SUBCHAPTER II

FARMLAND PRESERVATION AGREEMENTS

91.11 Eligibility. (1) An owner may apply for a farmland preservation agreement under this subchapter if:

(a) The county in which the land is located has a certified agricultural preservation plan in effect; or

(b) The land is in an area zoned for exclusive agricultural use under an ordinance certified under subch. V.

(2) An owner of land located in a county with a population density of less than 100 persons per square mile which has adopted a certified exclusive agricultural use zoning ordinance may apply under this subchapter even if the town in which the land is located has not approved the ordinance.

(3) In any county with a population density of 100 or more persons per square mile, an owner may apply for a farmland preservation agreement under this subchapter only if the county in which the land is located has a certified exclusive agricultural use zoning ordinance under subch. V and the town in which the land is located has approved the ordinance.

(3m) Notwithstanding sub. (3), in any county with a population density of 100 or more persons per square mile, an owner may apply for a farmland preservation agreement under this subchapter from July 1, 1988, to June 30, 1991. Any owner who signed an agreement which was applied for under this subsection is eligible to apply for another agreement prior to the expiration of that agreement.

(4) In any city, town or village that has adopted a certified exclusive agricultural use zoning ordinance under subch. V, or in any town that has approved a certified exclusive agricultural use zoning ordinance adopted by the county under subch. V, an owner may apply for a farmland preservation agreement only if the land is in an area zoned for exclusive agricultural use.

History: 1977 c. 29; 1979 c. 34; 1987 a. 399.

91.13 Farmland preservation agreements. (1) Any owner of eligible farmlands who desires to have the lands covered

by a farmland preservation agreement may apply to the county clerk by executing a form provided by the department. If an application is received by the county clerk on or after May 14, 1992, and it is not signed by all persons holding a recorded mortgage on the land to be covered by the agreement, the application is void and may not be processed by the county clerk. The application shall include a land survey or legal description of all eligible farmland to be covered under the agreement, a map showing significant natural features and all structures and physical improvements on the lands or an aerial photograph of all land which is an integral part of the owner's farming operation which is marked to indicate the farmland and structures to be covered by the agreement, the soil classification of the lands and such other data as the department deems reasonably necessary to determine the eligibility of the lands for coverage under the agreement.

(2) Upon receipt of the application, the county clerk shall forward the application to the local governing body having jurisdiction, if not the county, and shall send written notification to the department, county planning and zoning agency, the regional planning commission and the county land conservation committee. If the county has jurisdiction, the clerk shall also notify the board of the town in which the land is situated. If the land is within the boundaries of an incorporated municipality or is subject to an extraterritorial zoning ordinance adopted by a municipality under s. 62.23 (7a), the clerk shall send written notification to the governing body of the city or village.

(3) An agency or local governing body receiving written notice shall upon receipt of notification have 30 days to review, comment and make recommendations to the local governing body having jurisdiction.

(4) After considering the comments and recommendations of the reviewing agencies and local governing bodies, the local governing body having jurisdiction shall approve or reject the application within 120 days after the application is received unless time is extended by mutual agreement of the parties involved. The local governing body's approval or rejection of the application shall be based upon and consistent with the following:

(a) Whether the farmland is designated an agricultural preservation area in a certified agricultural preservation plan established under subch. IV or is an area zoned for exclusive agricultural use under an ordinance certified under subch. V.

(b) The productivity and viability of the land for agricultural use.

(c) The predominance of agricultural use on the land.

(d) The inclusion of all contiguous lands which are in single ownership.

(e) Whether the property is eligible farmland.

(f) Consistency with the county agricultural preservation plan.

(g) Other criteria established by the local governing body consistent with the agricultural preservation purposes of this chapter.

(5) The clerk of the local governing body having jurisdiction shall forward a copy of all approved applications for farmland preservation agreements, along with the comments and recommendations of the reviewing bodies, to the department. If action is not taken by the local governing body within the time prescribed or agreed upon, the applicant may proceed as provided in sub. (7) as if the application was rejected.

