

CHAPTER 254

ENVIRONMENTAL HEALTH

	SUBCHAPTER I GENERAL PROVISIONS		
254.01	Definitions.	254.30	Enforcement; penalties.
254.015	Departmental power; designation.		SUBCHAPTER III RADIATION PROTECTION
254.02	Health risk assessments.	254.31	Definitions.
254.04	Authority of department of safety and professional services.	254.33	Public policy.
254.05	Joint employment.	254.335	Agreements with the U.S. nuclear regulatory commission transition.
	SUBCHAPTER II TOXIC SUBSTANCES	254.34	Powers and duties.
254.11	Definitions.	254.35	Registration of ionizing radiation installations.
254.115	Denial, nonrenewal and revocation of certification and permit based on delinquent taxes or unemployment insurance contributions.	254.365	Licensing of radioactive material.
254.12	Use or sale of lead-bearing paints.	254.37	Enforcement.
254.13	Reporting requirements.	254.38	Emergency authority.
254.15	Departmental duties.	254.39	Exceptions.
254.151	Lead poisoning or lead exposure prevention grants.	254.41	Radiation monitoring of nuclear power plants.
254.152	Delegation to local health departments.	254.45	Penalties.
254.154	Local authority.		SUBCHAPTER IV RECREATIONAL SANITATION
254.156	Definition of lead poisoning or lead exposure.	254.46	Beaches.
254.158	Screening recommendations.		SUBCHAPTER V ANIMAL-BORNE AND VECTOR-BORNE DISEASE CONTROL
254.162	Screening requirements.	254.50	Definition.
254.164	Care for children with lead poisoning or lead exposure.	254.51	Powers and duties.
254.166	Response to reports of lead poisoning or lead exposure.	254.52	Lyme disease; treatment, information and research.
254.167	Conduct of lead investigation.		SUBCHAPTER VI HUMAN HEALTH HAZARDS
254.168	Lead investigations of facilities serving children under 6 years of age.	254.55	Definitions.
254.172	Prevention and control of lead-bearing paint hazards in dwellings and premises.	254.56	Public places.
254.174	Technical advisory committees.	254.57	Smoke.
254.176	Certification requirements.	254.58	Powers of villages, cities and towns.
254.178	Accreditation of lead training courses and approval of lead instructors.	254.59	Human health hazards.
254.179	Rules for dwellings and premises.	254.593	Authority of the department and local health departments.
254.18	Lead hazard reduction in dwellings and premises; renovations.	254.595	Property violating codes or health orders.
254.181	Certificate of lead-free status and certificate of lead-safe status; fees and notification.		SUBCHAPTER IX SALE OR GIFT OF CIGARETTES OR TOBACCO PRODUCTS TO MINORS
254.182	Repayment to general fund.	254.911	Definitions.
254.19	Asbestos testing fees.	254.916	Investigations.
254.20	Asbestos abatement certification.	254.92	Purchase or possession of cigarettes or tobacco products by person under 18 prohibited.
254.21	Asbestos management.		
254.22	Indoor air quality.		

Cross-reference: See definitions in s. 250.01.

SUBCHAPTER I

GENERAL PROVISIONS

254.01 Definitions. In this chapter:

(1) “Environmental health” means the assessment, management, control and prevention of environmental factors that may adversely affect the health, comfort, safety or well-being of individuals.

(2) “Human health hazard” means a substance, activity or condition that is known to have the potential to cause acute or chronic illness, to endanger life, to generate or spread infectious diseases, or otherwise injuriously to affect the health of the public.

History: 1993 a. 27; 2007 a. 130.

254.015 Departmental power; designation. The department may designate a local health department to carry out a function of the department under this chapter.

History: 1993 a. 27.

254.02 Health risk assessments. (1) In this section:

(a) “Adverse health effect” means a condition that results in human morbidity, mortality, impaired reproductive function or toxicity or teratogenic, carcinogenic or mutagenic effects.

(b) “Health risk assessment” means the determination of the relationship between the magnitude of exposure to environmental

hazards and the probability of occurrence of adverse health effects.

(2) The department is the lead state agency for health risk assessment.

(3) (a) The department of agriculture, trade and consumer protection, the department of corrections, the department of safety and professional services, and the department of natural resources shall enter into memoranda of understanding with the department to establish protocols for the department to review proposed rules of those state agencies relating to air and water quality, occupational health and safety, institutional sanitation, toxic substances, indoor air quality, or waste handling and disposal.

(b) The department shall review proposed rules in the areas under par. (a) and make recommendations to the appropriate state agency if public health would be adversely impacted or if prevention of human health hazards or disease is not adequately addressed by the proposed rules. The department shall make recommendations for enforcement standards to address public health concerns of the proposed rules.

(4) The department and the state laboratory of hygiene shall enter into a memorandum of understanding that delineates the public health testing and consultative support that the state laboratory of hygiene shall provide to local health departments.

(5) The department shall assess the acute or chronic health effect from occupational or environmental human health hazards exposure as follows:

(a) The chief medical officer for environmental health shall establish a system for assessment, collection and surveillance of disease outcome and toxic exposure data.

(b) State agencies and local health departments shall report known incidents of environmental contamination to the department. The department shall investigate human health implications of an incident and determine the need to perform a health risk assessment. The department may require the party that is responsible for an incident to perform a health risk assessment.

(6) State agencies that require health risk assessments as part of their permit issuance or regulatory responsibilities shall enter into a memorandum of understanding with the department that permits the state health officer to establish a risk management protocol to review and make recommendations on the completeness of the health risk assessments.

History: 1993 a. 27; 1995 a. 27 ss. 6327, 9116 (5); 2011 a. 32; 2015 a. 55.

254.04 Authority of department of safety and professional services. Nothing in this chapter affects the authority of the department of safety and professional services relative to places of employment, elevators, boilers, fire escapes, fire protection, or the construction of public buildings.

History: 1975 c. 413 s. 13; Stats. 1975 s. 50.60; 1993 a. 27 s. 81; Stats. 1993 s. 254.78; 1995 a. 27 ss. 6344, 9116 (5); 2011 a. 32; 2015 a. 55 s. 4093; Stats. 2015 s. 254.04.

254.05 Joint employment. The department and the department of safety and professional services may employ experts, inspectors or other assistants jointly.

History: 1975 c. 413 s. 13; Stats. 1975 s. 50.61; 1993 a. 27 s. 82; Stats. 1993 s. 254.79; 1995 a. 27 ss. 6345, 9116 (5); 2011 a. 32; 2015 a. 55 s. 4094; Stats. 2015 s. 254.05.

SUBCHAPTER II

TOXIC SUBSTANCES

254.11 Definitions. In this subchapter:

(1) “Asbestos” means chrysotile, crocidolite, amosite, fibrous tremolite, fibrous actinolite or fibrous anthophyllite.

(2) “Asbestos abatement activity” means any activity which disturbs asbestos-containing material, including but not limited to the repair, enclosure, encapsulation or removal of asbestos-containing material and the renovation or demolition of any part of a structure.

(3) “Asbestos-containing material” means asbestos or any material or product which contains more than one percent of asbestos.

(4) “Asbestos management activity” means an inspection for asbestos-containing material, the design of an asbestos response action or the development of an asbestos management plan.

(4g) “Certificate of lead-free status” means a certificate issued by a certified lead risk assessor or other person certified under s. 254.176 that documents a finding by the assessor that a premises, dwelling or unit of a dwelling is free of lead-bearing paint as of the date specified on the certificate.

(4h) “Certificate of lead-safe status” means a certificate issued by a certified lead risk assessor or other person certified under s. 254.176 that documents that the assessor detected no lead-bearing paint hazards affecting the premises, dwelling or unit of the dwelling on the date specified on the certificate.

(5) “Dwelling” means any structure, all or part of which is designed or used for human habitation.

(5m) “Elevated blood lead level” means a level of lead in blood that is any of the following:

(a) Twenty or more micrograms per 100 milliliters of blood, as confirmed by one venous blood test.

(b) Fifteen or more micrograms per 100 milliliters of blood, as confirmed by 2 venous blood tests that are performed at least 90 days apart.

(6) “Fibrous” means having parallel sides and a length which is at least 3 times the diameter and which results in an aspect ratio of 3 to one or more.

(7) “Hematofluorometer” means an instrument used in identification of minute amounts of a substance in human blood by detection and measurement of the characteristic wavelength of the light emitted by the substance during fluorescence.

(7g) “Imminent lead hazard” means a lead hazard that, if allowed to continue, will place a child under 6 years of age at risk of developing lead poisoning or lead exposure, as determined by the department or other state agency, a local health department or a federal agency.

(7r) “Interim control activity” means any set of measures designed to temporarily reduce human exposure or likely exposure to a lead hazard, including specialized cleaning, repair, maintenance, painting, temporary containment and ongoing monitoring of lead hazards or potential lead hazards.

(8) “Lead-bearing paint” means any paint or other surface coating material containing more than 0.06 percent lead by weight, calculated as lead metal, in the total nonvolatile content of liquid paint, more than 0.5 percent lead by weight in the dried film of applied paint, or more than 1 milligram of lead per square centimeter in the dried film of applied paint.

(8d) “Lead-bearing paint hazard” has the meaning specified by rule by the department.

(8g) “Lead hazard” means any substance, surface or object that contains lead and that, due to its condition, location or nature, may contribute to the lead poisoning or lead exposure of a child under 6 years of age.

(8j) “Lead hazard abatement” means any set of measures designed to permanently eliminate a lead hazard, including all of the following:

(a) The removal of lead-bearing paint and lead-contaminated dust, the permanent containment or encapsulation of lead-bearing paint, the replacement of surfaces or fixtures painted with lead-bearing paint, and the removal or covering of lead-contaminated soil.

(b) All preparation, clean-up, disposal and postabatement clearance testing activities associated with the measures under par. (a).

(8n) “Lead hazard reduction” means actions designed to reduce human exposure to lead hazards, including lead hazard abatement and interim control activities involving lead-bearing paint or lead-contaminated dust or soil or clearance activities that determine whether an environment contains a lead hazard.

(8s) “Lead investigation” means a measure or set of measures designed to identify the presence of lead or lead hazards, including examination of painted or varnished surfaces, paint, dust, water and other environmental media.

(8u) “Lead management activity” means a lead investigation or the design or management of lead hazard reduction.

(9) “Lead poisoning or lead exposure” means a level of lead in the blood of 10 or more micrograms per 100 milliliters of blood.

(9g) “Lead risk assessor” has the meaning specified by rule by the department.

