SUBCHAPTER I

GENERAL PROVISIONS

5.01 Scope. (1) CONSTRUCTION OF CHS. 5 TO 12. Except as otherwise provided, chs. 5 to 12 shall be construed to give effect to the will of the electors, if that can be ascertained from the proceedings, notwithstanding informality or failure to fully comply with some of their provisions.

(2) GENERAL PROVISIONS OF ELECTION LAWS APPLY. The general provisions of chs. 5 to 12 apply to all elections.

(3) PLURALITY SHALL ELECT. (a) Except as provided in par. (b), in every election to choose any officer, each elector has one vote for each office unless clearly indicated otherwise. The person receiving the greatest number of legal votes for the office shall be declared elected, and the canvassers shall so determine and certify.

(b) In an election to fill a nonpartisan state office, if no names are certified to appear on the ballot, no person may be declared elected.

(4) TIE VOTE. (a) If 2 or more candidates for the same office receive the greatest, but an equal number of votes, the winner shall be chosen by lot in the presence of the board of canvassers charged with the responsibility to determine the election, or in the case of an election for state or national office or metropolitan sewerage commissioner, if the commissioner is elected under s. 200.09 (11) (am), in the presence of the chairperson of the board or the chairperson's designee.

(b) If, in a primary, 2 or more candidates receive an equal but not the greatest number of votes so that only one of those candidates with equal votes may advance to the final election, the choice shall similarly be made by drawing lots.

(c) The candidates may, if all those tied for the same office are present, draw for themselves. Upon refusal or absence of any of

the candidates, the board of canvassers shall appoint a competent person to draw, and upon the results declare and certify the winner.

(d) If a question is submitted to the electors and an equal number of votes are cast for and against adoption, the question fails adoption.

(5) ELECTION OF GOVERNOR AND LIEUTENANT GOVERNOR. (a) In every general election to choose the governor and the lieutenant governor, each elector shall have a single vote applicable to both offices. The persons receiving the greatest number of legal votes cast jointly for them for governor and lieutenant governor shall be declared elected, and the canvassers shall so determine and certify.

(b) In case 2 or more slates have an equal and the highest number of votes for governor and lieutenant governor, the 2 houses of the legislature shall at the next annual session choose by joint ballot one of the slates so having an equal and the highest number of votes for governor and lieutenant governor.

The supreme court has consistently construed election statutes as being directory, in keeping with sub. (1) directive that election laws shall be construed to give effect to the will of the electors. *Lanser v. Koconis*, 62 Wis. 2d 86, 214 N.W.2d 425 (1974).

When 40% of registered voters were denied ballots in an election to remove a county seat, the election was set aside even though the outcome probably was not affected. *McNally v. Tollander*, 100 Wis. 2d 490, 302 N.W.2d 440 (1981).

Sub. (1) applies only after an election has been held and the will of the people manifested. *City of Chippewa Falls v. Town Of Hallie*, 231 Wis. 2d 85, 604 N.W.2d 300 (Ct. App. 1999).

Only substantial violations of the election law should operate to vacate an election. *Carlson v. Oconto County Board of Canvassers*, 2001 WI App 20, 240 Wis. 2d 438, 623 N.W.2d 195.

(b) In any case in which the board refers information relating to an apparent violation of this section, the district attorney, attorney general, or any special counsel appointed under s. 14.11 (2) shall respond by report to the board with respect to any action taken regarding such apparent violation. The report shall be transmitted no later than 40 days after the date of the referral. If the matter is not disposed of during such period, the board shall receive a further report at the close of every 30-day period until the time of final disposition.

No person acting in good faith upon a formal opinion issued to the person by the board shall be subject to civil or criminal prosecution for so acting, if the material facts are as stated in the opinion request. Nothing in this subsection requires the issuance of an opinion by the board, nor precludes it from issuing an opinion or ruling in any other manner.

(7) ADMINISTRATIVE MEETINGS AND CONFERENCES. The board shall conduct regular information and training meetings at various locations in the state for county and municipal clerks and other election officials. Administrative meetings shall be designed to explain the election laws and the forms and rules of the board, to promote uniform procedures and to assure that clerks and other officials are made aware of the integrity and importance of the vote of each citizen. The board may conduct conferences relating to election laws, practice and procedure. The board may charge

persons attending the administrative meetings and conferences for its costs incurred in conducting the meetings and conferences at a rate not exceeding the per capita cost incurred by the board.

Notice to the district attorney, attorney general, or governor is not a prerequisite to a civil forfeiture under sub. (1) (c); notice pursuant to sub. (3) is required only as specified by s. 11.60 (4) or 11.61 (2). *State Elections Board v. Hales*, 149 Wis. 2d 306, 440 N.W.2d 579 (Ct. App. 1989).

A party being investigated by the board is not entitled under sub. (1) (b) to attend and participate in all depositions conducted by the board. Notice to the party being investigated under sub. (1) (b) is limited to the board's exercise of its subpoena power and does not relate in any way to the conduct of depositions the board may wish to take. *State ex rel. Block v. Circuit Court for Dane County*, 2000 WI App 72, 234 Wis. 2d 183, 610 N.W.2d 213.

5.06 Compliance review; appeal. (1) Whenever any elector of a jurisdiction or district served by an election official believes that a decision or action of the official or the failure of the official to act with respect to any matter concerning nominations, qualifications of candidates, voting qualifications, including residence, ward division and numbering, recall, ballot preparation, election administration or conduct of elections is contrary to law, or the official has abused the discretion vested in him or her by law with respect to any such matter, the elector may file a written sworn complaint with the board requesting that the official be required to conform his or her conduct to the law, be restrained from taking any action inconsistent with the law or be required to correct any action or decision inconsistent with the law or any abuse of the discretion vested in him or her by law. The complaint shall set forth such facts as are within the knowledge of the complainant to show probable cause to believe that a violation of law or abuse of discretion has occurred or will occur. The complaint may be accompanied by relevant supporting documents. The board may conduct a hearing on the matter in the manner prescribed for treatment of contested cases under ch. 227 if it believes such action to be appropriate.

(2) No person who is authorized to file a complaint under sub. (1), other than the attorney general or a district attorney, may commence an action or proceeding to test the validity of any decision, action or failure to act on the part of any election official with respect to any matter specified in sub. (1) without first filing a complaint under sub. (1), nor prior to disposition of the complaint by the board. A complaint is deemed disposed of if the board fails to transmit an acknowledgment of receipt of the complaint within 5 business days from the date of its receipt or if the board concludes its investigation without a formal decision.

(3) A complaint under this section shall be filed promptly so as not to prejudice the rights of any other party. In no case may a complaint relating to nominations, qualifications of candidates or ballot preparation be filed later than 10 days after the complainant knew or should have known that a violation of law or abuse of discretion occurred or was proposed to occur.

(4) The board may, on its own motion, investigate and determine whether any election official, with respect to any matter concerning nominations, qualifications of candidates, voting qualifications, including residence, ward division and numbering, recall, ballot preparation, election administration or conduct of elections, has failed to comply with the law or abused the discretion vested in him or her by law or proposes to do so.

(5) Upon receipt of a complaint under sub. (1), or upon its own motion, the board may order any election official to immediately transfer to its possession any original documents in the custody of the official which the board finds to be necessary and relevant to

permit review of compliance with the laws concerning nominations, qualifications of candidates, ward division and numbering, recall or ballot preparation or the proper administration of such laws.

(6) The board may, after such investigation as it deems appropriate, summarily decide the matter before it and, by order, require any election official to conform his or her conduct to the law, restrain an official from taking any action inconsistent with the law or require an official to correct any action or decision inconsistent with the law. The board shall immediately transmit a copy of the order to the official. An order issued under this subsection is effective immediately or at such later time as may be specified in the order.