(6) The department may reject an application for a farmland preservation agreement which has been approved by a local governing body only if the land is not eligible farmland.

(7) If the application for a farmland preservation agreement is rejected by the local governing body or the department, the application shall be returned to the applicant with a written statement regarding the reasons for rejection. Within 30 days after receipt of the rejected application, the applicant may appeal the rejection to the board. The board shall, within 60 days after the appeal has been received, upon consideration of the factors listed in sub. (4) (a) to (g), approve or reject the application.

(8) If an application is approved by the department or, on appeal, by the board, the department shall prepare and send to the applicant a farmland preservation agreement which shall include the following provisions:

(a) Except as provided under s. 91.75 (2), no structure may be built on the land except for use consistent with agricultural use or with the approval of the local governing body having jurisdiction and the department.

(b) Land improvements shall not be made except for use consistent with agricultural use or with the approval of the local governing body having jurisdiction and the department.

(c) A structure or improvement made as an incident to a scenic, access or utility easement or license, a lease for oil and natural gas exploration and extraction, and an easement granted for the purpose of using land as, or land used as, part of the ice age trail under ss. 23.17 and 23.293 and structures and improvements made as an incident to that use or those easements, is consistent with agricultural use under pars. (a) and (b).

(d) Farming operations shall be conducted in substantial accordance with a soil and water conservation plan prepared under s. 92.104. This paragraph applies to any farmland preservation agreement applied for prior to July 1, 1986.

(e) The state agrees to pay, with respect to each year the agreement is in effect, the greater of the credits claimable under subch. IX of ch. 71, as such statute exists on the date the agreement takes effect, or the credits claimable under subch. IX of ch. 71, as such statute exists at the end of the year for which a claim for credit is filed, if all the requirements of subch. IX of ch. 71 are satisfied.

(f) The department shall not require the owner to permit public access onto the land.

(fm) A statement in boldface uppercase type that contains the following language: “UPON RELINQUISHMENT (WITHDRAWAL OR EXPIRATION) OF THIS AGREEMENT, A PAY-BACK OF CREDITS WITH INTEREST MAY BE REQUIRED.”

(g) Any other condition and restriction on the land as agreed to by the parties that is deemed necessary to preserve the land for agricultural use if it is not in conflict with the county agricultural preservation plan.

(9) If the owner executes the farmland preservation agreement, the owner shall return it to the department for execution on behalf of the state. An agreement shall become effective on the date it is delivered or mailed to the department for execution. The department shall within 30 days of receipt record the executed agreement with the register of deeds of the county in which the land is situated and notify the applicant, the local governing body having jurisdiction, all reviewing agencies and the department of revenue.

(10) Agreements under this subchapter shall be for not less than 10 years nor more than 25 years. An owner of eligible farmland which is subject to an agreement with a term of less than 25 years may extend the term of the agreement to 25 years with the approval of the department and of the local governing body having jurisdiction in which the eligible farmland is located.

(11) An applicant may reapply for a farmland preservation agreement following a one-year waiting period from notice of final determination of the original application by the local governing body having jurisdiction, the department, the board or a court on appeal.

(12) The value of the jointly owned development rights as expressed in a farmland preservation agreement shall not be exempt from general property taxation and shall be assessed to the owner of the land as part of the value of the land.

(13) The department may waive its approval authority under sub. (8) (a) or (b) for structures or improvements affecting less than 5 acres of land.

History: 1977 c. 29, 169, 418, 447; 1979 c. 233 s. 8; 1981 c. 346 ss. 33, 38; 1983 a. 311; 1985 a. 29; 1987 a. 312 s. 17; 1987 a. 399; 1989 a. 56; 1991 a. 39, 286.