(9r) “Occupant” means a person who leases or lawfully resides in a dwelling or premises.

(10) “Owner” means a person who has legal title to any dwelling or premises.

(10m) “Premises” means any of the following:

(a) An educational or child care facility, including attached structures and the real property upon which the facility stands, that provides services to children under 6 years of age.

(b) Other classes of buildings and facilities, including attached structures and real property upon which the buildings or facilities stand, that the department determines by rule to pose a significant

risk of contributing to the lead poisoning or lead exposure of children under 6 years of age.

(11) “Public employee” has the meaning given under s. 101.055 (2) (b).

(12) “School” means any local education agency, as defined in 20 USC 3381, the owner of any nonpublic, nonprofit elementary or secondary school building or any governing authority of any school operated under 20 USC 921 to 932.

(13) “Third-party payer” means a disability insurance policy that is required to provide coverage for a blood lead test under s. 632.895 (10) (a); a health maintenance organization or preferred provider plan under ch. 609; a health care coverage plan offered by the state under s. 40.51 (6); a self-insured health plan offered by a city or village under s. 66.0137 (4), a local governmental unit or technical college district under s. 66.0137 (4m), a town under s. 60.23 (25), a county under s. 59.52 (11) (c), or a school district under s. 120.13 (2) (b); or a health care plan operated by a cooperative association organized under s. 185.981.

History: 1993 a. 27 s. 190, 191, 192, 425, 427 to 430; 1993 a. 183; 1993 a. 450 ss. 15 to 19, 25 to 34; 1995 a. 417; 1999 a. 113; 1999 a. 150 s. 672; 2001 a. 16; 2007 a. 91; 2009 a. 165; 2015 a. 55.

254.115 Denial, nonrenewal and revocation of certification and permit based on delinquent taxes or unemployment insurance contributions. (1) Except as provided in sub. (1m), the department shall require each applicant to provide the department with the applicant’s social security number, if the applicant is an individual, or the applicant’s federal employer identification number, if the applicant is not an individual, as a condition of issuing or renewing any of the following:

- (a) Certification under s. 254.176.
- (b) A certification card under s. 254.20 (3) or (4).

(1m) If an individual who applies for or to renew a certification, certification card or permit under sub. (1) does not have a social security number, the individual, as a condition of obtaining the certification, certification card or permit, shall submit a statement made or subscribed under oath or affirmation to the department that the applicant does not have a social security number. The form of the statement shall be prescribed by the department of children and families. A certification, certification card or permit issued or renewed in reliance upon a false statement submitted under this subsection is invalid.

(2) The department may not disclose any information received under sub. (1) to any person except to the department of revenue for the sole purpose of requesting certifications under s. 73.0301 and to the department of workforce development for the sole purpose of requesting certifications under s. 108.227.

(3) Except as provided in sub. (1m), the department shall deny an application for the issuance or renewal of a certification, certification card or permit specified in sub. (1) if the applicant does not provide the information specified in sub. (1).

(4) The department shall deny an application for the issuance or renewal of a certification, certification card or permit specified in sub. (1), or shall revoke the certification, certification card or permit specified in sub. (1), if the department of revenue certifies under s. 73.0301 that the applicant for or holder of the certification, certification card or permit is liable for delinquent taxes.

(5) The department shall deny an application for the issuance or renewal of a certification, certification card or permit specified in sub. (1), or shall revoke the certification, certification card or permit specified in sub. (1), if the department of workforce development certifies under s. 108.227 that the applicant for or holder of the certification, certification card or permit is liable for delinquent unemployment insurance contributions.

History: 1997 a. 237; 1999 a. 9; 2007 a. 20; 2013 a. 36; 2015 a. 55.

254.12 Use or sale of lead-bearing paints. (1) No person may apply lead-bearing paints:

- (a) To any exposed surface on the inside of a dwelling;

- (b) To the exposed surface of a structure used for the care of children; or

- (c) To any fixture or other object placed in or upon any exposed surface of a dwelling and ordinarily accessible to children.

(2) No person may sell or transfer any fixture or other object intended to be placed upon any surface on the inside of a dwelling, containing a lead-bearing paint and ordinarily accessible to children.

History: 1979 c. 221; 1993 a. 16; 1993 a. 27 s. 431; Stats. 1993 s. 254.12; 1993 a. 450.

254.13 Reporting requirements. (1) Every physician who diagnoses lead poisoning or lead exposure, or any nurse, hospital administrator, director of a clinical laboratory or local health officer who has verified information of the existence of any person found or suspected to have lead poisoning or lead exposure, shall report to the department or to the local health officer of the region in which the person resides within 48 hours after verifying this information. The local health officer shall report to the department the name, address, laboratory results, date of birth and any other information about the person that the department considers essential. Any physician, nurse, hospital administrator, director of a clinical laboratory, local health officer or allied health professional making such a report in good faith shall be immune from any civil or criminal liability that otherwise might be incurred from making the report.

(2) A person who screens a child under 6 years of age for lead poisoning or lead exposure under this subchapter, or any rule promulgated under this subchapter, shall report the results of the screening to the department within the time period for reporting by rule. The department shall promulgate rules specifying the form of the reports required under this subsection. A person making a report under this subsection in good faith is immune from civil or criminal liability that might otherwise be incurred from making the report.

History: 1979 c. 221; 1989 a. 31; 1993 a. 27 s. 432; Stats. 1993 s. 254.13; 1993 a. 450.

Cross-reference: See also ch. DHS 181, Wis. adm. code.

254.15 Departmental duties. The department shall:

(1) Develop and implement a comprehensive statewide lead poisoning or lead exposure prevention and treatment program that includes lead poisoning or lead exposure prevention grants under s. 254.151; any childhood lead poisoning screening requirement under rules promulgated under ss. 254.158 and 254.162; any requirements regarding care coordination and follow-up for children with lead poisoning or lead exposure required under rules promulgated under s. 254.164; responses to reports of lead poisoning or lead exposure under s. 254.166; any lead investigation requirements under rules promulgated under ss. 254.167 and 254.168; any lead hazard reduction requirements under rules promulgated under s. 254.172; certification, accreditation and approval requirements under ss. 254.176 and 254.178; any certification requirements and procedures under rules promulgated under s. 254.179; and any fees imposed under s. 254.181.

(2) Provide laboratory testing of biological and environmental lead specimens for lead content to any physician, hospital, clinic, municipality or private organization that cannot secure or provide testing through other sources. The department may not assume responsibility for blood lead analysis required in programs in operation on April 30, 1980.

(3) Develop or encourage the development of appropriate programs and studies to identify sources of lead poisoning or lead exposure, and assist other entities in the identification of lead in children’s blood and of the sources of the lead poisoning or lead exposure.

(4) Provide technical assistance and consultation to local, county or regional governmental or private agencies to promote and develop lead poisoning or lead exposure prevention programs that afford opportunities for employing residents of communities and neighborhoods affected by lead poisoning or lead exposure

from lead-bearing paint, and that provide appropriate training, education and information to inform these residents of the opportunities for employment.

(5) Provide recommendations for the identification and treatment of lead poisoning or lead exposure.

(6) Develop educational programs to communicate to parents, educators and officials of local boards of health the health danger of lead poisoning or lead exposure from lead-bearing paint among children.

History: 1979 c. 221; 1987 a. 399; 1989 a. 31; 1991 a. 39; 1993 a. 16; 1993 a. 27 ss. 434, 435; Stats. 1993 s. 254.15; 1993 a. 183; 1993 a. 450 ss. 21, 43; 1999 a. 113, 186; 2005 a. 25; 2007 a. 91.

254.151 Lead poisoning or lead exposure prevention grants. From the appropriation account under s. 20.435 (1) (ef), the department shall award the following grants under criteria that the department shall establish in rules promulgated under this section:

(1) To fund educational programs about the dangers of lead poisoning or lead exposure.

(2) To fund lead poisoning or lead exposure screening, care coordination and follow-up services, including lead investigations, to children under age 6 who are not covered by a 3rd-party payer.

(3) To fund administration or enforcement of responsibilities delegated under s. 254.152.

(4) To fund other activities related to lead poisoning or lead exposure.

(5) To fund any combination of the purposes under subs. (1) to (4).

(6) To develop and implement outreach and education programs for health care providers to inform them of the need for lead poisoning or lead exposure screening and of the requirements of this subchapter relating to lead poisoning or lead exposure.

(7) In each fiscal year, \$125,000 to fund lead screening and outreach activities at a community-based human service agency that provides primary health care, health education and social services to low-income individuals in 1st class cities.

History: 1993 a. 450; 1995 a. 27; 1997 a. 27; 2007 a. 91; 2009 a. 28.

Cross-reference: See also ch. DHS 182, Wis. adm. code.

254.152 Delegation to local health departments. Except with respect to the department's authority to promulgate rules under this chapter, the department may designate local health departments as its agents in administering and enforcing ss. 254.11 to 254.178 and any rules promulgated under those sections. The department may not designate a local health department as its agent unless the department provides a grant that the department determines to be sufficient for the local health department to carry out any responsibilities as an agent designated under this section.

History: 1993 a. 450.

254.154 Local authority. This subchapter does not prohibit any city, village, town or other political subdivision from enacting and enforcing ordinances establishing a system of lead poisoning or lead exposure control that provides the same or higher standards than those set forth in this subchapter. Nothing in this subchapter may be interpreted or applied in any manner to impair the right of any person, entity, municipality or other political subdivision to sue for damages or equitable relief. Nothing in this subchapter may be interpreted or applied in any manner to impair the right of a municipality or other political subdivision to impose a penalty for or restrain the violation of an ordinance specified in this section.

History: 1979 c. 221; 1989 a. 31; 1993 a. 27 s. 436; Stats. 1993 s. 254.16; 1993 a. 450 s. 48; Stats. 1993 s. 254.154; 1999 a. 113.

254.156 Definition of lead poisoning or lead exposure. Notwithstanding s. 254.11 (intro.) and (9), whenever the centers for disease control and prevention of the federal department of

health and human services specifies a standard for the determination of lead poisoning or lead exposure that differs from that specified in s. 254.11 (9), the department shall promulgate a rule defining "lead poisoning or lead exposure" to correspond to the specification of the centers for disease control and prevention. Rules promulgated under this section supersede s. 254.11 (9) with respect to the requirements of this subchapter.

History: 1993 a. 450; 2015 a. 55.

254.158 Screening recommendations. The department may promulgate rules specifying recommended lead poisoning or lead exposure screening methods and intervals for children under 6 years of age. Any rules promulgated under this section:

(1) Shall meet any federal requirements for the screening of children under 6 years of age.

