(b) The statement of intent and purpose executed under par. (a) 5. is presumptive evidence of compliance with all conditions and standards prescribed by this subsection.

(3) (a) Any microfilm reproduction of a record of the authority meeting the requirements of sub. (2) or copy of a record of the authority generated from an original record stored in optical disk or electronic format in compliance with this section shall be taken as, stand in lieu of and have all the effect of the original document and shall be admissible in evidence in all courts and all other tribunals or agencies, administrative or otherwise, in all cases where the original document is admissible.

NOTE: 2003 Wis. Act 47, which affects this section, contains extensive explanatory notes.

233.17 Liability limited. (1) Neither the state, any political subdivision of the state nor any officer, employee or agent of the state or a political subdivision who is acting within the scope of employment or agency is liable for any debt, obligation, act or omission of the authority.

(2) (a) No officer, employee or agent of the board of regents, including any student who is enrolled at an institution within the University of Wisconsin System, is an agent of the authority unless the officer, employee or agent acts at the express written direction of the authority.

(b) Notwithstanding par. (a), no member of the faculty or academic staff of the University of Wisconsin System, acting within the scope of his or her employment, may be considered, for liability purposes, as an agent of the authority.

History: 1995 a. 27; 1997 a. 237.

A member of the faculty is also a state employee and thus not an agent of UWHC within the meaning of sub. (2) (b). The statute unambiguously encompasses all forms of agency, which necessarily includes actual, apparent, or ostensible agency. *Suchmel v. University of Wisconsin Hospital & Clinics*, 2005 WI App 234, 288 Wis. 2d 188, 708 N.W.2d 13, 04-0363.

233.20 Issuance of bonds. (1) The authority may issue bonds for any corporate purpose. All bonds are negotiable for all purposes, notwithstanding their payment from a limited source.

(1m) The authority may issue bonds only if a majority of the board of directors determines that, to the extent possible without having an adverse impact on the ability of the authority to sell bonds at a given interest rate, the terms on which the bonds are to be offered are structured in such a way as to accommodate the possibility of the early termination of the lease or affiliation agreement, or both. The board shall base a determination under this subsection on the best information available to the board at the time the determination is made.

(2) The bonds of each issue shall be payable from sources specified in the bond resolution under which the bonds are issued or in a related trust agreement, trust indenture, indenture of mortgage or deed of trust.

(3) The authority may not issue bonds unless the issuance is first authorized by a bond resolution. Bonds shall bear the dates, mature at the times not exceeding 30 years from their dates of issue, bear interest at the rates, be payable at the times, be in the denominations, be in the form, carry the registration and conversion privileges, be executed in the manner, be payable in lawful money of the United States at the places, and be subject to the terms of redemption, that the bond resolution provides. The bonds shall be executed by the manual or facsimile signatures of the officers of the authority designated by the board. The bonds may be sold at public or private sale at the price, in the manner and at the time determined by the board. Pending preparation of definitive bonds, the authority may issue interim receipts or certificates that shall be exchanged for the definitive bonds.

(4) Any bond resolution may contain provisions, which shall be a part of the contract with the holders of the bonds that are authorized by the bond resolution, regarding any of the following:

(a) Pledging or assigning specified assets or revenues of the authority.

(b) Setting aside reserves or sinking funds, and the regulation, investment and disposition of these funds.

(c) Limitations on the purpose to which or the investments in which the proceeds of the sale of any issue of bonds may be applied.

(d) Limitations on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured and the terms upon which additional bonds may rank on a parity with, or be subordinate or superior to, other bonds.

(e) Funding, refunding, advance refunding or purchasing outstanding bonds.

(f) Procedures, if any, by which the terms of any contract with bondholders may be amended, the amount of bonds the holders of which must consent to the amendment and the manner in which this consent may be given.

(g) Defining the acts or omissions to act that constitute a default in the duties of the authority to the bondholders, and providing the rights and remedies of the bondholders in the event of a default.

(h) Other matters relating to the bonds that the board considers desirable.

(5) Neither the members of the board nor any person executing the bonds is liable personally on the bonds or subject to any personal liability or accountability by reason of the issuance of the bonds, unless the personal liability or accountability is the result of willful misconduct.

History: 1995 a. 27, 216.

233.21 Bond security. The authority may secure bonds by a trust agreement, trust indenture, indenture of mortgage or deed of trust by and between the authority and one or more corporate trustees. A bond resolution providing for the issuance of bonds so secured shall mortgage, pledge, assign or grant security interests in some or all of the revenues to be received by, and property of, the authority and may contain those provisions for protecting and enforcing the rights and remedies of the bondholders that are reasonable and proper and not in violation of law. A bond resolution may contain other provisions determined by the board to be reasonable and proper for the security of the bondholders.

History: 1995 a. 27.

233.22 Bonds not public debt. (1) The state is not liable on bonds and the bonds are not a debt of the state. All bonds shall contain a statement to this effect on the face of the bond. A bond issue does not, directly or indirectly or contingently, obligate the state or a political subdivision of the state to levy any tax or make

any appropriation for payment of the bonds. Nothing in this section prevents the authority from pledging its full faith and credit to the payment of bonds.

(2) Nothing in this chapter authorizes the authority to create a debt of the state, and all bonds issued by the authority are payable, and shall state that they are payable, solely from the funds pledged for their payment in accordance with the bond resolution authorizing their issuance or in any trust indenture or mortgage or deed of trust executed as security for the bonds. The state is not liable for the payment of the principal of or interest on a bond or for the performance of any pledge, mortgage, obligation or agreement that may be undertaken by the authority. The breach of any pledge, mortgage, obligation or agreement undertaken by the authority does not impose pecuniary liability upon the state or a charge upon its general credit or against its taxing power.

History: 1995 a. 27.

233.23 State pledge. The state pledges to and agrees with the bondholders, and persons that enter into contracts with the authority under this chapter, that the state will not limit or alter the rights vested in the authority by this chapter before the authority has fully met and discharged the bonds, and any interest due on the bonds, and has fully performed its contracts, unless adequate provision is made by law for the protection of the bondholders or those entering into contracts with the authority.

History: 1995 a. 27.

233.26 Refunding bonds. (1) The authority may issue bonds to fund or refund any outstanding bond, including the payment of any redemption premium on the outstanding bond and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity.

(2) The authority may apply the proceeds of any bond issued to fund or refund any outstanding bond to purchase, retire at maturity or redeem any outstanding bond. The authority may, pending application, place the proceeds in escrow to be applied to the purchase, retirement at maturity or redemption of any outstanding bond at any time.

History: 1995 a. 27.

233.27 Limit on the amount of outstanding bonds. The authority may not issue bonds or incur indebtedness described under s. 233.03 (12) if, after the bonds are issued or the indebtedness is incurred, the aggregate principal amount of the authority's outstanding bonds, together with all indebtedness described under s. 233.03 (12) would exceed \$235,000,000. Bonds issued to fund or refund outstanding bonds, or indebtedness incurred to pay off or purchase outstanding indebtedness, is not included in calculating compliance with the \$235,000,000 limit.

History: 1995 a. 27; 1999 a. 9; 2001 a. 16; 2003 a. 146.