91.14 Transition area agreements. An owner may apply for a transition area agreement under this subchapter if the farmland is located in an area identified as a transition area under a certified county agricultural preservation plan under subch. IV. The provisions of this subchapter, except ss. 91.11 (1) (b) and (4), 91.13 (4) (a) and (10) and 91.15, apply to agreements under this section. Agreements under this section shall be for not less than 5 nor more than 20 years, consistent with the county agricultural preservation plan.

History: 1977 c. 29.

91.15 Exemption from special assessments. A city, village, town, county or other governmental agency may not impose special assessments for sanitary sewers, water, lights or nonfarm drainage on land zoned for exclusively agricultural use under subch. V or for which a farmland preservation agreement under this subchapter has been recorded unless the assessments were imposed prior to the recording of the agreement or prior to zoning of the land for exclusively agricultural use under subch. V. Land covered by this exemption shall be denied use of an improvement created by the special assessment as long as the owner of the land has a recorded agreement under this subchapter or the land is zoned for exclusively agricultural use under subch. V, unless the owner has paid the amount that would have been paid had the land not been excluded.

History: 1977 c. 29, 418; 1983 a. 311.

91.17 Change of ownership. (1) Land subject to a farmland preservation agreement may be sold without a lien being filed under s. 91.19, subject to the reservation of rights contained in the agreement. The seller shall notify the department of any such transfer. The purchaser shall be liable under any subsequent lien under s. 91.19 only for the amount of tax credits paid on that portion of the land purchased.

(2) When the owner of land subject to a farmland preservation agreement dies or is certified by a physician to be totally and permanently disabled, the land may be released from the program under this chapter and shall not be subject to a lien under s. 91.19 (8).

(3) A residence or structure located on a parcel of 5 acres or less which is subject to an agreement and which, for purposes of farm consolidation and in compliance with the ordinances of the city, village or town and county in which it is located, is separated from other land subject to that agreement is not subject to a lien under s. 91.19 when that agreement expires if the residence or structure existed prior to the effective date of that agreement.

History: 1977 c. 29, 169; 1987 a. 399; 1993 a. 16.

91.19 Relinquishment of agreements. (1) A farmland preservation agreement shall be relinquished by the department on behalf of the state at the expiration of the term of the agreement.

(1m) Upon request, a farmland preservation agreement shall be relinquished by the department on behalf of the state when the owner of land subject to the agreement dies or is certified by a physician to be totally and permanently disabled.

(2) The department may relinquish the farmland preservation agreement or may release part of the land from a farmland preservation agreement prior to the termination date contained in the instrument as follows:

(a) The owner of the land may submit an application, on forms prescribed by the department, to the local governing body having jurisdiction requesting that the agreement be relinquished or that part of the land be released from the agreement. Upon receipt of the application, the clerk of the local governing body shall send

written notification thereof to the persons specified under s. 91.13 (2), and such persons shall have 30 days from receipt of notification to review, comment and make recommendations to the local governing body having jurisdiction.

(b) After considering the comments and recommendations of the reviewing agencies and holding a public hearing, following the publication in the county of a class 2 notice, under ch. 985, the local governing body having jurisdiction shall approve or reject the application within 120 days after it is filed, unless the time is extended by mutual agreement of the parties involved. The local governing body having jurisdiction shall not approve an application for relinquishment or release under this subsection unless it finds one or more of the following:

1. That relinquishment or release will allow the owner to resolve foreclosure or bankruptcy proceedings by a voluntary settlement with a mortgagee or a creditor.

2. That significant natural physical changes in the land have occurred that are generally irreversible and permanently affect the land.

3. That surrounding conditions prohibit agricultural use.

4. Subject to par. (c), that relinquishment or release will allow the owner to develop the land to assist local economic development.

5. Subject to par. (c), that relinquishment or release will allow for the transfer of the land and subsequent agriculturally related, utility, religious or institutional uses that are consistent with agricultural use and that are found to be necessary in light of the alternative locations available for such uses.