(1m) May include an appropriate questionnaire regarding potential exposure to lead and products containing lead.

(2) Shall permit at least the following persons to provide screening services:

(a) A person licensed to practice medicine or osteopathy under ch. 448.

(b) A nurse registered, permitted or licensed under ch. 441.

(c) A public health nurse under s. 250.06 (1).

(3) Shall exempt a child from the lead screening recommendations if the child's parent, guardian or legal custodian signs a written waiver objecting to the lead poisoning screening for reasons of health, religion or personal conviction.

(4) Shall exempt a child from the lead poisoning screening recommendations if the child's parent, guardian or legal custodian presents written evidence of a lead screening that was conducted within the previous 6 months, or other time period specified by the department by rule, and that was conducted in accordance with the laws or rules of another state whose laws or rules the department determines to be at least as stringent as the screening methods and intervals recommended under this section.

History: 1993 a. 450.

254.162 Screening requirements. (1) INSTITUTIONS AND PROGRAMS PROVIDING SERVICES TO CHILDREN UNDER 6 YEARS OF AGE. The department may promulgate rules requiring the following institutions and programs to obtain written evidence that each child under 6 years of age participating in the institution or program has obtained a lead screening, or is exempt from obtaining one, under the recommended lead screening levels and intervals contained in the rules promulgated by the department under s. 254.158, within the time periods specified by the department:

(a) Multidisciplinary evaluations for early intervention under s. 51.44.

(b) Head start programs administered by a head start agency under 42 USC 9836.

(c) Child care providers certified under s. 48.651 and child care centers licensed under s. 48.65, provisionally licensed under s. 48.69, or established or contracted for under s. 120.13 (14).

(d) School-based programs serving children under 6 years of age, including kindergartens, special education and related services for children with disabilities, as defined in s. 115.76 (5), and other early childhood programs.

(e) Health care programs that provide services to children under 6 years of age and that receive state funding.

(f) Other institutions or programs that provide services to children under 6 years of age.

(2) INFORMATION REQUIREMENT. If a program or institution is required to request written evidence of a lead screening under rules promulgated under sub. (1), the institution or program shall, at the time that it makes the request, inform the parent, guardian or legal custodian of the child in writing, in a manner that is prescribed by the department by rule, of the importance of lead screening, of how and where the lead screening may be obtained, and of the conditions under which a child is exempt from the rec-

ommended lead screening requirements under the department's rules.

History: 1993 a. 450; 1997 a. 164; 2009 a. 185.

254.164 Care for children with lead poisoning or lead exposure. The department may promulgate rules establishing standards for the care coordination and follow-up of children under 6 years of age with lead poisoning or lead exposure. Any rules promulgated under this section shall meet any federal requirements for the care coordination and follow-up of children under 6 years of age with elevated blood lead levels. Rules promulgated under this subsection may specify different care coordination and follow-up requirements based on different blood lead levels and may, where appropriate, require that the care coordination and follow-up include any of the following:

- (1) Physical, developmental and nutritional assessment.
- (2) Parent education.
- (3) Medical evaluation.
- (4) A lead investigation of all or part of the child's dwelling or other dwellings or premises that may have contributed to the child's lead poisoning or lead exposure.
- (5) Assistance in developing a plan for lead hazard reduction or other actions needed to reduce exposure to lead and the consequences of such exposure.
- (6) Where necessary, assistance in obtaining permanent or temporary lead-safe housing.
- (7) Nutritional supplements.
- (8) Follow-up services, including monitoring the provision of services to the child.

History: 1993 a. 450; 2007 a. 91.

254.166 Response to reports of lead poisoning or lead exposure. (1) The department may, after being notified that an occupant of a dwelling or premises who is under 6 years of age has blood lead poisoning or lead exposure, present official credentials to the owner or occupant of the dwelling or premises, or to a representative of the owner, and request admission to conduct a lead investigation of the dwelling or premises. If the department is notified that an occupant of a dwelling or premises who is a child under 6 years of age has an elevated blood lead level, the department shall conduct a lead investigation of the dwelling or premises or ensure that a lead investigation of the dwelling or premises is conducted. The lead investigation shall be conducted during business hours, unless the owner or occupant of the dwelling or premises consents to an investigation during nonbusiness hours or unless the department determines that the dwelling or premises presents an imminent lead hazard. The department shall use reasonable efforts to provide prior notice of the lead investigation to the owner of the dwelling or premises. The department may remove samples or objects necessary for laboratory analysis to determine the presence of a lead hazard in the dwelling or premises. The department shall prepare and file written reports of all lead investigations conducted under this section and shall make the contents of these reports available for inspection by the public, except for medical information, which may be disclosed only to the extent that patient health care records may be disclosed under ss. 146.82 to 146.835. If the owner or occupant refuses admission, the department may seek a warrant to investigate the dwelling or premises. The warrant shall advise the owner or occupant of the scope of the lead investigation.

(2) If the department determines that a lead hazard is present in any dwelling or premises, the department may do any of the following:

- (a) Cause to be posted in a conspicuous place upon the dwelling or premises a notice of the presence of a lead hazard.
- (b) Inform the local health officer of the results of the lead investigation and provide recommendations to reduce or eliminate the lead hazard.

(c) Notify the occupant of the dwelling or premises or the occupant's representative of all of the following:

1. That a lead hazard is present on or in the dwelling or premises.
 2. The results of any lead investigations conducted on or in the dwelling or premises.
 3. Any actions taken to reduce or eliminate the lead hazard.
- (d) Notify the owner of the dwelling or premises of the presence of a lead hazard.

(2m) If the department determines that a lead hazard is present in any dwelling or premises, the local health department shall and the department may issue an order that requires reduction or elimination of an imminent lead hazard within 5 days after the order's issuance and reduction or elimination of other lead hazards within 30 days after the order's issuance, except that, for orders that are issued between October 1 and May 1 and that relate only to exterior lead hazards that are not imminent lead hazards, the order may require elimination or reduction of the lead hazard no earlier than the June 1 immediately following the order's issuance. If the agency that issued the order determines that the owner has good cause for not complying with the order within the 5-day or 30-day time period, the agency may extend the time period within which the owner is required to comply with the order. The failure to comply with an order within the time prescribed or as extended shall be prima facie evidence of negligence in any action brought to recover damages for injuries incurred after the time period expires. If an order to conduct lead hazard reduction is issued by the department or by a local health department and if the owner of the dwelling or premises complies with that order, there is a rebuttable presumption that the owner of the dwelling or premises has exercised reasonable care with respect to lead poisoning or lead exposure caused, after the order has been complied with, by lead hazards covered by the order, except that with respect to interim control activities the rebuttable presumption continues only for the period for which the interim control activity is reasonably expected to reduce or eliminate the lead hazard.

(2r) The department may conduct or require a certified lead risk assessor or other person certified under s. 254.176 to conduct a lead investigation, a check of work completed, and dust tests for the presence of hazardous levels of lead to ensure compliance with an order issued under sub. (2m).

(4) The department shall give priority to eliminating lead hazards from dwellings in which children under 6 years of age with diagnosed lead poisoning or lead exposure reside.

History: 1979 c. 221; 1989 a. 31; 1993 a. 27 s. 433; Stats. 1993 s. 254.14; 1993 a. 450 ss. 39 to 41; Stats. 1993 s. 254.166; 1999 a. 113; 2005 a. 25; 2007 a. 91.

254.167 Conduct of lead investigation. Subject to the limitation under s. 254.174, the department may promulgate rules establishing procedures for conducting lead investigations of dwellings and premises. The rules promulgated under this section may include the following:

(1) Specific procedures for investigating, testing or sampling painted, varnished or other finished surfaces, drinking water, household dust, soil and other materials that may contain lead.

(2) Specific procedures for the notification of owners, operators, occupants or prospective occupants, mortgagees and lienholders of lead levels identified during a lead investigation and of any health risks that are associated with the lead level and condition of the lead found during the lead investigation.

(3) The form of lead investigation reports, the requirements for filing the reports with the department and the procedures by which members of the public may obtain copies of lead investigation reports.

(4) Requirements for the posting of warnings, where appropriate, of the presence of a lead hazard.

History: 1993 a. 450; 1999 a. 113.

Cross-reference: See also ch. DHS 163, Wis. adm. code.

254.168 Lead investigations of facilities serving children under 6 years of age. Subject to the limitation under s. 254.174, the department may promulgate rules that require any of the following facilities to have periodic lead investigations at intervals determined by the department or to otherwise demonstrate that the facility does not contain a lead hazard, if any part of the facility was constructed before January 1, 1978:

- (1) A foster home licensed under s. 48.62.
- (2) A group home licensed under s. 48.625.
- (3) A shelter care facility under s. 48.66.
- (4) A child care provider certified under s. 48.651.
- (5) A child care center licensed under s. 48.65, provisionally licensed under s. 48.69, or established or contracted for under s. 120.13 (14).
- (6) A private or public nursery school or kindergarten.
- (7) Any other facility serving children under 6 years of age that presents a risk for causing lead poisoning or lead exposure in children.

History: 1993 a. 450; 2007 a. 91; 2009 a. 185.

254.172 Prevention and control of lead-bearing paint hazards in dwellings and premises. (1) Subject to the limitation under s. 254.174, the department may promulgate rules governing lead hazard reduction that the department determines are consistent with federal law.

(2) If a certified lead risk assessor or other person certified under s. 254.176 conducts a lead investigation of a dwelling or premises, he or she shall conduct the lead investigation and issue a report in accordance with any rules promulgated under s. 254.167. If the report indicates that the dwelling or premises meets criteria under s. 254.179 (1) (a) for issuance of a certificate of lead-free or of a certificate of lead-safe status, the lead risk assessor or other person shall issue the appropriate certificate, subject to s. 254.181.

History: 1993 a. 450; 1999 a. 113, 186.

Cross-reference: See also ch. DHS 163, Wis. adm. code.

254.174 Technical advisory committees. Before the department may promulgate rules under s. 254.167, 254.168, 254.172 or 254.179, the department shall appoint a technical advisory committee under s. 227.13 and shall consult with the technical advisory committee on the proposed rules. Any technical advisory committee required under this section shall include representatives from local health departments that administer local lead programs, representatives from the housing industry, persons certified under s. 254.176, representatives from the medical or public health professions, advocates for persons at risk of lead poisoning and a resident of a 1st class city. Any technical advisory committee required under this section before promulgating rules under s. 254.168 shall also include representatives of facilities serving children under 6 years of age.