(7) The board may withdraw, modify or correct an order issued under sub. (6) within a timely period if it finds such action to be appropriate.

(8) Any election official or complainant who is aggrieved by an order issued under sub. (6) may appeal the decision of the board to circuit court for the county where the official conducts business or the complainant resides no later than 30 days after issuance of the order. Pendency of an appeal does not stay the effect of an order unless the court so orders.

(9) The court may not conduct a de novo proceeding with respect to any findings of fact or factual matters upon which the board has made a determination, or could have made a determination if the parties had properly presented the disputed matters to the board for its consideration. The court shall summarily hear and determine all contested issues of law and shall affirm, reverse or modify the determination of the board, according due weight to the experience, technical competence and specialized knowledge of the board, pursuant to the applicable standards for review of agency decisions under s. 227.57.

(10) This section does not apply to matters arising in connection with a recount under s. 9.01.

The petition shall be filed with the district attorney of the county where the violation or proposed action inconsistent with this chapter occurs or is proposed to occur. The district attorney may then commence the action or dismiss the petition. If the district attorney declines to act upon the petition or if the district attorney fails to act upon the petition within 15 days of the date of filing, the petitioner may file the same petition with the attorney general, who may then commence the action.

This section does not apply to certificates of election.

History: 1977 c. 427; 1985 a. 304.

5.10 Presidential electors. Although the names of the electors do not appear on the ballot and no reference is made to them, a vote for the president and vice president named on the ballot is a vote for the electors of the candidates for whom an elector’s vote is cast. Under chs. 5 to 12, all references to the presidential election, the casting of votes and the canvassing of votes for president, or for president and vice president, mean votes for them through their pledged presidential electors.

5.15 Division of municipalities into wards. (1) (a) Every city, village and town in this state shall by its common council or village or town board, respectively, be divided into wards as provided in this section, except as authorized in sub. (2). The boundaries of the wards established under this section, and the number assigned to each ward, are intended to be as permanent as possible, and to this end each ward shall when created contain a population at a convenient point within the applicable population range under sub. (2) (b), with due consideration for the known trends of population increase or decrease within that part of the municipality in which the ward is located. Once established, the boundaries of each ward shall remain unchanged until a further decennial federal census of population indicates that the population of a ward is then above or below the applicable population range or until the ward boundaries are required to be changed to permit creation of supervisory or aldermanic districts of substantially equal population or to enhance the participation of members of a racial or language minority group in the political process and their ability to elect representatives of their choice. If the population of a ward has increased above the maximum of its population range or if the population of a ward must be decreased for a reason specified in this paragraph, the ward shall be divided into 2 or more wards in compliance with sub. (2) (b). If the population of a ward has decreased below the minimum of its population range or if the population of a ward must be increased for a reason specified in this paragraph, the ward shall, if possible, be combined with an adjoining ward, or the underpopulated ward and one adjoining ward shall be combined and together subdivided into 2 or more wards in compliance with sub. (2).

(b) Except as authorized in sub. (2) (a), within 60 days after the receipt of a tentative supervisory district plan and written statement, if any, from the county board of each county in which a municipality is located, the governing body of the municipality shall adjust its wards according to the schedule shown in sub. (2). All territory contained within the municipality, and only the territory so contained, on August 1 following the year of the federal decennial census shall be contained within a ward. Except as authorized in sub. (2), each ward shall consist of whole blocks. To suit the convenience of the voters residing therein each ward shall, as far as practicable, be kept compact and observe the community of interest of existing neighborhoods and other settlements. All territory within a ward shall be contiguous, except for island territory as defined in sub. (2) (f) 3. Enactment or adoption

of a division ordinance or resolution requires the affirmative vote of a majority of the members of the governing body.

(c) The wards established by municipal governing bodies under this section on the basis of the published results of each federal decennial census of population shall govern the adjustment of supervisory districts under s. 59.10 (2) (a) and (3) (b) and of aldermanic districts under s. 62.08 (1) for the purpose of local elections beginning on January 1 of the 2nd year commencing after the year of the census until revised under this section on the basis of the results of the next decennial census of population unless adjusted under sub. (2) (f) 4., (6) (a) or (7), or unless adjusted, as a matter of statewide concern, in the enactment of legislative districts under article IV, section 3, of the constitution on the basis of the most recent decennial census of population.

(d) Every ward shall be wholly contained within a single county.

(2) (a) Except as required by par. (d), no city electing its common council at large in which the total population is less than 1,000, and no village or town in which the total population is less than 1,000 is required to be divided into wards under this section, but any such city, village or town may divide itself into wards if the creation of wards facilitates the administration of elections. No village or town located in a county having only one town is required to be divided into wards under this section.

(b) 1. In any city in which the population is at least 150,000, each ward shall contain not less than 1,000 nor more than 4,000 inhabitants.

2. In any city in which the population is at least 39,000 but less than 150,000, each ward shall contain not less than 800 nor more than 3,200 inhabitants.

3. In any city, village or town in which the population is at least 10,000 but less than 39,000, each ward shall contain not less than 600 nor more than 2,100 inhabitants.

4. In any city, village or town in which the population is less than 10,000, each ward shall contain not less than 300 nor more than 1,000 inhabitants.

(bm) Every city electing the members of its common council from aldermanic districts shall assemble the blocks wholly or partially contained within the city into wards that will enable the creation of aldermanic districts that are substantially equal in population.

(c) If the population of a block exceeds the maximum population for a ward otherwise specified in this subsection, such block shall be constituted a ward by itself, except that if the population of a block substantially exceeds the population of proposed aldermanic districts in a city so that, if the block were to constitute an aldermanic district, the populations of the aldermanic districts in the city would not be substantially equal, the city shall divide the block to permit assembly into wards that will enable creation of aldermanic districts that are substantially equal in population.

(cm) Any division of blocks under this section shall be based on the best evidence available. In this paragraph, “best evidence” includes, but is not limited to, the population of the block and other information received from the U.S. bureau of the census and such data as number of housing units, utility connections and vehicle registrations or a special census conducted locally. For each ward so established, the population estimate shall be correlated with the results of the most recent federal decennial census, so that the total population reported for all wards in the municipality agrees with the census results.

(d) Every municipality shall make a good faith effort to accommodate the tentative plan submitted by the county or counties in which it is located under s. 59.10 (2) (a) or (3) (b) 1., and shall divide itself into wards in such a manner that will permit the creation of county supervisory districts in accordance with the population requirements for the plan specified in s. 59.10 (2) (a) or (3) (b) 1.

(e) Notwithstanding par. (b), if territory is detached from a city, village or town after adoption of a decennial ward plan, and the

remaining portion of the ward to which it was attached falls below the prescribed minimum population for the applicable range, the remaining portion of the population may be constituted a ward by itself.

(f) Notwithstanding par. (b), any city, village or town may establish a ward below the prescribed minimum population for the applicable range whenever the proposed ward is established under par. (a), (d) or (e) or whenever the proposed ward contains solely:

1. That part of a city or village situated in a county other than the county in which the major part of the municipality is located.

2. That part of a city, village or town belonging to a school district other than the school district to which the major part of the municipality belongs.

3. Island territory containing a resident population. In this subdivision, “island territory” means territory surrounded by water, or noncontiguous territory which is separated by the territory of another municipality or by water, or both, from the major part of the municipality to which it belongs.

4. New territory which becomes a part of a city, village or town after the adoption of a decennial ward plan.

(g) If a block is affected by an annexation or detachment which establishes a municipal boundary that subdivides the block, the municipalities in which the block is contained shall incorporate only the portion of the block contained within their boundaries in their ward plans.