(c) 1. The local governing body having jurisdiction may not approve an application for relinquishment or release under par. (b) 4. or 5. unless it finds that all of the following conditions exist:

a. Adequate public facilities to serve the proposed development or use exist or will be provided as part of the development.

b. The land is suitable for the proposed development or use.

c. The proposed development or use will not cause air pollution, water pollution or soil erosion that exceeds applicable state or local standards, adversely affect rare or irreplaceable natural areas or otherwise harm the environment.

d. The proposed development or use is consistent with remaining agricultural uses in the area.

e. The proposed development or use is consistent with the county's certified agricultural preservation plan, if a plan is in effect.

f. The proposed development is not for residential use.

g. The proposed development or use is consistent with local economic development plans.

h. There is no alternative location for the proposed development or use that is suitable.

2. As part of its review of an application for relinquishment or release under par. (b) 4. or 5., the local governing body having jurisdiction shall also consider all of the following factors:

b. The agricultural productivity of the land involved.

c. Whether the proposed development or use minimizes the amount of agricultural land converted to nonagricultural uses.

d. The economic costs and benefits of the proposed development or use to the local economy compared to the costs and benefits of the land for agricultural use.

e. The costs of providing public facilities to the proposed development or use, and the ability of affected local units of government to provide them.

(3) If the request for relinquishment of the farmland preservation agreement or release of part of the land from the agreement is approved by the local governing body having jurisdiction, a copy of the application, along with the comments and recommendations of the reviewing agencies, shall be forwarded to the board. The board shall, within 60 days, upon consideration of the factors in sub. (2) (b) and (c) 2., approve or reject the application for relinquishment or release.

If the board approves the application it shall notify the local governing body having jurisdiction and the department of revenue, prepare an instrument under sub. (7) and record it with the register of deeds of the county in which the land is located.

(4) If action is not taken by the local governing body having jurisdiction within the time period prescribed or agreed upon, the applicant may proceed as provided in sub. (5) as if the application was rejected.

(5) If the application for relinquishment of the agreement or release of part of the land from the agreement is rejected by the local governing body having jurisdiction, the application shall be returned to the applicant with a written statement regarding the reasons for rejection. Within 30 days after receipt of the rejected application, the applicant may appeal the rejection to the board. The board shall, within 60 days after the appeal has been received, upon consideration of the factors listed in sub. (2) (b) and (c) 2., approve or reject the request for relinquishment or release. If the board approves the application it shall notify the local governing body having jurisdiction and the department of revenue, prepare an instrument under sub. (7) and record it with the register of deeds of the county in which the land is located.

(6) The department shall release from a farmland preservation agreement any land acquired for use as an electric generating facility authorized under s. 196.491 (3), or which involves acquisition of the fee by a utility or a cooperative organized under ch. 185 for purposes of generating electricity or other utility uses.

(6m) The department shall release from a farmland preservation agreement any lands acquired by the state or the federal government for public improvements or structures, including highway improvements.

(6p) The department shall release from a farmland preservation agreement any land subject to a farmland preservation agreement if the owner of the land has, before December 31, 1988, obtained state, county, city, village and town licenses, permits or approvals, other than those required under this chapter, to develop the land as a concert park.

(6s) (a) The department may release from a farmland preservation agreement any land acquired or to be acquired by a local unit of government, as defined in s. 106.215 (1) (e), for public improvements or structures, including highway improvements, if all of the following occur:

1. An application for release of the land, made by either the owner or the local unit of government, is approved by the local governing body having jurisdiction and the board under the procedures of subs. (2) to (5).

2. The department finds that the conditions listed in sub. (2) (c) 1. exist.

3. The department considers the factors listed in sub. (2) (c) 2.

(b) If an owner of land subject to a farmland preservation agreement opposes an application brought by a local unit of government for release of that land, the owner may appeal the approval of that application by the local governing body having jurisdiction to the board according to the procedures in par. (c).