History: 1993 a. 450; 1999 a. 113.

254.176 Certification requirements. (1) Except as provided in sub. (2) and s. 250.041, and subject to sub. (3m) and s. 254.115, the department may establish by rule certification requirements for any person who performs lead hazard reduction or a lead management activity or who supervises the performance of any lead hazard reduction or lead management activity.

(2) No certification is required under this section for lead hazard reduction conducted by any of the following persons, unless the lead hazard reduction is being done to comply with an order by the department or another state or local agency that requires the use of persons certified under this section:

- (a) A person whose activities are limited to interim control activities, unless the activities are directly funded by a grant from the federal department of housing and urban development.
- (b) A person whose activities do not involve lead-bearing paint or lead-contaminated soil or dust.

(c) A homeowner who engages in lead hazard reduction only in or on his or her own nonrental residential dwelling or real property.

(d) A person licensed, certified or registered under ch. 145 who engages in activities that constitute lead hazard reduction, only to the extent that these activities are within the scope of his or her license, certification or registration.

(e) A person who engages in the business of installing or servicing heating, ventilating or air conditioning equipment if the person is registered with the department of safety and professional services and if the person engages in activities that constitute lead hazard reduction, only to the extent that the activities are within the scope of his or her registration.

(3) Except as provided in s. 250.041 and subject to sub. (3m) and s. 254.115, the department may promulgate rules establishing certification requirements for persons required to be certified under this section. Any rules promulgated under this section:

(a) Shall include requirements and procedures for issuing, renewing, revoking and suspending under this section certifications issued under this section.

(c) Shall require completion of an appropriate training course accredited under s. 254.178 or of a training course determined by the department to be comparable to the appropriate training course under s. 254.178.

(d) May provide for requirements other than training as a condition for full certification.

(e) Shall specify fees for certifying persons under this section, except that no fee may be imposed on any person employed by the state or by any political subdivision of the state for a certification required to perform duties within the scope of the employment or on an individual who is eligible for the veterans fee waiver program under s. 45.44.

(f) Shall require the issuance of a photo identification card to each person certified under this section.

(3m) Any relevant education, training, instruction, or other experience that an applicant has obtained in connection with military service, as defined in s. 111.32 (12g), counts toward satisfying the requirements for education, training, instruction, or other experience for certification under this section if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience that the applicant obtained in connection with his or her military service is substantially equivalent to the education, training, instruction, or other experience that is required to be certified under this section.

(4) The department shall maintain lists of all persons who are certified under this section and shall make the lists available to the public. The department may charge a fee for lists provided under this subsection to cover the department's costs in providing the lists.

(5) After notice and opportunity for hearing, the department may revoke, suspend, deny or refuse to renew any certification issued under this section in accordance with the procedures set forth in ch. 227, except that if a revocation, denial, or nonrenewal is based on tax delinquency under s. 73.0301 or unemployment insurance contribution delinquency under s. 108.227, the only hearing rights available are those set forth in s. 73.0301 (5) or 108.227 (5), whichever is applicable.

History: 1993 a. 450; 1995 a. 27 ss. 6330, 9116 (5); 1997 a. 191, 237; 1999 a. 113; 2011 a. 32, 120, 209; 2013 a. 36.

Cross-reference: See also ch. DHS 163, Wis. adm. code.

254.178 Accreditation of lead training courses and approval of lead instructors. (1) (a) No person may advertise or conduct a training course in lead hazard reduction, or in a lead management activity, that is represented as qualifying persons for certification under s. 254.176 unless the course is accredited by the department under this section.

(b) Except as provided in s. 250.041, no person may function as an instructor of a lead training course accredited under this sec-

tion unless the person is approved by the department under this section.

(2) The department shall promulgate rules establishing requirements, except as provided in sub. (2m) and s. 250.041, for accreditation of lead training courses and approval of lead instructors. These rules:

(a) Except as provided in s. 250.041, shall include requirements and procedures for granting, renewing, revoking and suspending under this section lead training course accreditations and lead instructor approvals.

(c) May provide for full or contingent accreditation or approval.

(d) Shall specify fees for accrediting lead training courses and approving lead instructors, except that no fee may be imposed on an individual who is eligible for the veterans fee waiver program under s. 45.44.

(2m) Any relevant education, training, instruction, or other experience that an applicant has obtained in connection with military service, as defined in s. 111.32 (12g), counts toward satisfying the requirements for education, training, instruction, or other experience to function as an instructor of a lead training course accredited under this section if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience that the applicant obtained in connection with his or her military service is substantially equivalent to the education, training, instruction, or other experience that is required to function as an instructor of a lead training course accredited under this section.

(3) The department shall maintain lists of all lead training courses accredited, and all lead instructors approved, under this section and shall make the lists available to the public. The department may charge a fee for lists provided under this subsection to cover the department's costs in providing the lists.

(4) After notice and opportunity for hearing, the department may revoke, suspend, deny or refuse to renew under this section any accreditation or approval issued under this section in accordance with the procedures set forth in ch. 227.

History: 1993 a. 450; 1997 a. 191; 1999 a. 113; 2011 a. 120, 209.

Cross-reference: See also ch. DHS 163, Wis. adm. code.

254.179 Rules for dwellings and premises. (1) Subject to s. 254.174 and after review of ordinances of cities, towns and villages in this state, the department shall, by use of a research-based methodology, promulgate as rules all of the following:

(a) Except as provided in s. 254.18, the standards for a premises, dwelling or unit of a dwelling that must be met for issuance of a certificate of lead-free status or a certificate of lead-safe status to the owner of the premises, dwelling or unit of a dwelling, with the goal of long-term lead hazard reduction.

(b) The procedures by which a certificate of lead-free status or a certificate of lead-safe status may be issued or revoked.

(c) The period of validity of a certificate of lead-free status or a certificate of lead-safe status, including all of the following:

1. Authorization for the certificate of lead-free status to remain in effect unless revoked because of erroneous issuance or because the premises, dwelling or unit of the dwelling is not free of lead-bearing paint. The rules shall specify that the face of the certificate shall indicate that the certificate is valid unless revoked.

2. The standards limiting the length of validity of a certificate of lead-safe status, including the condition of a premises, dwelling, or unit of a dwelling, the type of lead hazard reduction activity that was performed, if any, and any other requirements that must be met to maintain certification, unless the certificate is earlier revoked because of erroneous issuance or because the premises, dwelling, or unit of the dwelling is not safe from lead-bearing paint hazards. The rules shall specify that the face of the certificate shall indicate the certificate's length of validity.

(d) A mechanism for creating a registry of all premises, dwellings or units of dwellings for which a certificate of lead-free status or a certificate of lead-safe status is issued.

(e) The requirements for a course of up to 16 hours that a property owner or his or her employee or agent may complete in order to receive certification of completion and the scope of the lead investigation and lead hazard reduction activities that the owner, employee or agent may perform following certification, to the extent consistent with federal law.

(2) By January 1, 2003, and every 2 years thereafter, the department shall review the rules under sub. (1) and shall promulgate changes to the rules if necessary in order to maintain consistency with federal law.

(3) Subject to s. 254.174, the department may promulgate rules that set forth safe work practices that shall be followed in the demolition of a building constructed before January 1, 1978, to avoid exposure by persons to lead hazards in the area of the demolition.

History: 1999 a. 113; 2005 a. 25, 254.

254.18 Lead hazard reduction in dwellings and premises; renovations. (1) Sampling or testing of dwellings, units of dwellings or premises for the presence of lead-bearing paint or a lead hazard is not required before lead hazard reduction activities are conducted if the presence of lead-bearing paint or a lead hazard is assumed and the lead hazard reduction activities are performed in a lead-safe manner.

(2) (a) In this subsection, "partial lead inspection" means an on-site investigation of one or more painted, varnished, or otherwise coated building components to determine the presence of lead, but not a surface-by-surface investigation.

(b) If the presence of lead-bearing paint or a lead hazard is assumed and a renovation of a dwelling, unit of a dwelling, or premises is performed in a lead-safe manner, any person who performs a partial lead inspection relating to that renovation is not required to comply with any requirements established by the department for a lead inspection.

(c) The person who performs a partial lead inspection under this subsection shall disclose, in writing, to the owner or lessor of the dwelling or premises that the person performed a partial lead inspection.

History: 1999 a. 113; 2015 a. 122.

254.181 Certificate of lead-free status and certificate of lead-safe status; fees and notification. (1) The department may impose a fee of \$50 for issuance of a certificate of lead-free status and a fee of \$25 for issuance of a certificate of lead-safe status. Fees under this section may not exceed actual costs of issuance and of s. 254.179. The department shall review the fees every 2 years and adjust the fees to reflect the actual costs.

(2) The department shall, at least quarterly, notify a local health department concerning issuance of certificates of lead-free status and certificates of lead-safe status in the area of jurisdiction of the local health department.

History: 1999 a. 113.

254.182 Repayment to general fund. The secretary of administration shall transfer from the appropriation account under s. 20.435 (1) (gm) to the general fund the amount of \$735,000 when the secretary of administration determines that program revenues from fees imposed under ss. 254.176 (3) (e) and (4), 254.178 (2) (d) and 254.181 are sufficient to make the transfer.

History: 1999 a. 113.

254.19 Asbestos testing fees. Notwithstanding s. 36.25 (11) (f), the state laboratory of hygiene board shall impose a fee sufficient to pay for any asbestos testing services which it provides.

History: 1987 a. 396; 1993 a. 27 s. 317; Stats. 1993 s. 254.19.

254.20 Asbestos abatement certification. (2) CERTIFICATION REQUIREMENTS. (a) No person serving on the governing body of a school, employed by a school or acting under a contract with a school may perform any asbestos abatement activity or asbestos management activity unless he or she has a valid certification card issued to him or her under sub. (3).

(b) No public employee may perform any asbestos abatement activity unless he or she has a valid certification card issued to him or her under sub. (3).

(c) No public employee may supervise the performance of any asbestos abatement activity unless he or she has a valid supervisor's certification card issued to him or her under sub. (3).

(d) Except as provided in s. 250.041 and subject to s. 254.115, the department may establish by rule certification requirements for any person not certified under pars. (a) to (c) who performs any asbestos abatement activity or asbestos management activity or who supervises the performance of any asbestos abatement activity or asbestos management activity.

(3) CERTIFICATION PROCEDURE. (a) Except as provided in s. 250.041 and subject to sub. (4m), the department may establish by rule eligibility requirements for persons applying for a certification card required under sub. (2). Any training required by the department under this paragraph may be approved by the department or provided by the department under sub. (8).