(4) (a) The division ordinance or resolution shall number all wards in the municipality in whole numbers in consecutive order, beginning with the number one, shall designate the polling place for each ward, and shall describe the boundaries of each ward consistent with the conventions set forth in s. 4.003. The ordinance or resolution shall be accompanied by a list of the block numbers used by the U.S. bureau of the census that are wholly or partly contained within each ward, with any block numbers partly contained within a ward identified, and a map of the municipality which illustrates the revised ward boundaries.

(b) Within 5 days after adoption or enactment of an ordinance or resolution under this section, the municipal clerk shall transmit one copy of the ordinance or resolution to the county clerk of each county in which the municipality is contained, accompanied by the list and map specified in par. (a). If the population of the municipality exceeds 10,000, the municipal clerk shall furnish one copy to the legislative reference bureau at the same time. Each copy shall identify the name of the municipality and the county or counties in which it is located.

(5) When a town is divided into wards, the annual town meeting and special town elections shall be held at the first ward.

(6) (a) Following any municipality-wide special federal census of population, the governing body of the municipality in which the special census was held may, by ordinance or resolution, adjust the ward boundaries, but no ward line adjustment may cross the boundary of an assembly district. The municipal clerk shall transmit copies of the ordinance or resolution in compliance with sub. (4) (b).

(b) No later than 60 days before each September primary and general election, and no later than 30 days before each other election the governing body of any municipality may by resolution combine 2 or more wards for voting purposes to facilitate using a common polling place. Whenever wards are so combined, the original ward numbers shall continue to be utilized for all official purposes. Except as otherwise authorized under this paragraph, every municipality having a population of 35,000 or more shall maintain separate returns for each ward so combined. In municipalities having a population of less than 35,000, the governing body may provide in the resolution that returns shall be maintained only for each group of combined wards at any election. Whenever a governing body provides for common ballot boxes and ballots or voting machines, separate returns shall be maintained for each separate ballot required under ss. 5.62 and 5.64 at

the September primary and general election. The municipal clerk shall transmit a copy of the resolution to the county clerk of each county in which the municipality is contained. In municipalities having a population of less than 35,000, the resolution shall remain in effect for each election until modified or rescinded, or until a new division is made under this section.

(7) If a new town is created or if part of a town is annexed to a city or village during a decennial period after the period for ward adjustments under sub. (1) (b), the town board of any town to which territory is attached or from which territory is detached, without regard to the time provisions of sub. (1) (b), may, by ordinance or resolution, adjust the wards in that town, but no ward line adjustment may cross the boundary of an assembly district. The town clerk shall transmit copies of the ordinance or resolution making the adjustment in compliance with sub. (4) (b).

(8) Until divided, all elections are held in the established wards.

If the circuit court finds that the existing division of the municipality into wards fails to comply with s. 5.15, it shall review the plan submitted by the petitioner and after reasonable notice to the municipality may promulgate the plan, or any other plan in compliance with s. 5.15, as a temporary ward plan for the municipality to remain in effect until superseded by a ward plan adopted by the governing body in compliance with s. 5.15.

5.25 Polling places. (1) All elections under chs. 5 to 12 shall be held at the polling places provided in this section. The places chosen shall be public buildings, unless the use of a public building for this purpose is impracticable or the use of a nonpublic building better serves the needs of the electorate, as determined by the authority charged with the responsibility for establishing polling places under sub. (2).

(2) In cities over 500,000 population, polling shall be at the places established by the board of election commissioners. In all other cities and in villages and towns, polling shall be at the places established by the governing body.

(3) Polling places shall be established for each September primary and general election at least 60 days before the election, and for each other election at least 30 days before the election.

(4) (a) Each polling place shall be accessible to elderly and handicapped individuals.

(c) The board may exempt a polling place from the requirement of par. (a) in accordance with guidelines prescribed by rule of the board.

In preparing its report under this paragraph, the board shall consult with appropriate advocacy groups representing the elderly and handicapped populations.

(5) (a) Except as authorized in par. (b), all electors within a ward shall vote at the same polling place.

(b) The municipal clerk or board of election commissioners of a municipality in which an elderly or handicapped elector resides may reassign the elector to a polling place within the municipality other than the polling place serving the elector's residence in order to permit the elector to utilize a polling place that is accessible to elderly or handicapped individuals.

(c) The electors of more than one ward in the same municipality may vote at a single polling place.

(2) **VOTING BOOTHS.** There shall be one voting booth for every 200 electors who voted at the last general election. The booths shall have a surface on which to write or work and be sufficiently enclosed to assure privacy for the elector and anyone lawfully assisting the elector while marking the elector's ballot.

(3) **BALLOT BOXES.** Where the voting procedure makes it necessary, there shall be a separate ballot box for each form of ballot at each polling place. There shall be a suitable lock and key for each, and an opening no larger than is sufficient to receive a single ballot or a single folded ballot if the box is used for deposit of paper ballots. If the electors of more than one ward use the same polling place, there shall be separate ballot boxes provided for the electors of each ward, unless combined ballot boxes are authorized in accordance with s. 5.15 (6) (b).

(4) **LAYOUT; ORGANIZATION.** All voting booths and machines shall be placed apart from other activities in the polling place, with their exteriors in full view of the election officials. Only the proper election officials, persons observing the proceedings under s. 7.41, persons assisting voters under s. 6.82 (2) and electors receiving, preparing or depositing their ballots or casting their votes on the machines are permitted in the voting area. Except where assistance is authorized, only one elector at a time is permitted in a voting booth or machine.

(5) **ACTIVITIES RESTRICTED.** No polling place may be situated so as to interfere with or distract election officials from carrying out their duties. The municipal clerk and election inspectors shall prevent interference with and distraction of electors at polling places.

(6) **POSTING REQUIREMENTS.** (a) At each polling place in the state, the municipal clerk or board of election commissioners shall post the following materials, positioned so that they may be readily observed by electors entering the polling place or waiting in line to vote:

1. The relevant portions of the voting instructions in the type B notice for the election as specified in s. 10.02 (3) and, for each referendum on the ballot, the text of the type C notice specified in s. 10.01 (2) (c).

2. A copy of the election fraud laws provided in s. 12.13 (1) and (3) (intro), (d), (f), (g), (k), (L), (o), (q), (r), (u), (v) and (x), together with the applicable penalties provided in s. 12.60 (1).

5. Any other voting information directed to be posted by the board.

(b) At each polling place in the state where a consolidated ballot under s. 5.655 is used or an electronic voting system is utilized at a partisan primary election incorporating a ballot upon which electors may mark votes for candidates of more than one recognized political party or for candidates of a recognized political party and independent candidates, the municipal clerk or board of election commissioners shall prominently post a sign in the form prescribed by the board warning electors in substance that on any ballot with votes cast for candidates of more than one recognized political party or any ballot with votes cast for candidates of a

recognized political party and independent candidates, no votes cast for any candidates for partisan office will be counted unless a preference for a party or for the independent candidates is made. If the elector designates a preference, only votes cast for candidates of that preference will be counted.

(1) Voting machines shall give every elector a reasonable opportunity to vote for any person for any office and on any proposition the elector is entitled to vote on, assure privacy to the elector so no one will know how the elector is voting or has voted, preclude the electors from voting for persons or propositions upon which they are not entitled to vote and from voting more than once for the same office or on the same proposition. Voting machines shall be constructed to lock so they cannot be manipulated, tampered with, or show the number of votes registered for any candidate or proposition while voting is in progress. The machines shall provide a method for electors to vote a straight party ticket, shall permit voting a split ticket and shall record each vote cast.