(c) If the application for release of any land from the agreement is approved by the local governing body having jurisdiction, the application shall be returned to the applicant, and a copy of the application to the owner, with a written statement regarding the reasons for approval. Within 30 days after receipt of a copy of the approved application, the owner may appeal the approval to the board. The board shall, within 60 days after the appeal has been received, upon consideration of the factors listed in sub. (2) (b) and (c) 2., approve or reject the request to disapprove the release. If the board approves the owner's appeal it shall notify the local governing body having jurisdiction.

(d) The board may waive its approval authority under this subsection for applications affecting less than 5 acres of land.

(6t) The department shall relinquish from a farmland preservation agreement land that has been subject to a farmland preservation agreement for at least 10 years if the owner of the land so requests.

(7) Whenever a farmland preservation agreement is relinquished under sub. (2) or (6t) or all or part of the land is released from a farmland preservation agreement under sub. (2) or (6p) or a transition area agreement is relinquished under sub. (2) or, subject to subs. (12) and (13), a transition area agreement is relinquished under sub. (1) or (1m), the department shall cause to be prepared and recorded a lien against the property formerly subject to the agreement for the total amount of all credits received by all owners of such lands under subch. IX of ch. 71 during the last 10 years that the land was eligible for such credit, plus interest at the rate of 9.3% per year compounded annually on the credits received from the time the credits were received until the lien is paid for farmland preservation agreements relinquished under sub. (6t) and 6% per year compounded annually on the credits received from the time the credits were received until the lien is paid for other agreements. No interest shall be compounded for any period during which the farmland is subject to a subsequent farmland preservation agreement or transition area agreement or is zoned for exclusive agricultural use under an ordinance certified under subch. V.

(8) Subject to subs. (12) and (13), upon the relinquishment of a farmland preservation agreement under sub. (1) or (1m), the department shall cause to be prepared and recorded a lien against the property formerly subject to the farmland preservation agreement for the total amount of the credits received by all owners thereof under subch. IX of ch. 71 during the last 10 years that the land was eligible for such credit, plus 6% interest per year compounded from the time of relinquishment. No interest shall be compounded for any period during which the farmland is subject to a subsequent farmland preservation agreement or transition area agreement or is zoned for exclusive agricultural use under an ordinance certified under subch. V.

(9) A lien recorded under this section shall be effective upon recording and shall be subordinate to a lien of mortgage which is recorded prior to the recording of the lien under this section.

(10) The lien may be paid and discharged at any time and shall become payable to the state by the owner of record at the time the land or any portion of it is sold by the owner of record to any person except the owner's child or if the land is converted to a use prohibited by the former farmland preservation agreement. Upon reentry in an agreement under this subchapter or upon zoning for exclusively agricultural use under an ordinance certified under subch. V, the portion of the lien on the land reentered or so zoned shall be discharged. The discharge of a lien does not affect the calculation of any subsequent lien under sub. (7) or (8). The proceeds from the payment shall be paid into the general fund.

(12) No lien may be filed under sub. (7) or (8), on the date of relinquishment, release or termination, for tax credits paid on lands or any portion of them which are zoned for exclusively agricultural use under an ordinance certified under subch. V.

(13) No lien may be filed under sub. (7) or (8) for any amount of tax credits paid under subch. IX of ch. 71 to any owner of farmland if, up to the date of relinquishment under sub. (1) or (1m) of the applicable farmland preservation agreement or transition area agreement, all of the requirements under this subchapter that relate to the agreement have been satisfied by the owner.

91.21 Penalty for use change. (1) If the owner or a successor in title of the land upon which a farmland preservation agreement has been recorded under this chapter changes the use of the land to a prohibited use without first acting under ss. 91.17 and 91.19 and the land is not relinquished under s. 91.19 (6p) or (6t), the owner or successor in title may be enjoined by the state, acting through the attorney general, or by the local governing body hav-

ing jurisdiction, acting through its attorney, and is subject to a civil penalty for actual damages, but in no case to exceed double the value of the land as established at the time the application for the agreement was approved.