(b) Except as provided in s. 250.041, the department shall establish the procedure for issuing certification cards under this subsection. In establishing that procedure, the department shall prescribe an application form and establish an examination procedure and may require applicants to provide photographic identification.

(4) RENEWAL. A certification card issued under sub. (3) is valid for one year. Except as provided in s. 250.041 and subject to s. 254.115, the department may establish requirements for renewing such a card, including but not limited to additional training.

(4m) MILITARY SERVICE. Any relevant education, training, instruction, or other experience that an applicant has obtained in connection with military service, as defined in s. 111.32 (12g), counts toward satisfying the requirements for education, training, instruction, or other experience to obtain a certification card under this section if the applicant demonstrates to the satisfaction of the department that the education, training, instruction, or other experience that the applicant obtained in connection with his or her military service is substantially equivalent to the education, training, instruction, or other experience that is required to obtain a certification card under this section.

(5) FEES. (a) Except as provided under pars. (b) and (c), the department shall charge the following fees for certification cards issued under sub. (3) or renewed under sub. (4):

1. For a certification card issued or renewed for the performance of any asbestos abatement activity, as required under sub. (2) (a), (b) or (d), \$50.

2. For a certification card issued or renewed for performance of an inspection for asbestos-containing material or the design of an asbestos response action, as required under sub. (2) (a) or (d), \$150.

3. For a certification card issued or renewed for supervising the performance of any asbestos abatement activity, as required under sub. (2) (c), \$100.

4. For a certification card issued or renewed for performance of the development of an asbestos management plan, as required under sub. (2) (a) or (d), \$100.

(b) The department may change by rule the fee amounts specified under par. (a). The fees received under this subsection shall be credited to the appropriation under s. 20.435 (1) (gm).

(c) The department may not charge a fee for a certification card issued under this section to an individual who is eligible for the veterans fee waiver program under s. 45.44.

(6) SUSPENSION OR REVOCATION. The department may, under this section, suspend or revoke a certification card issued under sub. (3) if it determines that the holder of the card is not qualified to be certified.

(7) APPEALS. Any suspension, revocation or nonrenewal of a certification card required under sub. (2) or any denial of an application for such a certification card is subject to judicial review under ch. 227, except as provided in s. 250.041 and except that the only hearing rights available for a denial, revocation, or nonrenewal of a certification card required under sub. (2) based on tax delinquency under s. 73.0301 or unemployment insurance contribution delinquency under s. 108.227 are those set forth in s. 73.0301 (5) or 108.227 (5), whichever is applicable.

(8) TRAINING COURSES. The department may conduct or contract for any training course necessary to prepare persons for a certification card required under sub. (2). The department may establish a fee for any course offered under this subsection. The fee may not exceed the actual cost of the course. The fees received under this subsection shall be credited to the appropriation under s. 20.435 (1) (gm).

(9) RULES. The department may promulgate any rule it deems necessary to administer this section.

(10) ENFORCEMENT. (a) The department may enter, at any reasonable time, any property, premises or place in which any person required to have a certification card under sub. (2) is engaged in any asbestos abatement activity to determine if the department has issued that person a valid certification card. No person may refuse entry or access to any representative of the department authorized by the department to act under this paragraph if that representative requests entry for purposes of determining compliance with this section, if that representative presents a valid identification issued to the representative by the department and if that representative is complying with par. (b). No person may obstruct, hamper or interfere with the actions of that representative under this paragraph.

(b) Any representative of the department acting under par. (a) shall comply with any health and safety procedure established by law for persons engaged in asbestos abatement activities.

(c) If the department determines that any person required to have a certification card under sub. (2) has violated this section, the department may order that person to cease the violation. The order may require all asbestos abatement activities on the premises where the violation occurs to cease until the violation is corrected if there is no person on the premises with a valid certification card issued to him or her under sub. (3). The department shall give the order in writing to that person or that person's representative.

(d) Any other state agency, in the course of the performance of its duties, may determine compliance with the certification requirements of this section. If that agency determines that there is a violation of this section, it shall notify the department of that violation.

(e) The department may initiate an action in the name of this state against any person to require compliance with this section.

(11) PENALTY. Any person who violates this section or any rule promulgated or order issued under this section shall forfeit not less than \$25 nor more than \$100 for each violation. Each day of violation and each violation constitutes a separate offense.

History: 1987 a. 27, 1989 a. 173; 1993 a. 27 ss. 188, 193; 1997 a. 191, 237; 2011 a. 120, 209; 2013 a. 36.

Cross-reference: See also ch. DHS 159, Wis. adm. code.

254.21 Asbestos management. (2) The department shall promulgate rules to do all of the following:

(a) Establish building inspection requirements and procedures to protect students and employees from asbestos hazards in schools.

(b) Regulate asbestos abatement activities in schools.

(c) Establish requirements for the maintenance of asbestos-containing material in schools which contain asbestos-containing material.

(d) Establish priorities for asbestos abatement activities in schools which contain asbestos-containing materials.

(e) Require a management plan for asbestos-containing material in every school which contains asbestos-containing material.

(2m) No requirement under sub. (2) may be stricter than any requirement under 15 USC 2641 to 2654.

(3) A school district and any school which is not a public school may apply to the department for a variance to any standard adopted under this section under the provisions of s. 101.055 (4) (a) to (c).

(4) Any person who intentionally violates any rule promulgated under this section shall forfeit not less than \$100 nor more than \$1,000 for each violation. Each violation constitutes a separate offense and each day of continued violation is a separate offense.

History: 1987 a. 396; 1993 a. 27 s. 364, 366; Stats. 1993 s. 254.21.

254.22 Indoor air quality. The department shall do all of the following:

(1) Investigate illness or disease outbreaks suspected of being caused by poor indoor air quality. The department shall promote or require control measures if indoor air quality is established to be the cause of illness or disease outbreaks.

(2) Assist local health departments in the adoption of regulations that establish standards for indoor air quality in public buildings to protect the occupants from adverse health effects due to exposure to chemical or biological contaminants.

(3) Provide training and technical support to local health departments for conducting indoor air quality testing and investigations.

(4) Assist the department of safety and professional services with the enforcement of s. 101.123.

History: 1993 a. 27; 1995 a. 27 ss. 6331, 9116 (5); 2011 a. 32.

254.30 Enforcement; penalties. **(1) ENFORCEMENT.** (a) The department may enter, at any reasonable time, a dwelling or premises undergoing any lead hazard reduction to determine if all persons engaged in lead hazard reduction have been appropriately certified if required under s. 254.176.

(b) The department may report any violation of ss. 254.11 to 254.178 or rules promulgated, or orders issued, under those sections to the district attorney of the county in which the dwelling is located. The district attorney shall enforce ss. 254.11 to 254.178 and rules promulgated, and orders issued, under those sections. If a circuit court determines that an owner of a rented or leased dwelling or premises has failed to comply with an order issued under ss. 254.11 to 254.178, the circuit court may order the occupants of the affected dwelling or premises to withhold rent in escrow until the owner of the dwelling or premises complies with the order.

(c) Sections 254.11 to 254.178 do not limit the ability of the department to require abatement of human health hazards involving lead under s. 254.59.

(2) PENALTIES. (a) *Civil penalty.* Any person who violates ss. 254.11 to 254.178 or rules promulgated, or orders issued, under those sections may be required to forfeit not less than \$100 nor more than \$5,000 per violation. Each day of continued violation constitutes a separate offense.

(b) *Criminal penalty.* Any person who knowingly violates any provision of ss. 254.11 to 254.178 or any rule promulgated, or order issued, under those sections shall be fined not less than \$100 nor more than \$5,000 per violation. The court may place the person on probation under s. 973.09 for a period not to exceed 2 years.

History: 1979 c. 221; 1987 a. 332; 1993 a. 27 s. 439; Stats. 1993 s. 254.30; 1993 a. 450; 2015 a. 55.

SUBCHAPTER III

RADIATION PROTECTION

254.31 Definitions. In this subchapter:

(1) “By-product material” means any of the following:

(a) Radioactive material, except special nuclear material, yielded in or made radioactive by exposure to the radiation incident to the process of producing or utilizing special nuclear material.

(b) The tailings or waste produced by the extraction or concentration of uranium or thorium from any ore processed primarily for its source material content.

(2) “Decommissioning” means conducting final operational activities at a nuclear facility to dismantle site structures, to decontaminate site surfaces and remaining structures, to stabilize and contain residual radioactive material and to carry out any other activities necessary to prepare the site for postoperational care.

(2m) “General license” means a license, under requirements prescribed by the department by rule, to possess, use, transfer or acquire by-product material or devices or equipment utilizing by-product material without the filing of a license application by a person or issuance of licensing confirmation by the department.

(3g) “Ionizing radiation” means all radiations capable of producing ions directly or indirectly in their passage through matter, including all of the following:

(a) Electromagnetic radiations, including X-rays and gamma rays.

(b) Particulate radiations, including electrons, beta particles, protons, neutrons, alpha particles and other nuclear particles.

(3p) “Nonionizing radiation” means electromagnetic radiation, other than ionizing radiation, and any sonic, ultrasonic or infrasonic wave.

(4) “Nuclear facility” means any reactor plant, any equipment or device used for the separation of the isotopes of uranium or plutonium, the processing or utilizing of radioactive material or handling, processing or packaging waste; any premises, structure, excavation or place of storage or disposition of waste or by-product material; or any equipment used for or in connection with the transportation of such material.

(4p) “Radiation” means both ionizing and nonionizing radiation.

(5) “Radiation generating equipment” means a system, manufactured product or device or component part of such a product or device that, during operation, is capable of generating or emitting ionizing radiation without the use of radioactive material. “Radiation generating equipment” does not include a device that emits nonionizing radiation.

(6) “Radiation installation” is any location or facility where radiation generating equipment is used or where radioactive material is produced, transported, stored, disposed of or used for any purpose.

(9) “Radiation source” means radiation generating equipment or radioactive material.

(9m) “Radioactive material” includes any solid, liquid or gaseous substance which emits ionizing radiation spontaneously, including accelerator-produced material, by-product material, naturally occurring material, source material and special nuclear material.

(10) “Source material” means uranium, thorium, any combination thereof in any physical or chemical form, or ores that contain by weight 0.05 percent or more of uranium, thorium, or any combination thereof. “Source material” does not include special nuclear material.

(11) “Special nuclear material” means plutonium, uranium 233, uranium enriched in the isotope 233 or in the isotope 235, and any other material which the nuclear regulatory commission

determines to be special nuclear material; or any material artificially enriched by any of the foregoing. Special nuclear material does not include source material.