(2) When 2 or more wards or aldermanic districts are joined to use a voting machine, under s. 5.15 (6) (b), the machine shall be constructed to allow the electors to vote for all nominated candidates and issues for their aldermanic district or ward, but for no other.

(3) For presidential electors one device shall be provided to vote for all of one party's electoral candidates at the same time. The device shall be opposite or adjacent to the names of the party's candidates for president and vice president.

5.40 Use of voting machines or systems. (1) Except as permitted in sub. (3) or as required in subs. (4) to (6), the governing body or board of election commissioners of every municipality with a population of 10,000 or more before July 1, 1995, or of 7,500 or more thereafter shall require the use of voting machines or electronic voting systems in every ward in the municipality at every election. Any other governing body or board of election commissioners may adopt and purchase voting machines or electronic voting systems for use in any ward in the municipality at any election.

(2) Only voting machines complying with s. 5.37 or electronic voting systems approved under s. 5.91 may be used in an election in this state.

(c) Whenever such action is authorized under s. 7.15 (6).

(4) Notwithstanding sub. (1), a municipality which utilizes voting machines at a polling place shall not utilize a voting machine to receive the ballot of an elector who receives assistance under s. 6.82 (1) (a) or whose vote is challenged under ss. 6.92 to 6.94.

(5) A municipality which utilizes voting machines at a polling place shall not utilize the machines to receive the vote of an elector who declares to the chief inspector that, due to physical disability, the elector is unable to depress a button or lever on a machine.

(5m) Notwithstanding sub. (1), the governing body of a municipality which uses voting machines or an electronic voting system may petition the board for permission to use paper ballots and voting booths for a specific election, and the board may grant such a request.

(6) A municipality which utilizes voting machines or an electronic voting system at a polling place may permit use of the machines or system by electors voting under s. 6.15 only as authorized under s. 6.15 (3) (b).

(7) Whenever a municipality adopts and purchases voting machines or an electronic voting system, or adopts and purchases a different type of voting machine or electronic voting system from the type it was previously using, the municipal clerk or executive director of the municipal board of election commissioners shall promptly notify the county clerk or executive director of the county board of election commissioners and the executive director of the elections board in writing.

If the number of wards and election districts in which voting for an office is conducted is not equally divisible, the position of the rows or columns in the remaining wards or election districts shall be determined by the official or agency by the drawing of lots. The ballots shall be made up of the several party tickets with each party entitled to participate in the primary under par. (b) or sub. (2) having its own ballot, except as authorized in s. 5.655. The independent candidates for state office other than district attorney shall have a separate ballot for all such candidates as under s. 5.64 (1) (e), except as authorized in s. 5.655. The ballots shall be secured together at the bottom. The party ballot of the party receiving the most votes for president or governor at the last general election shall be on top with the other parties arranged in descending order based on their vote for president or governor at the last general election. The ballots of parties qualifying under sub. (2) shall be placed after the parties qualifying under par. (b), in the same order in which the parties filed petitions with the board. Any ballot required under par. (b) 2. shall be placed next in order. The ballot listing the independent candidates shall be placed at the bottom. At polling places where voting machines are used, each party and the independent candidates shall be represented in one or more separate columns or rows on the ballot. At polling places where an electronic voting system is used other than an electronic voting machine, each party and the independent candidates may be represented in separate columns or rows on the ballot.

(b) 1. Except as provided in subd. 2. and s. 5.64 (1) (e) 2., every recognized political party listed on the official ballot at the last gubernatorial election whose candidate for any statewide office received at least 1% of the total votes cast for that office and, if the last general election was also a presidential election, every recognized political party listed on the ballot at that election whose candidate for president received at least 1% of the total vote cast for that office shall have a separate primary ballot or one or more separate columns or rows on the primary ballot as prescribed in par. “independent” at the last general election and whose candidate meets the same qualification shall receive the same ballot status upon petition of the chairperson and secretary of the organization to the board requesting such status and specifying their party name, which may not duplicate the name of an existing party. A petition under this subdivision may be filed no later than 5 p.m. on June 1 in the year of each general election.

2. Subdivision 1. applies to a party within any assembly district or county at any September primary election only if at least one candidate of the party for any national, state or county office qualifies to have his or her name appear on the ballot under the name of that party within that assembly district or county. The county clerk or county board of election commissioners shall provide a combined separate ballot or one or more separate columns or rows on the ballot that will permit an elector to cast a vote for a write-in candidate for the nomination of any such party for each national, state and county office whenever that party qualifies to be represented on a separate primary ballot or in one or more separate columns or rows under subd. 1. but does not qualify under this subdivision. The ballot shall include the name of each party qualifying for a separate ballot or one or more separate columns or rows on the ballot under each office, with the names of the candidates for each such party appearing in the same order in which the ballots of the parties would appear under par. (a).

(2) (a) Except as provided in par. (b) and s. 5.64 (1) (e) 2., any political organization may be represented on a separate primary ballot or in one or more separate columns or rows on the primary ballot as prescribed in sub. (1) (a) and in a separate column on the general election ballot in every ward and election district. To qualify for a separate ballot under this paragraph, the political organization shall, not later than 5 p.m. on June 1 in the year of the September primary, file with the board a petition requesting separate ballot status. The petition shall be signed by at least 10,000 electors, including at least 1,000 electors residing in each of at least 3 separate congressional districts. The petition shall conform to the requirements of s. 8.40. No signature obtained before January 1 in the year of filing is valid. When the candidates of a political organization filing a valid petition fulfill the requirements prescribed by law, they shall appear on a separate ballot or one or more separate columns or rows on the ballot for the period ending with the following general election.

(b) Paragraph (a) applies to a party within any assembly district or county at any September primary election only if at least one candidate of the party for any national, state or county office qualifies to have his or her name appear on the ballot under the name of that party within that assembly district or county. The county clerk or county board of election commissioners shall provide a combined separate ballot or one or more separate columns or rows on the ballot that will permit an elector to cast a vote for a write-in candidate for the nomination of any such party for each national, state and county office whenever that party qualifies to be represented on a separate primary ballot or in one or more separate columns or rows under par. (a) but does not qualify under this paragraph. The ballot shall include the name of each party qualifying for a separate ballot or one or more separate columns or rows on the ballot under each office, with the names of the candidates for each such party appearing in the same order in which the ballots of the parties would appear under sub. (1) (a).

(3) The board shall designate the official primary ballot arrangement for statewide offices and district attorney within each prosecutorial district by using the same procedure as provided in s. 5.60 (1) (b). On each ballot and on each separate column or row on the ballot, the candidates for office shall be listed together with the offices which they seek in the following order whenever these offices appear on the September primary ballot: governor, lieutenant governor, attorney general, secretary of state, state treasurer, U.S. senator, U.S. representative in congress, state senator, representative to the assembly, district attorney and the county offices. Below the names of the independent candidates shall

appear the party or principle of the candidates, if any, in 5 words or less, as shown on their nomination papers.

(4) The county clerk or county board of election commissioners shall designate the official primary ballot arrangement for all candidates filing nomination papers in that office.

(a) Within a county the county clerk shall arrange the names of all candidates filing nomination papers with the clerk’s office using the same method as that used by the board under s. 5.60 (1) (b).

(b) The county board of election commissioners in counties having a population of more than 500,000 shall prepare the official primary ballot. The commissioners shall arrange the names of all candidates for each office whose nomination papers are filed at the county level, using the same method as that used by the elections board under s. 5.60 (1) (b).