(3) If the owner or a successor in title of the land upon which a farmland preservation agreement has been recorded under this chapter fails to comply with s. 91.13 (8) (d) or (dm), such person shall be given one year to restore compliance before the remedies of sub. (1) shall be applicable.

INITIAL AGREEMENTS

91.31 Eligibility. Prior to October 1, 1982, an owner may apply for an initial farmland preservation agreement under this subchapter if the county in which the land is located does not have a certified agricultural preservation plan in effect and if the eligible farmland is not in an area zoned for exclusive agricultural use under an ordinance certified under subch. V. Subchapter II applies to such farmland preservation agreements except as specifically provided in this subchapter. No agreements shall be made under this subchapter after September 30, 1982.

History: 1977 c. 29.

91.33 Applications. An application under this subchapter need not include the soil classification of the lands involved.

History: 1977 c. 29.

91.35 Agreement provisions. (1) Farmland preservation agreements under this subchapter shall require that a county land conservation committee conservation plan be either under development or in effect.

(2) Except as provided in s. 91.39, farmland preservation agreements under this subchapter shall expire on September 30, 1982.

History: 1977 c. 29, 169; 1981 c. 346 s. 38.

91.37 Liens. (1) If the owner withdraws during the term of an agreement under this subchapter, the lien shall apply to the amount of all credit under subch. IX of ch. 71 received for the period the land was subject to the agreement plus 6% interest per year compounded annually from the time the credit was received until it is paid.

(2) If at the end of an agreement under this subchapter, the owner does not apply for a renewal under s. 91.39 or an agreement under subch. II, the lien shall apply, without interest, to the credit received under subch. IX of ch. 71 for the last 2 years the land was eligible for such credit if the land is not subject to a certified exclusive agricultural use zoning ordinance under subch. V and either the county in which the land is located has not adopted a certified agricultural preservation plan, or, if such a plan is adopted, the farmland would not be eligible for an agreement under the terms of the plan.

(3) If at the end of an agreement under this subchapter, the owner does not apply for a renewal under s. 91.39 or an agreement under subch. II, although the land is eligible for an agreement under subch. II and is not subject to a certified exclusive agricultural use zoning ordinance under subch. V, the lien shall apply to all credit received during the period the land was subject to an agreement under this subchapter, plus 6% interest per year compounded from the time of expiration.

(4) If at the end of an agreement under this subchapter, the farmland is not eligible for an agreement under subch. II because s. 91.11 (2), (3) or (4) is applicable, the lien shall apply, without interest, to the credit received under subch. IX of ch. 71 for the last 2 years the land was eligible for such credit. If after the expiration of an agreement the land or any portion of the land is zoned for exclusive agricultural use under an ordinance certified under subch. V, all or any portion of a lien filed under this subsection against such land shall be discharged. The discharge of a lien under this subsection does not affect the calculation of any subsequent lien under s. 91.77 (2).

(5) If at the end of an agreement under this subchapter, the owner does not apply for a renewal under s. 91.39 or an agreement under subch. II and only a portion of the land subject to the agreement is eligible for an agreement under subch. II, the lien shall be calculated under sub. (2) or (4) on that part of the land which is ineligible and under sub. (3) on that part which is eligible.

(6) No lien may be filed, on the date of the relinquishment or termination of an agreement or of the release of land from an agreement under this subchapter, for tax credits paid on lands or any portion thereof which are zoned for exclusively agricultural use under an ordinance certified under subch. V.

91.39 Renewal. Such agreements may be renewed for a single one-year period only if an agricultural preservation plan is adopted by the county in which the farmland is located and the farmland is eligible for an agreement under subch. II under such plan.

History: 1977 c. 29.