(11g) “Specific license” means a license, under requirements prescribed by the department by rule, to possess, use, manufacture, produce, transfer or acquire radioactive material or devices or equipment utilizing radioactive material.

(11m) “Transuranic” means a radioactive material having an atomic number that is greater than 92.

(12) “X-ray tube” means any electron tube that is contained in a device and that is specifically designed for the conversion of electrical energy into X-ray energy.

History: 1977 c. 29; 1985 a. 29; 1993 a. 27 ss. 227, 477; Stats. 1993 s. 254.31; 1993 a. 491; 1999 a. 9; 2001 a. 16.

254.33 Public policy. Since radiations and their sources can be instrumental in the improvement of the health and welfare of the public if properly utilized, and may be destructive or detrimental to life or health if carelessly or excessively employed or may detrimentally affect the environment of the state if improperly utilized, it is hereby declared to be the public policy of this state to encourage the constructive uses of radiation and to prohibit and prevent exposure to radiation in amounts which are or may be detrimental to health. It is further the policy for the department to advise, consult and cooperate with other agencies of the state, the federal government, other states and interstate agencies and with affected groups, political subdivisions and industries; and, in general, to conform as nearly as possible to nationally accepted standards in the promulgation and enforcement of rules.

History: 1985 a. 29; 1993 a. 27 s. 225; Stats. 1993 s. 254.33; 1995 a. 27 ss. 6332, 9116 (5); 1999 a. 9.

Cross-reference: See also ch. DHS 157, Wis. adm. code.

254.335 Agreements with the U.S. nuclear regulatory commission transition. (1) The governor may, on behalf of the state, enter into agreements with the U.S. nuclear regulatory commission, as provided in 42 USC 2021 (b), to discontinue certain federal licensing and related regulatory authority with respect to by-product material, source material and special nuclear material and to assume state regulatory authority.

(2) Any person who, on the effective date of an agreement specified under sub. (1), possesses a license issued by the U.S. nuclear regulatory commission that is subject to the agreement is considered to possess a specific license issued under s. 254.365 (1) (a) or to fulfill requirements specified for a general license under s. 254.365 (1) (b). The specific license expires 90 days after the date of receipt by the person from the department of a notice of expiration of the license or on the date of expiration that was specified in the license issued by the U.S. nuclear regulatory commission, whichever is earlier.

History: 1999 a. 9.

254.34 Powers and duties. (1) The department is the state radiation control agency and shall do all of the following:

(a) Promulgate and enforce rules, including registration and licensing of sources of ionizing radiation, as may be necessary to prohibit and prevent unnecessary radiation exposure. The rules may incorporate by reference the recommended standards of nationally recognized bodies in the field of radiation protection and other fields of atomic energy, under the procedure established by s. 227.21 (2). The rules for by-product material, source material and special nuclear material shall be in accordance with the requirements of 42 USC 2021 (o) and shall otherwise be compatible with the requirements under 42 USC 2011 to 2114 and regulations adopted under 42 USC 2011 to 2114.

(am) A rule identical to a rule specified under par. (a) may be promulgated by a state agency other than the department and an ordinance identical to a rule specified under par. (a) may be enacted by a local governmental unit, but no rule may be promulgated or ordinance may be enacted that differs from a rule under

par. (a) and relates to the same subject area except as provided under ss. 293.15 (8), 293.25, and 323.13 (2) (f).

(b) Administer this subchapter and the rules promulgated under this subchapter.

(c) Develop comprehensive policies and programs for the evaluation, determination and reduction of hazards associated with the use of radiation that are compatible with requirements of the U.S. nuclear regulatory commission for the regulation of by-product material, source material and special nuclear material. The department shall maintain all of the following records:

1. Files of all license applications, issuances, denials, transfers, renewals, modifications, suspensions and revocations under s. 254.365.

2. Files of all registrants under s. 254.35 and any related administrative or judicial action.

(d) Advise, consult and cooperate with other agencies of the state, the federal government, other states and interstate agencies, and with affected groups, political subdivisions and industries.

(e) Encourage, participate in or conduct studies, investigations, training, research and demonstrations relating to the control of radiation hazards, the measurement of radiation, the effects on health of exposure to radiation and related problems as it deems necessary or advisable for the discharge of its duties under this subchapter.

(f) Collect and disseminate health education information relating to radiation protection as it deems proper.

(g) Review and approve plans and specifications for radiation sources submitted pursuant to rules promulgated under this subchapter; and inspect radiation sources, their shielding and immediate surroundings and records concerning their operation for the determination of any possible radiation hazard.

(h) With respect to radon and with the department serving as the lead agency, do all of the following:

1. Develop and disseminate current radon information to the news media, builders, realtors and the general public.

2. Coordinate a program of measuring radon gas accumulation, including use of the radon canister counting system, in educational institutions, nursing homes, low-income housing, public buildings, homes, private industries and public service organizations.

3. Work with staff of local health departments to perform home surveys and diagnostic measurements and develop mitigation strategies for homes with elevated radon gas levels.

4. Develop training materials and conduct training of staff of local health departments, building contractors and others in radon diagnosis and mitigation methods.

5. Develop standards of performance for the regional radon centers and, from the appropriation account under s. 20.435 (1) (ed), distribute funds based on compliance with the standards to provide radon protection information dissemination from the regional radon centers.

(2) The department may:

(a) Enter, at all reasonable times, any private or public property for the purpose of investigating conditions relating to radiation control.

(b) Accept and utilize grants or other funds or gifts from the federal government and from other sources, public or private, for carrying out its functions under this subchapter. The studies, investigations, training and demonstration may be conducted independently, by contract, or in cooperation with any person or any public or private agency, including any political subdivision of the state.

(c) Develop requirements for qualification, certification, training, and experience of an individual who does any of the following:

1. Operates radiation generating equipment.

2. Utilizes, stores, transfers, transports, or possesses radioactive materials.

3. Acts as a radiation safety consultant to any person who possesses a license or registration issued by the department under this subchapter.

(d) Recognize certification by another state or by a nationally recognized certifying organization of an individual to perform acts under par. (c) 1. to 3. if the standards for the other state's certification or the organization's certification are substantially equivalent to the standards of the department for certification of individuals under par. (c).

History: 1985 a. 29; 1985 a. 182 s. 57; 1987 a. 399; 1989 a. 31; 1993 a. 27 s. 228; Stats. 1993 s. 254.34; 1995 a. 27 ss. 6333, 6334, 9116 (5); 1997 a. 27; 1999 a. 9 ss. 2456 to 2462, 2475; 2001 a. 16; 2009 a. 28, 42.

Cross-reference: See also ch. DHS 157, Wis. adm. code.

254.35 Registration of ionizing radiation installations.

(1) **APPLICATION.** For every site in this state that has an ionizing radiation installation that is not exempted by this section or the rules of the department, the person in control of the installation, including installations in sites that are administered by a state agency or in an institution under the jurisdiction of a state agency, shall, prior to operation, register the ionizing radiation installation with the department. No ionizing radiation installation may be operated thereafter unless the site has been duly registered by January 1 of each year and a notice of the registration is possessed by the person in control. The application for registration shall be made on forms provided by the department which shall be devised to obtain any information that is considered necessary for evaluation of hazards. Multiple radiation sources at a single radiation installation and under the control of one person shall be listed on a single registration form. Registration fees shall be levied in accordance with sub. (3). Registration alone does not imply approval of manufacture, storage, use, handling, operation or disposal of the radiation installation or radioactive materials, but serves merely to inform the department of the location and character of radiation sources. Persons engaged in manufacturing, demonstration, sale, testing or repair of radiation sources are not required to list such sources on the registration form.

(2) **AMENDED REGISTRATION.** If the person in control increases the number of sources, source strength, rated output or energy of radiation produced in any installation, he or she shall notify the department of the increase prior to operation on the revised basis. The department shall record the change in the registration. No registration is transferable from one premises to another or from one person to another. If the person in control intends to transfer control of ownership of the radiation installation to another person, at least 15 days before the final transfer the registrant shall notify the department of the transfer and the intended transferee shall file under sub. (1) an application for registration. If any installation is discontinued, the person in control shall notify the department within 30 days of the discontinuance.

(3) **REGISTRATION FEES.** (a) An annual registration fee under pars. (b) to (fm) shall be levied for each site registration under this section. An additional penalty fee of \$25, regardless of the number of X-ray tubes or generally licensed devices, shall be required for each registration whenever the annual fee for renewal is not paid prior to expiration of the registration. No additional fee may be required for recording changes in the registration information.

(b) For a site having an ionizing radiation installation serving physicians and clinics, osteopaths and clinics, chiropractors or hospitals that possesses radioactive materials in any quantity, the fee shall be at least \$36 for each site and at least \$44 for each X-ray tube.

(c) For a podiatric or veterinary site having an ionizing radiation installation, the fee shall be at least \$36 for each site and at least \$44 for each X-ray tube.

(d) For a dental site having an ionizing radiation installation, the fee shall be at least \$36 for each site and at least \$30 for each X-ray tube.

(f) For an industrial, school, research project or other site having an ionizing radiation installation, the fee shall be at least \$36 for each site and at least \$44 for each X-ray tube.

(fm) For any site that has generally licensed devices that are not exempted by the department, the fee shall be at least \$100 for each site and at least \$50 for each device that contains at least 370 MBq or 10 mCi of cesium-137; 37 MBq or 1.0 mCi of cobalt-60; 3.7 MBq or 0.1 mCi of strontium-90; or 37 MBq or 1.0 mCi of a transuranic.

(g) The fees under this subsection shall be as stated unless the department promulgates rules to increase the annual registration fee for a site having an ionizing radiation installation, for an X-ray tube or for generally licensed devices that are not exempted by the department.

(4) **EXEMPTIONS.** After initial registration under sub. (1), the department may exempt from annual registration any source of radiation that the department finds to be without undue radiation hazard.

History: 1977 c. 29; 1979 c. 221; 1985 a. 29; 1989 a. 359; 1993 a. 27 s. 229; Stats. 1993 s. 254.35; 1995 a. 27 ss. 6335, 9116 (5); 1999 a. 9.

254.365 Licensing of radioactive material. (1) LICENSE

REQUIRED. No person may possess, use, manufacture, transport, store, transfer or dispose of radioactive material or a device or item of equipment that uses radioactive material or may operate a site that uses radioactive material that is not under the authority of the U.S. nuclear regulatory commission unless one of the following applies:

- (a) The person has a specific license issued by the department.
- (b) The person meets general license requirements.
- (c) The person possesses a license issued by another state or by the U.S. nuclear regulatory commission that is reciprocally recognized by the department.