(5) At the September primary, an elector may vote for the candidates of only one party, or the elector may vote for any of the independent candidates for state office listed; but the elector may not vote for more than one candidate for a single office. A space shall be provided on the ballot for an elector to write in the name of his or her choice as a party candidate for any office, including a party candidate of a party whose name appears on the ballot, column or row designated for independent candidates, as provided in sub. (1) (b) or (2) (b), but no space shall be provided to write in the names of independent candidates.

The filing of a proper petition by the requisite number of electors in a senate, assembly, or congressional district will qualify the political organization referred to in the petition as a party entitled to a separate ballot within the specific district only for all the state, congressional, legislative, and county offices for which an elector of that district may vote. The petition may be circulated commencing after any November general election and ending on the June 1 immediately prior to the next succeeding September primary. 61 Atty. Gen. 41.

5.64 General election ballots. At general elections the following ballots, when necessary, shall be provided for each ward.

(1) OFFICIAL BALLOT. Except as authorized in s. 5.655, there shall be a separate ballot giving the names of all candidates for president and vice president and for statewide, congressional, legislative and county offices in the same form as prescribed by the board under s. 7.08 (1) (a).

(a) The ballot shall permit an elector to vote a straight party ticket for president and vice president, whenever those offices are contested, and for all statewide, congressional, legislative and county offices, to vote for individual candidates for each office or to vote for a person whose name does not appear on the ballot for any office. When voting for governor and lieutenant governor, the ballot shall permit an elector to vote only for the candidates on one ticket jointly or write in the names of persons in both spaces.

(b) The names of the candidates on the regular party tickets nominated at the primary or replacements appointed under s. 8.35 (2) shall appear in a separate column under the party designation. The columns shall be arranged from left to right according to rank, based on the number of votes received by each party’s candidate for president or governor at the last general election beginning with the party that received the most votes. To the right of the columns for parties qualifying under s. 5.62 (1) (b) shall be placed the columns for parties qualifying under s. 5.62 (2) in the same order in which the parties filed petitions with the board. Any column required under par. (e) 2. shall be placed next in order. To the right of the party columns shall be a column for the names of independent candidates for each office, or more than one column if the first column does not provide sufficient space for the names of all such candidates.

(d) The offices shall be arranged beginning with president and vice president or governor and lieutenant governor, whenever these offices are filled, and then the remaining offices in the order designated under s. 5.62 (3).

(e) 1. Except as provided in subd. 2., each candidate's name shall be placed in the column of the party by which nominated or if independent, in a column designated independent and all candidates for the same office shall appear within the same rows on the ballot. If a separate column is provided to write in the names of any party candidates under subd. 2., the column shall appear before the column designated independent with the spaces provided to write in the names of the candidates for each such party appearing in the same order in which the columns of their parties would appear under par. (b). Along with the names of the independent candidates shall appear the party or principle of the candidates, if any, in 5 words or less, as shown on their nomination papers. Independent candidates for the same county office shall be listed in the same manner in an order drawn by lot by or under supervision of the county clerk or board of election commissioners. The board shall conduct a redrawing for purposes of determining the arrangement of independent candidates for state office who appeared on the primary ballot in the manner provided in s. 5.60 (1) (b).

2. There shall be a separate column for the candidates of each party qualifying for that column under s. 5.62 (1) (b) or (2), except that if, within any assembly district or county, there are no candidates for any national, state or county office representing such a party who qualify to have their names appear on the ballot under the name of that party within that assembly district, the county clerk or board of election commissioners shall provide a combined separate column that will permit an elector to cast a vote for a write-in candidate of any such party for each national, state and county office whenever that party qualifies to be represented in a separate column but does not qualify under this subdivision. The ballot shall include the name of each party qualifying for a separate column under each office, with the names of the candidates for each such party appearing in the same order in which the columns of the parties would appear under par. (b).

(eg) In the case of balloting for the offices of president and vice president, the names of the candidates shall be placed in the column of the party that nominated them or if independent, in a column designated independent. In each column there shall be one choice for the elector to cast a ballot jointly for both offices.

(em) The names of the candidates for the offices of president and vice president certified under s. 8.16 (7) or filed under s. 8.20 shall appear on the ballot in the form prescribed in s. 7.08 (2) (a). The names of the presidential electors for the candidates supplied under ss. 8.18 (2) and 8.20 (2) (d) are not listed on the ballot but a vote for the candidates for president and vice president is a vote for them through their named presidential electors.

(es) The party candidates shall be arranged consecutively from top to bottom based on the number of votes received by their party's candidate for governor at the last election beginning with the party that received the most votes. The independent president-vice president candidates shall be listed together in an order drawn by lot by or under supervision of the board, following under the party candidates. Along with the names of the independent candidates shall appear the party or principle of the candidates, if any, in 5 words or less, as shown on their nomination papers. Following under the independent candidates, a space shall be left for writing in the names of a candidate for president and vice president.

(f) In the case of balloting for the office of governor and lieutenant governor, the names of the candidates shall be placed in the party column by which nominated or if independent, in a column designated independent. In each column there shall be one choice for the elector to cast a ballot jointly for both offices.

(g) Following under the independent candidates for each office, a space shall be provided for the elector to write in the name of a candidate of his or her choice for that office.

(2) REFERENDUM BALLOT. (am) There shall be a separate ballot when any proposed constitutional amendment or any other measure or question is submitted to a vote of the people, except

as authorized in s. 5.655. The ballot shall give a concise statement of each question in accordance with the act or resolution directing submission in the same form as prescribed by the board under s. 7.08 (1) (a). The question may not be worded in such a manner as to require a negative vote to approve a proposition or an affirmative vote to disapprove a proposition. Unless otherwise expressly provided, this ballot form shall be used at all elections when questions are submitted to a vote of the people.

(c) The official referendum ballot prescribed under this subsection shall be utilized at every election, except that the format shall be altered to the extent provided or required by other laws establishing or authorizing referenda to be conducted. Except as authorized in s. 5.655, all referenda shall appear on a separate ballot, but more than one referendum question may appear on the same referendum ballot whenever the questions are numbered and all electors voting the ballot are entitled to vote upon all questions appearing thereon. When more than one state referendum is placed on the same ballot, the board shall number the questions in chronological sequence. If the legislature submits questions on different dates, the board shall number the questions sequentially based on the date on which the questions are submitted by the legislature. Except as authorized in s. 5.655, state and county referenda shall appear on a separate ballot from municipal or special district referenda. The form of all referendum ballots shall be substantially the same as that prescribed by the board under s. 7.08 (1) (a).

5.655 Consolidated ballots. (1) Whenever a separate ballot is required to be used, a municipality may use a single ballot to facilitate the use of voting machines or an electronic voting system or, if the municipality employs paper ballots, may use a consolidated paper ballot that is authorized under sub. (2). If a municipality uses a single ballot in lieu of separate ballots, the ballot shall include a separate column or row for any office, referendum or party for which a separate ballot is required by law and the ballot shall be distributed only to electors who are eligible to vote for all of the offices and referenda appearing on the ballot.

(2) Whenever a municipality employing paper ballots is required to utilize separate ballots for certain offices, referenda or parties at an election, the municipality may, with the approval of the county clerk or board of election commissioners of each county in which there is located any portion of the municipality where one or more electors reside, substitute a single consolidated paper ballot or a ballot that is designed to be utilized with an electronic voting system, if the ballot contains all of the applicable information required to be provided for paper ballots at that election.

(3) The board shall prescribe notices and instructions to be given to electors who use a ballot that is authorized under sub. (2) in lieu of any notices and instructions that are applicable only to municipalities employing separate paper ballots.

History: 1999 a. 182.