91.41 Conversion. Any person subject to a farmland preservation agreement under this subchapter may apply under subch. II whenever the county in which the land is located adopts a certified agricultural preservation plan under subch. IV or whenever the farmland becomes subject to a certified exclusive agricultural use zoning ordinance under subch. V. In such case, the farmland preservation agreement under this chapter shall be relinquished under s. 91.19 without a lien being filed.

(a) Existing or planned activities adjacent to the identified agricultural area are incompatible with agricultural use.

(b) The area is not economically viable for agricultural use.

(c) Substantial urban growth in the area or planned urban expansion has created a public need to convert agricultural land use to other uses.

SUBCHAPTER V

EXCLUSIVE AGRICULTURAL ZONING

91.71 Purpose. The purpose of this subchapter is to specify the minimum requirements for zoning ordinances designating certain lands for exclusively agricultural use, allowing the owners of such lands to claim the farmland preservation credit permitted under subch. IX of ch. 71.

History: 1977 c. 29, 418; 1987 a. 312 s. 17.

91.73 Procedures. (1) Except as otherwise provided, exclusive agricultural zoning ordinances shall be adopted and administered in accordance with ss. 59.69, 59.692, 59.693 and 59.694, 61.35 or 62.23 or subch. VIII of ch. 60.

Notwithstanding s. 59.69 (5) (c), the procedure established in this subsection shall be the only procedure by which a town in such a county may reject the application of a county exclusive agricultural use zoning ordinance in that town.

(4) Amendments to the texts of existing county zoning ordinances to bring the ordinances into compliance with this chapter, which are adopted by the county board, shall be effective in any town which does not file a certified copy of a resolution disapproving of the amendment pursuant to s. 59.69 (5) (e) 3. or 6. 91.75 Ordinance standards. A zoning ordinance shall be deemed an “exclusive agricultural use ordinance” if it includes those jurisdictional, organizational or enforcement provisions necessary for its proper administration, if the land in exclusive agricultural use districts is limited to agricultural use and is identified as an agricultural preservation area under any agricultural preservation plans adopted under subch. IV and if the regulations on the use of agricultural lands in such districts meet the following standards which, except for sub. (4), are minimum standards:

(1) Except as provided under subs. (2) and (6), the minimum parcel size to establish a residence or a farm operation is 35 acres.

(2) (a) In this subsection:

2. “Owner”, as defined in s. 91.01 (9), also includes a partner in a partnership, a member in a limited liability company and a shareholder in a corporation.

3. “Preexisting residence” means a residence whose initial construction begins before May 14, 1992.

(b) Except as provided in par. (c), the only residences, whether preexisting residences or not, that are allowed as permitted or conditional uses are those that have a use consistent with agricultural use and that are occupied by any of the following:

1. An owner of the parcel.

2. A person who, or a family at least one adult member of which, earns the majority of his or her gross income from conducting the farm operations on the parcel.

The department shall be notified of the approval of any special exceptions and conditional uses in areas zoned for exclusive agricultural use.

(6) For purposes of farm consolidation and if permitted by local regulation, farm residences or structures which existed prior to the adoption of the ordinance may be separated from a larger farm parcel. (b) Nonmetallic mineral extraction, including clay and gravel extraction, may be permitted as a special exception or conditional use under sub. (5) if it is subject to a locally approved reclamation plan that is submitted by the mine operator or person proposing to perform the nonmetallic mineral extraction to the local governing

(c) The land proposed for rezoning is suitable for development and development will not result in undue water or air pollution, cause unreasonable soil erosion or have an unreasonably adverse effect on rare or irreplaceable natural areas.

(2) Land which is rezoned under this section shall be subject to the lien provided under s. 91.19 (8) to (10) for the amount of tax credits paid on the land rezoned. If the rezoning occurs solely as a result of action initiated by a governmental unit, any lien required under s. 91.19 (8) to (10) shall be paid by the governmental unit initiating the action.