(d) The person is exempted from licensure under sub. (7).

(2) **APPLICATION.** Application for a license under sub. (1) (a) or for reciprocal recognition under sub. (1) (c) shall be made on forms provided by the department.

(3) **MODIFICATION OR TERMINATION OF LICENSE.** Within 30 days after any change to the information on a license issued under this section, the licensee shall inform the department of the change and the department shall record the changed information. Within 30 days after termination of an activity licensed under this section, the person in control of the activity shall notify the department. The department may require that the person in control submit to the department for approval a plan for decommissioning the activity.

(4) **RULES.** The department shall promulgate rules for all of the following:

(a) The issuance, modification, suspension, termination and revocation of specific licenses under sub. (1) (a) under the standards specified in s. 254.34 (1) (a).

(b) The requirements for a general license under sub. (1) (b).

(5) **FEES AND CHARGES.** (a) The department may assess fees, the amounts of which are prescribed by the department by rule, for any of the following:

1. Issuance of an initial or renewal specific license under sub. (1) (a).
2. Annual license maintenance.
3. Issuance of a license amendment.
4. Termination of a license.

5. Issuance of reciprocal recognition of a license for radioactive materials of another state or the U.S. nuclear regulatory commission.

(b) The department may assess a late payment charge of 25 percent of the specific license renewal fee, in addition to the fee under par. (a) for renewal of a specific license, if payment for renewal of a specific license is not made within 30 days after the license expiration date.

(6) DENIAL, SUSPENSION OR REVOCATION OF LICENSURE. The department may, after a hearing under ch. 227, refuse to issue a license or suspend or revoke a license for failure by the licensee to comply with this subchapter, rules promulgated by the department under this subchapter or any condition of the license.

(7) EXEMPTION. The department may exempt from licensing requirements of this section radioactive material that the department finds is without undue radiation hazard.

History: 1999 a. 9.

254.37 Enforcement. (1) NOTIFICATION OF VIOLATION AND ORDER OF ABATEMENT. Whenever the department finds, upon inspection and examination, that a source of radiation as constructed, operated or maintained results in a violation of this subchapter or of any rules promulgated under this subchapter, the department shall do all of the following:

(a) Notify the person in control that is causing, allowing or permitting the violation as to the nature of the violation.

(b) Order that, prior to a specified time, the person in control shall cease and abate causing, allowing or permitting the violation and take such action as may be necessary to have the source of radiation constructed, operated, or maintained in compliance with this subchapter and rules promulgated under this subchapter.

(2) ORDERS. The department shall issue and enforce such orders or modifications of previously issued orders as may be required in connection with proceedings under this subchapter. The orders shall be subject to review by the department upon petition of the persons affected. Whenever the department finds that a condition exists that constitutes an immediate threat to health due to violation of this subchapter or any rule or order promulgated under this subchapter, it may issue an order reciting the existence of the threat and the findings pertaining to the threat. The department may summarily cause the abatement of the violation.

(3) RULES. The department shall promulgate and enforce the rules pertaining to ionizing radiation.

(4) JURISDICTION. The circuit court of Dane county shall have jurisdiction to enforce the orders by injunctive and other appropriate relief.

History: 1993 a. 27 s. 231; Stats. 1993 s. 254.37; 1995 a. 27 ss. 6336 to 6338, 9116 (5); 1997 a. 27; 1999 a. 9.

254.38 Emergency authority. (1) IMPOUNDING MATERIALS. The department may impound or order the sequestration of sources of radiation in the possession of any person who is not equipped to observe or who fails to observe safety standards to protect health that are established in rules promulgated by the department.

(2) EMERGENCY ORDERS. If the department finds that an emergency exists concerning a matter subject to regulation under this subchapter that requires immediate action to protect the public health or safety, the department may issue an emergency order without notice or hearing that recites the existence of the emergency and requires such action as is necessary to mitigate the emergency. Any person to whom the order is issued shall immediately comply with the order. A person to whom an emergency order is issued shall be afforded a hearing within 30 days after receipt by the department of a written request for the hearing. An emergency order is effective upon issuance and remains in effect for up to 90 days after issuance, except that the order may be revoked or modified based on the results of the hearing.

History: 1985 a. 29; 1993 a. 27 s. 232; Stats. 1993 s. 254.38; 1995 a. 27 ss. 6339, 9116 (5); 1999 a. 9.

254.39 Exceptions. (1) Nothing in this subchapter may be interpreted as limiting intentional exposure of persons to radiation for the purpose of analysis, diagnosis, therapy, and medical, chiropractic or dental research as authorized by law.

(2) This subchapter does not apply to on-site activities of any nuclear reactor plant licensed by the U.S. nuclear regulatory commission.

History: 1977 c. 29; 1991 a. 178; 1993 a. 27 s. 233; Stats. 1993 s. 254.39; 1999 a. 9.

254.41 Radiation monitoring of nuclear power plants.

The department shall take environmental samples to test for radiation emission in any area of the state within 20 miles of a nuclear power plant. The department shall charge the owners of each nuclear power plant in the state an annual fee of \$30,000 per plant, commencing in fiscal year 1983–84, to finance radiation monitoring under this section. The department may change this annual fee by rule.

History: 1979 c. 221; 1983 a. 27; 1993 a. 27 s. 235; Stats. 1993 s. 254.41.

Cross-reference: See also ch. DHS 158, Wis. adm. code.

254.45 Penalties. (1) GENERAL. (a) Any person who violates this subchapter or a rule promulgated under this subchapter or a condition of a license or registration issued by the department under this subchapter may be required to forfeit not less than \$100 nor more than \$100,000. Each day of continued violation constitutes a separate offense.

(b) The amount of the forfeiture assessed under par. (a) shall be determined by considering all of the following:

1. The willfulness of the violation.

2. The person's previous violations, if any, of this subchapter, rules promulgated under this subchapter or conditions of a license or registration issued by the department under this subchapter.

3. The potential danger or actual or potential injury to the environment or to public health caused by the violation.

4. The actual or potential costs of the damage or injury caused by the violation.

(2) ASSESSMENT OF FORFEITURES; NOTICE. The department may directly assess forfeitures provided for in sub. (1). If the department determines that a forfeiture should be assessed for a particular violation, the department shall send a notice of assessment to the person. The notice shall specify the amount of the forfeiture assessed and the violation and the statute or rule alleged to have been violated and shall inform the person of the right to hearing under sub. (3).

(3) HEARING. A person upon whom a forfeiture is imposed may contest the action by sending, within 10 days after receipt of notice of a contested action, a written request for hearing under s. 227.44 to the division of hearings and appeals created under s. 15.103 (1). The administrator of the division may designate a hearing examiner to preside over the case and recommend a decision to the administrator under s. 227.46. The decision of the administrator of the division shall be the final administrative decision. The division shall commence the hearing within 30 days of receipt of the request for hearing and shall issue a final decision within 15 days after the close of the hearing. Proceedings before the division are governed by ch. 227.

(4) FORFEITURE PAYMENT AND DISPOSITION. (a) A person against whom the department has assessed a forfeiture shall pay the forfeiture to the department within 10 days after receipt of the notice under sub. (2) or, if the person contests the assessment, within 10 days after receipt of the final decision after exhaustion of administrative review. If the person petitions for judicial review under ch. 227, the person shall pay the forfeiture within 10 days after receipt of the final judicial decision.

(b) The department shall remit all forfeitures paid to the secretary of administration for deposit in the school fund.

(5) ENFORCEMENT. The attorney general may bring an action in the name of the state to collect any forfeiture imposed under this section if the forfeiture has not been paid as required under sub.

(4). The only issue to be contested in an action under this subsection is whether the forfeiture has been paid.

History: 1993 a. 27 s. 234; Stats. 1993 s. 254.45; 1995 a. 27 ss. 6340, 9116 (5); 1999 a. 9; 2003 a. 33.

SUBCHAPTER IV

RECREATIONAL SANITATION

254.46 Beaches. The department or a local health department shall close or restrict swimming, diving and recreational bathing if a human health hazard exists in any area used for those purposes on a body of water and on associated land and shall require the posting of the area.

History: 1993 a. 27.

SUBCHAPTER V

ANIMAL–BORNE AND VECTOR–BORNE DISEASE CONTROL

254.50 Definition. In this subchapter, “vector” means a carrier, including an arthropod or an insect, that transfers an infective agent from one host to another.

History: 1993 a. 27.

254.51 Powers and duties. (1) The state epidemiologist for communicable disease shall take those measures that are necessary for the prevention, surveillance and control of human disease outbreaks associated with animal–borne and vector–borne transmission.

(2) The department shall enter into memoranda of understanding with the department of agriculture, trade and consumer protection, the department of safety and professional services, and the department of natural resources regarding the investigation and control of animal–borne and vector–borne disease.

(3) The department shall promulgate rules that establish measures for prevention, surveillance and control of human disease that is associated with animal–borne and vector–borne disease transmission.

(4) The local health department shall enforce rules that are promulgated under sub. (3).

(5) The local board of health may adopt regulations and recommend enactment of ordinances that set forth requirements for animal–borne and vector–borne disease control to assure a safe level of sanitation, human health hazard control or health protection for the community, including the following:

(a) The control of rats, stray animals, noise and rabies and other diseases.

(b) The control of wildlife, including the keeping of dangerous wild animals, disease transmission and human health hazard control and eradication.

(c) Pest control, including community sanitation, rodent and vector control, resident responsibilities and the health impact of pesticide use.

History: 1993 a. 27; 1995 a. 27 ss. 6341, 9116 (5); 2011 a. 32.

Cross-reference: See also ch. DHS 145, Wis. adm. code.

254.52 Lyme disease; treatment, information and research. (1) The department shall perform research relating to Lyme disease in humans.

(2) The department, in consultation with the department of public instruction, the department of natural resources and the department of agriculture, trade and consumer protection, shall do all of the following:

(a) Monitor the spread and incidence of Lyme disease.

(b) Investigate suspected and confirmed cases of Lyme disease.

(c) Review materials, activities and epidemiologic investigations prepared or conducted in other states in which Lyme disease is endemic and recommend a statewide strategy for dealing with Lyme disease.

(d) Develop, update and disseminate information for use by clinicians, laboratory technicians and local health departments that diagnose or treat Lyme disease or investigate cases or suspected cases of Lyme disease.