5.66 Number of ballots. (1) For local elections, where necessary, municipal clerks shall have sufficient ballots printed or otherwise prepared whenever a voting system does not utilize printed ballots to assure a ballot for all electors or voting machines. For all other elections the municipal clerks shall certify to their county clerk, on the first day of the 2nd month preceding the month in which the primary is held, the approximate number of electors in the municipality. The county clerk shall total these estimates and order a sufficient supply to assure ballots for all electors and voting machines.

(2) The county clerk or board of election commissioners shall print a sufficient number of sample ballots. The municipal clerk or board of election commissioners shall print sample ballots whenever the municipality prepares ballots under s. 7.15 (2) (b) or (c). Sample ballots shall be printed on nonwhite colored paper and shall be overprinted "SAMPLE". Voting machine sample ballots shall be a reduced size diagram of the face of the board or screen inside the voting machine with all candidates, issues and voting instructions as they will appear on the official ballot. Sample ballots to be used with an electronic voting system in which ballots that are distributed to electors are used shall be an actual size copy of the ballot. The clerk or board of election commissioners printing the ballots shall distribute the samples approximately as follows: 45% shall be kept in the clerk's or board's office and distributed to electors requesting them; 45% shall be sent to the municipalities, or, if the municipality prints ballots, 45% shall be sent to the county for distribution to the electors; and 10% shall be reserved to be sent to the polling places by municipalities in proportion to the number certified in sub. (1) and made available to electors at the polls on election day.

5.68 Cost of elections. (1) The cost of acquisition of ballot boxes and voting booths, voting machines or electronic voting systems and regular maintenance thereof shall be borne by the municipalities in which the boxes, booths, machines or systems are used.

(2) Except as otherwise expressly provided, all costs for ballots, supplies, notices and any other materials necessary in preparing or conducting any election shall be paid for by the county or municipality whose clerk or board of election commissioners is responsible for providing them. If a ballot is prepared for a school, technical college, sewerage or sanitary district, the district shall pay for the cost of the ballot. If no other level of government is involved in a school, technical college, sewerage or sanitary district election, the district shall pay for all costs of the ballots, supplies, notices and other materials. If ballots, supplies, notices or other materials are used for elections within more than one unit of local government, the costs shall be proportionately divided between the units of local government involved in the election. In a 1st class city, all costs otherwise attributable to a school district shall be paid by the city.

(3) If voting machines are used or if an electronic voting system is used in which all candidates and referenda appear on the same ballot, the ballots for all national, state and county offices and for county and state referenda shall be prepared and paid for by the county wherein they are used. If the voting machine or electronic voting system ballot includes a municipal or school, technical college, sewerage or sanitary district ballot, the cost of that portion of the ballot shall be reimbursed to the county or paid for by the municipality or district, except as provided in a 1st class city school district under sub. (2).

(4) The cost of compensation of election officials and trainees shall be borne in the manner provided in s. 7.03.

(5) If a charge is made for the use of a polling place, the charge shall be paid by the municipality establishing the polling place under s. 5.25 (2) unless the polling place is used to conduct a special election that is called by a unit of government other than the state or the municipality establishing the polling place and the special election is not held concurrently with an election specified in s. 5.02 (5), (18), (21) or (22). In such case the charge shall be paid by the unit of government that calls the special election.

(6) The clerk of each county or municipality shall submit an invoice to the clerk of each municipality or district which is responsible for payment of election costs under this section. The municipality or district shall make payment to the county or municipal treasurer.

5.72 Correcting ballot errors. (1) As soon as possible after ballots are delivered to the county clerk or to the municipal clerk if the municipality is preparing ballots under s. 7.15 (2), but not later than 3 weeks before any election relating to a state or national office or statewide referendum, the county or municipal clerk preparing the ballots shall submit one copy of each ballot to the board for review of possible errors. If the contractor preparing the ballots supplies proofs in advance of ballot preparation, the clerk shall submit one copy of the proofs in lieu of actual ballots. If a voting machine ballot or other ballot combining local candidates or referenda with state or national candidates or referenda is used, the entire ballot shall be submitted, but if ballots intended for distribution to electors are used, only those ballots relating to state or national offices and statewide referenda need be submitted. This subsection does not require delay of ballot distribution or mailing of absentee ballots.

(2) The board shall review ballots and proof copies submitted under sub. (1) and shall notify the county and municipal clerk of any error as soon as possible but in no event later than 7 days after submission. The clerk is not required to correct a ballot error upon receipt of notice of the error, unless ordered to do so under sub. (3) or s. 5.06 (6).

(3) Whenever an affidavit is filed by the board or any elector alleging an error or omission in the preparation of a ballot, the circuit court for the county where the ballot is proposed to be used or its presiding judge, by order, may summarily require a county or municipal clerk to correct the error, or show cause why it should not be corrected and, by order, after the hearing, have the correction made.

SUBCHAPTER III

ELECTRONIC VOTING SYSTEMS

5.76 Adoption, experimentation or discontinuance of systems. The governing body or board of election commissioners of any municipality may by ordinance or resolution adopt, experiment with, or discontinue any electronic voting system authorized by this subchapter and approved under s. 5.91 for use in this state, and may purchase or lease materials or equipment for such system to be used in all or some of the wards within its jurisdiction, either exclusively in combination with mechanical voting machines, or in combination with paper ballots where such ballots are authorized to be used.

History: 1979 c. 311; 1985 a. 304.

Cross Reference: See also ch. EIBd 7, Wis. adm. code.

5.77 Applicable procedures. (1) So far as applicable, the procedure provided for voting paper ballots applies when an electronic voting system employing the use of ballots distributed to electors is used.

(2) So far as applicable, the procedure provided for voting with mechanical voting machines applies when an electronic voting system employing the use of electronic voting machines is used.

History: 1979 c. 311.

Cross Reference: See also ch. EIBd 7, Wis. adm. code.

5.78 Voting booths. At polling places where an electronic voting system employing the use of ballots distributed to electors is used, the municipality shall supply a sufficient number of voting booths for the use of electors as provided in s. 5.35 (2).

History: 1979 c. 311.

5.79 Instruction of electors. At polling places where an electronic voting system employing the use of ballots and voting devices is used, the election officials shall offer each elector instruction in the operation of the voting device and ballot before

the elector enters the voting booth. No instructions may be given after the elector has entered the voting booth, except as authorized under s. 6.82 (2). All instructions shall be given by election officials in such a manner that they may be observed by other persons in the polling place.

History: 1979 c. 311; 2001 a. 16.

5.80 Demonstrator electronic voting system. When an electronic voting system is used in a forthcoming election, the municipal clerk may provide, for the purpose of instructing electors in the election, one or more demonstrator electronic voting systems using the names of fictitious candidates or fictitious questions for placement in any public building within the municipality in which the election occurs. If such placement of a demonstrator takes place it shall be made available at least 30 days before the election.

History: 1979 c. 311.

5.81 Ballot information; arrangement; absentee ballots. (1) Whenever the statutes provide for the use of separate ballots or columns or rows for offices, parties or referenda, and an electronic voting system in which ballots are distributed to electors is used at a polling place, a single ballot may be used for all offices, referenda and parties. The ballot information, whether placed on the ballot or on the voting device, shall, as far as practicable, be grouped and ordered in the same manner as provided for other ballots under this chapter, except that the information on the ballot need not be in separate columns or rows.

(3) If a municipality utilizes an electronic voting system in which ballots distributed to electors are employed, absentee ballots may consist of ballots utilized with the system or paper ballots and envelopes voted in person in the office of the municipal clerk or voted by mail.

