (3).

(5) **GIFTS.** The cemetery authority of an endowment care cemetery may accept property given to the endowment care cemetery in trust and may, unless contrary to the terms of the transfer, use the principal or income for the maintenance or improvement of the endowment care cemetery, or of any structure located in the endowment care cemetery that is used exclusively for cemetery purposes.

(6) **LOSS OF ENDOWMENT CARE STATUS.** (a) The department shall determine whether a cemetery or portion of a cemetery that qualified as an endowment care cemetery under sub. (1) (a) continues to qualify if the annual report filed under s. 157.62 (2) (a) or an audit under s. 157.62 (6) indicates that the cemetery authority is not in compliance with this section. The department shall provide written notice to the cemetery authority that the cemetery or portion of the cemetery may lose its endowment care status at least 90 days before making the determination.

(b) Notwithstanding the requirements in sub. (1) (c) to (e), the department may determine that the cemetery or portion of the cemetery continues to qualify as an endowment care cemetery if the department determines that sufficient funds exist to provide for the care of the cemetery lots and mausoleum spaces located in the cemetery.

(c) The department shall promulgate rules establishing procedures and standards for making determinations under this subsection.

(c) Upon request of the financial institution, the preneed seller, as defined in s. 440.90 (8), shall furnish the financial institution with a copy of the preneed sales contract. Except as provided in s. 440.92 (2) (c), (f) and (j) and (5), preneed trust funds, and any interest or dividends that have accumulated on the preneed trust funds, may not be withdrawn until all obligations under the preneed sales contract have been fulfilled. The financial institution is not responsible for the fulfillment of any part of the preneed sales contract, except that the financial institution shall release the preneed trust funds, and any interest or dividends that have accumulated on the preneed trust funds, as provided by the terms of the preneed sales contract. The trustee of a preneed trust fund may not be changed without the department's written approval. If the trustee or account number of a preneed trust fund is changed, the cemetery authority shall notify the department in writing within 30 days after the change.

(d) The department shall promulgate rules establishing reasonable requirements and standards for the approval of changes under pars. (b) and (c). For approval of changes under par. (b), the rules shall require the cemetery authority to submit evidence that the rights and interests of the beneficiary of the care fund will be adequately protected if the change is approved. For approval of changes under par. (c), the rules shall require the trustee to submit evidence that the rights and interests of the purchaser under the preneed sales contract will be adequately protected if the change is approved.

(4) The department may promulgate rules allowing funds invested under this section to be deposited with a financial institution located outside this state.

(5) This section does not apply to care funds under s. 157.11 (9) (b) that are deposited with a city or county as provided under s. 157.11 (9) (b), to care funds of a cemetery for which a certification under s. 157.63 is effective or to preneed trust funds of a cemetery for which a certification under s. 440.92 (9) is effective.