(4) In partisan primary elections, if a ballot contains the names of candidates of more than one party or the names of party candidates and independent candidates, it shall provide a space for electors to designate a party preference or a preference for the independent candidates. Failure to designate a preference does not invalidate any votes cast by an elector, except as provided in s. 7.50 (1) (d).

History: 1979 c. 311; 1985 a. 304; 1999 a. 182; 2001 a. 16.

5.82 Write-in ballots. If the ballot employed by a municipality does not provide a space for write-in votes, the municipality shall provide a separate write-in ballot, which may be in the form of a paper ballot, to permit electors to write in the names of persons whose names are not on the ballot whenever write-in votes are authorized.

History: 1979 c. 311; 1987 a. 391; 2001 a. 16.

5.83 Preparation for use of voting devices; comparison of ballots. Where voting devices are used at a polling place, the municipal clerk shall cause the voting devices to be put in order, set, adjusted and made ready for voting when delivered to the polling place. Before the opening of the polls the inspectors shall compare the ballots used in the voting devices with the sample ballots furnished and see that the names, numbers and letters thereon agree and shall certify thereto on forms provided by the board.

History: 1979 c. 311.

5.84 Testing of equipment; custody of programs and ballots. (1) Where any municipality employs an electronic voting system which utilizes automatic tabulating equipment, either at the polling place or at a central counting location, the municipal clerk shall, on any day not more than 10 days prior to the election day on which the equipment is to be utilized, have the equipment tested to ascertain that it will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given by the clerk at least 48 hours prior to the test by publication of a class 1 notice under ch. 985 in one or more

newspapers published within the municipality if a newspaper is published therein, otherwise in a newspaper of general circulation therein. The test shall be open to the public. The test shall be conducted by processing a preaudited group of ballots so marked as to record a predetermined number of valid votes for each candidate and on each referendum. The test shall include for each office one or more ballots which have votes in excess of the number allowed by law and, for a partisan primary election, one or more ballots which have votes cast for candidates of more than one recognized political party, in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the municipal clerk shall ascertain the cause and correct the error. The clerk shall make an errorless count before the automatic tabulating equipment is approved by the clerk for use in the election.

(2) Before beginning the ballot count at each polling place or at the central counting location, the election officials shall witness a test of the automatic tabulating equipment by engaging the printing mechanism and securing a printed result showing a zero count for every candidate and referendum. After the completion of the count, the ballots and programs used shall be sealed and retained under the custody of the municipal clerk in a secure location.

History: 1979 c. 311; 2001 a. 16.

5.85 Receiving, counting, tallying and return of ballots. (1) At any polling place at which an electronic voting system is utilized, the following procedures for receiving, counting, tallying and return of the ballots shall be used. Whenever paper ballots are utilized at a polling place in combination with ballots employed in an electronic voting system, the paper ballots shall be deposited in a separate ballot box or boxes, according to the types of ballots used. For the purpose of transporting the ballots or the record of the votes cast, the municipal clerk shall provide a secure container for each polling place. At each polling place, the applicable portions of the procedure prescribed for initiating the canvass under s. 7.51 (1) and (2) shall be performed, except that no count of the ballots, except write-in votes and paper ballots used for absentee voting and other purposes authorized by law, may be performed at a polling place if a central counting location is designated for the counting of ballots at that polling place by the municipality.

(2) The election officials shall examine the ballots or record of votes cast for write-in votes and shall count and tabulate the write-in votes. When an electronic voting system is used which utilizes a ballot which is distributed to electors, before separating the remaining ballots from their respective covering envelopes, the election officials shall examine the ballots for write-in votes. When an elector has cast a write-in vote, the election officials shall compare the write-in vote with the votes on the ballot to determine whether the write-in vote results in an overvote for any office. In case of an overvote for any office, the election officials shall make a true duplicate ballot of all votes on the ballot except for the office which is overvoted, by using an official ballot of that kind used by the elector who voted the original ballot, and one of the marking devices so as to transfer all votes of the elector except for the office overvoted, to an official ballot of that kind used in the ward at that election. Unless election officials are selected under s. 7.30 (4) (c) without regard to party affiliation, the election officials shall consist in each case of at least one election official of each of the 2 major political parties, whenever officials of both parties are present. Write-in votes shall be counted as provided in s. 7.50 (2) (d). The original ballot upon which there is an overvote shall be clearly labeled "Overvoted Ballot" and the ballot so produced "Duplicate Overvoted Ballot", and each shall bear the same serial number which shall be placed thereon by the election officials, commencing with number "1" and continuing consecutively for each of the ballots of that kind in that ward or election district. The election officials shall initial the "Duplicate Overvoted Ballot" ballots and shall place them in the container for return of the ballots. The "Overvoted Ballot" ballots and their envelopes shall be placed in the "Original Ballots" envelope. Bal-

lots bearing write-in votes marked in the place designated therefor and bearing the initials of an election official and not resulting in an overvote and otherwise complying with the election laws as to marking shall be counted, tallied, and their votes recorded on a tally sheet provided by the municipal clerk. Ballots and ballot envelopes shall be separated and all ballots except any which are defective or overvoted shall be placed separately in the container for return of the ballots, along with the ballots marked “Duplicate Overvoted Ballots”.

(3) The election officials shall examine the ballots to determine if any is damaged or defective so that it cannot be counted by the automatic tabulating equipment. If any ballot is damaged or defective so that it cannot be properly counted by the automatic tabulating equipment, the election officials, in the presence of witnesses, shall make a true duplicate ballot of all votes on that ballot by using one of the marking devices so as to transfer all votes of the elector to an official ballot of that kind used by the elector who voted the original ballot in that election. Unless election officials are selected under s. 7.30 (4) (c) without regard to party affiliation, the election officials shall consist in each case of at least one election official of each of the 2 major political parties, whenever officials of both parties are present. The original ballot shall be clearly labeled “Damaged Ballot” and the ballot so produced “Duplicate Damaged Ballot”, and each shall bear the same number which shall be placed thereon by the election officials, commencing with number “1” and continuing consecutively for the ballots of that kind in the ward. The election officials shall initial the “Duplicate Damaged Ballot” ballots, and shall place them in the container for return of the ballots. The officials shall place “Damaged Ballot” ballots and their envelopes in the “Original Ballots” envelope.

(4) The original ballots shall be preserved with the duplicate ballots and delivered by the inspectors to the municipal clerk. The officials shall then make out a slip indicating the number of electors voting in person, number of absentee ballots deposited in the ballot box, and the total number of electors of each ward served by the polling place who voted at the election, which shall be signed by all the inspectors.

(5) If the municipality has designated a central counting location to be used to count ballots under s. 7.51 (1), the inspectors shall count and deposit the paper ballots in the container. The inspectors shall then place the slip made out under sub. (4) in the container. The inspectors shall also place the tally sheet recording the write-in votes and other votes cast on paper ballots, and all other ballots, or the record of the votes cast on an electronic voting system where no ballots are distributed to electors, in the container and shall thereupon immediately seal the container with an adhesive seal provided by the municipal clerk for the purpose in such manner that the seal completely covers the opening in the container, and each of the inspectors shall sign the seal. The “Defective Ballots” envelope, and “Original Ballots” envelope each shall be securely sealed and the flap or end thereof of each signed by the inspectors and returned to the central counting location with the box for return of the ballots, enclosed ballots and returns. Thereupon, the municipal clerk or 2 of the election officials shall forthwith and by the most direct route transport the container and envelopes to the central counting location designated by the municipal clerk. Unless election officials are selected under s. 7.30 (4) (c) without regard to party affiliation, the election officials shall consist in each case of at least one election official of each of the 2 major political parties, whenever officials of both parties are present.

History: 1979 c. 311; 1989 a. 192; 1997 a. 127; 2001 a. 16.

5.86 Proceedings at central counting locations.

(1) All proceedings at each central counting location shall be under the direction of the municipal clerk or an election official designated by the clerk unless the central counting location is at the county seat and the municipal clerk delegates the responsibility to supervise the location to the county clerk, in which case the proceedings shall be under the direction of the county clerk or an

election official designated by the county clerk. Unless election officials are selected under s. 7.30 (4) (c) without regard to party affiliation, the employees at each central counting location, other than any specially trained technicians who are required for the operation of the automatic tabulating equipment, shall be equally divided between members of the 2 major political parties under s. 7.30 (2) (a) and all duties performed by the employees shall be by teams consisting of an equal number of members of each political party whenever sufficient persons from each party are available.

(2) At each central counting location, a team of election officials designated by the clerk or other election official having charge of the location under sub. (1) shall check the container returned containing the ballots to determine that all seals are intact, and thereupon shall open the container, check the inspectors’ slip and compare the number of ballots so delivered against the total number of electors of each ward served by the polling place who voted, remove the ballots or record of the votes cast and deliver them to the technicians operating the automatic tabulating equipment. Any discrepancies between the number of ballots and total number of electors shall be noted on a sheet furnished for that purpose and signed by the election officials.

History: 1979 c. 311; 1985 a. 304; 1997 a. 127; 2001 a. 109.

5.87 Tabulating votes. If a central counting location is not utilized, the procedure for tabulating the votes by the automatic tabulating equipment shall be under the direction of the chief inspector and shall conform to the requirements of the automatic tabulating equipment. If any ballot is not accepted by the automatic tabulating equipment, the election officials shall make a duplicate ballot to replace that ballot in the manner prescribed in s. 5.85 (3). All proceedings at the polling place and at any central counting location shall be open to the public, but no person, except those employed and authorized for the purpose, may touch any ballot, container, envelope, return or equipment.

History: 1979 c. 311; 1983 a. 484.

5.89 Official return. The return produced by the automatic tabulating equipment shall be appended to the tally sheet by the canvassers. The return constitutes a part of the official return for the ward or election district. The municipal clerk shall check the totals shown by the return and, if it appears that there is an obvious discrepancy with respect to the number of votes cast in any ward or election district, the clerk shall have the ballots for that ward or election district publicly retabulated to correct the return. Upon completion of the count, the return is open to the public.

History: 1979 c. 311.

5.90 Recounts. Except as otherwise provided in this subchapter, recounts of votes cast on an electronic voting system shall be conducted in the manner prescribed in s. 9.01. If the ballots are in readable form, the board of canvassers may elect to recount the ballots without the aid of automatic tabulating equipment. If the board of canvassers elects to use automatic tabulating equipment, the board of canvassers shall test the automatic tabulating equipment to be used prior to the recount as provided in s. 5.84, and then the official ballots or the record of the votes cast shall be recounted on the automatic tabulating equipment. In addition, the board of canvassers shall check the ballots for the presence or absence of the initials and other distinguishing marks, shall examine the ballots marked “Rejected”, “Defective” and “Objected to” to determine the propriety of such labels, and shall compare the “Duplicate Overvoted Ballots” and “Duplicate Damaged Ballots” with their respective originals to determine the correctness of the duplicates.

5.91 Requisites for approval of ballots, devices and equipment. No ballot, voting device, automatic tabulating equipment or related equipment and materials to be used in an electronic voting system may be utilized in this state unless it is approved by the board. The board may revoke its approval of any

ballot, device, equipment or materials at any time for cause. No such ballot, voting device, automatic tabulating equipment or related equipment or material may be approved unless it fulfills the following requirements:

(1) It enables an elector to vote in secrecy and to select the party or the independent candidates for whom an elector will vote in secrecy at a partisan primary election.

(2) Except at a primary election, it enables an elector to vote a straight party ticket, but the automatic tabulating equipment counts the vote of an elector who casts a vote for a candidate for an office outside the straight party ticket for that office only.

(3) Except in primary elections, it enables an elector to vote for a ticket selected in part from the nominees of one party, and in part from the nominees of other parties, and in part from independent candidates and in part of candidates whose names are written in by the elector.

(4) It enables an elector to vote for a ticket of his or her own selection for any person for any office for whom he or she may desire to vote whenever write-in votes are permitted.

(5) It accommodates all referenda to be submitted to the electors in the form provided by law.

(6) The voting device or machine permits an elector in a primary election to vote for the candidates of the recognized political party or the independent candidates of his or her choice, and the automatic tabulating equipment or machine rejects any ballot on which votes are cast in the primary of more than one recognized political party, except where a party or independent candidate designation is made or where an elector casts write-in votes for candidates of more than one party on a ballot that is distributed to the elector.

(7) It permits an elector to vote at an election for all persons and offices for whom and for which the elector is lawfully entitled to vote; to vote for as many persons for an office as the elector is entitled to vote for; to vote for or against any question upon which the elector is entitled to vote; and it rejects all choices recorded on a ballot for an office or a measure if the number of choices exceeds the number which an elector is entitled to vote for on such office or on such measure, except where an elector casts excess write-in votes upon a ballot that is distributed to the elector.

(8) It permits an elector, at a presidential or gubernatorial election, by one action to vote for the candidates of a party for president and vice president or for governor and lieutenant governor, respectively.

(9) It prevents an elector from voting for the same person more than once for the same office, except where an elector casts excess write-in votes upon a ballot that is distributed to the elector.

(10) It is suitably designed for the purpose used, of durable construction, and is usable safely, securely, efficiently and accurately in the conduct of elections and counting of ballots.

(11) It records correctly and counts accurately every vote properly cast and maintains a cumulative tally of the total votes cast that is retrievable in the event of a power outage, evacuation

or malfunction so that the records of votes cast prior to the time that the problem occurs is preserved.

(12) It minimizes the possibility of disenfranchisement of electors as the result of failure to understand the method of operation or utilization or malfunction of the ballot, voting device, automatic tabulating equipment or related equipment or materials.

(13) The automatic tabulating equipment authorized for use in connection with the system includes a mechanism which makes the operator aware of whether the equipment is malfunctioning in such a way that an inaccurate tabulation of the votes could be obtained.

(14) It does not employ any mechanism by which a ballot is punched or punctured to record the votes cast by an elector.

5.92 Bond may be required. Before entering into a contract for the purchase or lease of an electronic voting system or any ballots, voting devices, automatic tabulating equipment or related equipment or materials to be used in connection with a system, any municipality may require the vendor or lessor to provide a performance bond with a licensed surety company as surety, guaranteeing the supply of additional equipment, parts or materials, provision of adequate computer programming, preventive maintenance or emergency repair services, training of election officials and other municipal employees or provision of public educational materials for a specified period, or guaranteeing the security of the computer programs or other equipment or materials to be utilized with the system to prevent election fraud, or such other guarantees as the municipality determines to be appropriate.

5.94 Sample ballots; publication. When an electronic voting system employing a ballot that is distributed to electors is used, the county and municipal clerk of the county and municipality in which the polling place designated for use of the system is located shall cause to be published, in the type B notices, a true actual-size copy of the ballot containing the names of offices and candidates and statements of measures to be voted on, as nearly as possible, in the form in which they will appear on the official ballot on election day. The notice may be published as a newspaper insert. Municipal clerks may post the notice if the remainder of the type B notice is posted.

History: 1979 c. 311; 2001 a. 16.

5.95 Elector information. The board shall prescribe information to electors in municipalities and counties using various types of electronic voting systems to be published in lieu of the information specified in s. 10.02 (3) in type B notices whenever the type B notice information is inapplicable.