(e) Develop and distribute information through offices of physicians and local health departments and by newsletters, public presentations or other releases of information. That information shall include all of the following:

1. A description of Lyme disease.

2. Means of identifying whether or not individuals may be at risk of contracting Lyme disease.

3. Measures that individuals may take to protect themselves from contracting Lyme disease.

4. Locations for procuring additional information or obtaining testing services.

(f) Conduct research on the serological prevalence of Lyme disease.

History: 1989 a. 31; 1993 a. 27 s. 49; Stats. 1993 s. 254.52; 1995 a. 27 s. 9145 (1); 1997 a. 27.

SUBCHAPTER VI

HUMAN HEALTH HAZARDS

254.55 Definitions. In this subchapter:

(1) “Dwelling” means any structure, all or part of which is designed or used for human habitation.

(2) “Owner” means any of the following:

(a) A person who has legal title to a dwelling.

(b) A person who has charge, care, or control of a dwelling or unit of a dwelling as an agent of or as personal representative, trustee, or guardian of the estate of a person under par. (a).

History: 1993 a. 27; 2001 a. 102.

254.56 Public places. The owner and occupant and everyone in charge of a public building, as defined in s. 101.01 (12), shall keep the building clean and sanitary.

History: 1971 c. 185 s. 7; 1993 a. 27 s. 352; Stats. 1993 s. 254.56; 1995 a. 27.

254.57 Smoke. The common council of any city or the board of any village may regulate or prohibit the emission of dense smoke into the open air within its limits and one mile from its limits.

History: 1993 a. 27 s. 357; Stats. 1993 s. 254.57.

The social and economic roots of judge–made air pollution policy in Wisconsin. Laitos, 58 MLR 465.

254.58 Powers of villages, cities and towns. Section 95.72 may not be construed as depriving any city or village from enacting any ordinance prohibiting the rendering of dead animals within the boundaries specified in s. 66.0415, as nullifying any existing law or ordinance prohibiting the rendering of dead animals within the area or as prohibiting any city or village from licensing, revoking the license, and regulating the business of rendering and transporting dead animals under sanitary conditions no less stringent than provided under s. 95.72 and the rules of the department of agriculture, trade and consumer protection. Any licensing and regulation by a city or village is supplementary to the provisions of this section and the rules of the department and may not be construed as excusing or justifying any failure or neglect to comply with this section and the rules of the department. Section 95.72 shall be expressly construed as modifying the powers granted to towns and any city, village or town may take

any action permitted under s. 254.59, may institute and maintain court proceedings to prevent, abate or remove any human health hazards under s. 254.59 and may institute and maintain any action under ss. 823.01, 823.02 and 823.07.

History: 1973 c. 206; Sup. Ct. Order, 67 Wis. 2d 585, 774 (1975); 1977 c. 29 s. 1650m (4); 1993 a. 27 s. 358; Stats. 1993 s. 254.58; 1999 a. 150 s. 672.

254.59 Human health hazards. (1) If a local health officer finds a human health hazard, he or she shall order the abatement or removal of the human health hazard on private premises, within a reasonable time period, and if the owner or occupant fails to comply, the local health officer may enter upon the premises and abate or remove the human health hazard.

(2) If a human health hazard is found on private property, the local health officer shall notify the owner and the occupant of the property, by registered mail with return receipt requested, of the presence of the human health hazard and order its abatement or removal within 30 days of receipt of the notice. If the human health hazard is not abated or removed by that date, the local health officer shall immediately enter upon the property and abate or remove the human health hazard or may contract to have the work performed. The human health hazard shall be abated in a manner which is approved by the local health officer. The cost of the abatement or removal may be recovered from the person permitting the violation or may be paid by the municipal treasurer and the account, after being paid by the treasurer, shall be filed with the municipal clerk, who shall enter the amount chargeable to the property in the next tax roll in a column headed "For Abatement of a Nuisance" as a special tax on the lands upon which the human health hazard was abated, and the tax shall be collected as are other taxes. In case of railroads or other lands not taxed in the usual way, the amount chargeable shall be certified by the clerk to the secretary of administration who shall add the amount designated in the certificate to the sum due from the company owning, occupying, or controlling the land specified, and the secretary of administration shall collect the amount as prescribed in subch. 1 of ch. 76 and return the amount collected to the town, city, or village from which the certificate was received. Anyone maintaining such a human health hazard may also be fined not more than \$300 or imprisoned for not more than 90 days or both. The only defenses an owner may have against the collection of a tax under this subsection are that no human health hazard existed on the owner's property, that no human health hazard was corrected on the owner's property, that the procedure outlined in this subsection was not followed or any applicable defense under s. 74.33.

(4) In cities under general charter, the local health officer may enter into and examine any place at any time to ascertain health conditions, and anyone refusing to allow entrance at reasonable hours shall be fined not less than \$10 nor more than \$100. If the local health officer deems it necessary to abate or remove a human health hazard found on private property, the local health officer shall serve notice on the owner or occupant to abate or remove within a reasonable time that is not less than 24 hours; and if he or she fails to comply, or if the human health hazard is on property whose owner is a nonresident, or cannot be found, the local health officer shall cause abatement or removal.

(5) The cost of abatement or removal of a human health hazard under this section may be at the expense of the municipality and may be collected from the owner or occupant, or person causing, permitting, or maintaining the human health hazard, or may be charged against the premises and, upon certification of the local health officer, assessed as are other special taxes. In cases of railroads or other lands not taxed in the usual way, the amount chargeable shall be certified by the clerk to the secretary of administration who shall add the amount designated in the certificate to the sum due from the company owning, occupying, or controlling the land specified, and the secretary of administration shall collect the amount as prescribed in subch. 1 of ch. 76 and return the amount collected to the town, city, or village from which the certificate was received. Anyone maintaining such a human health hazard may also be fined not more than \$300 or imprisoned for not more

than 90 days or both. The only defenses an owner may have against the collection of a tax under this subsection are that no human health hazard existed on the owner's property, that no human health hazard was corrected on the owner's property, that the procedure outlined in this subsection was not followed, or any applicable defense under s. 74.33.

(6) A 1st class city may, but is not required to, follow the provisions of this section. A 1st class city may follow the provisions of its charter.

(7) (a) A county, city, village, or town with a local health department may enact an ordinance concerning abatement or removal of a human health hazard that is at least as restrictive as this section.

(b) An ordinance enacted under par. (a) may be enforced in the county, city, village, or town that enacted it.

(c) This subsection may not be construed to prohibit any agreement under s. 66.0301 between a county and a city, town, or village that has a local health department, concerning enforcement under this section.

History: 1979 c. 102 s. 237, 176; 1981 c. 20 s. 2200; 1987 a. 378; 1993 a. 27 ss. 361, 363, 477; Stats. 1993 s. 254.59; 2003 a. 33; 2007 a. 130; 2009 a. 180.

254.593 Authority of the department and local health departments. The department or a local health department may declare housing that is dilapidated, unsafe or unsanitary to be a human health hazard.

History: 1993 a. 27.

254.595 Property violating codes or health orders.

(1) If real property is in violation of those provisions of a municipal building code that concern health or safety, the city, village, or town in which the property is located may commence an action to declare the property a nuisance. If real property is in violation of an order or a regulation of the local board of health, the city, village, or town in which the property is located may commence an action to declare the property a human health hazard. A tenant or class of tenants of property that is in violation of the municipal building code or of an order or regulation of the local board of health or any other person or class of persons whose health, safety or property interests are or would be adversely affected by property that is in violation of the municipal building code or of an order or regulation of the local board of health may file a petition with the clerk of the city, village, or town requesting the governing body to commence an action to declare the property a nuisance or human health hazard. If the governing body refuses or fails to commence an action within 20 days after the filing of the petition, a tenant, class of tenants, other person or other class of persons may commence the action directly upon the filing of security for court costs. The court before which the action of the case is commenced shall exercise jurisdiction in rem or quasi in rem over the property and the owner of record of the property, if known, and all other persons of record holding or claiming any interest in the property shall be made parties defendant and service of process may be had upon them as provided by law. Any change of ownership after the commencement of the action shall not affect the jurisdiction of the court over the property. At the time that the action is commenced, the municipality or other parties plaintiff shall file a lis pendens. If the court finds that a violation exists, it shall adjudge the property a nuisance or human health hazard and the entry of judgment shall be a lien upon the premises.

(2) A property owner or any person of record holding or claiming any interest in the property shall have 60 days after entry of judgment to eliminate the violation. If, within 60 days after entry of judgment under sub. (1), an owner of the property presents evidence satisfactory to the court, upon hearing, that the violation has been eliminated, the court shall set aside the judgment. It may not be a defense to this action that the owner of record of the property is a different person, partnership or corporate entity than the owner of record of the property on the date that the action was commenced or thereafter if a lis pendens has been filed prior to the change of ownership. No hearing under this subsection may

be held until notice has been given to the municipality and all the plaintiffs advising them of their right to appear. If the judgment is not so set aside within 60 days after entry of judgment, the court shall appoint a disinterested person to act as receiver of the property for the purpose of abating the nuisance or human health hazard.

(3) (a) Any receiver appointed under sub. (2) shall collect all rents and profits accruing from the property, pay all costs of management, including all general and special real estate taxes or assessments and interest payments on first mortgages on the property, and make any repairs necessary to meet the standards required by the building code or the order or regulation of the local board of health. The receiver may, with the approval of the circuit court, borrow money against and encumber the property as security for the money, in the amounts necessary to meet the standards.

(b) At the request of and with the approval of the owner, the receiver may sell the property at a price equal to at least the appraisal value plus the cost of any repairs made under this section for which the selling owner is or will become liable. The receiver shall apply moneys received from the sale of the property to pay all debts due on the property in the order set by law, and shall pay over any balance with the approval of the court, to the selling owner.

(4) The receiver appointed under this section shall have a lien, for the expenses necessarily incurred to abate the nuisance or in the execution of the order, upon the premises upon or in respect of which the work required by the order has been done or expenses incurred. The municipality that sought the order declaring the property to be a nuisance or human health hazard may also recover its expenses and the expenses of the receiver under subs. (3) (a) and (5), to the extent that the expenses are not reimbursed under s. 632.103 (2) from funds withheld from an insurance settlement, by maintaining an action against the property owner under s. 74.53.

(5) The court shall set the fees and bond of the receiver, and may discharge the receiver when the court deems appropriate.

(6) Nothing in this section relieves the owner of any property for which a receiver has been appointed from any civil or criminal responsibility or liability otherwise imposed by law, except that the receiver shall be civilly and criminally responsible and liable for all matters and acts directly under his or her authority or performed by him or her or at his or her direction.

(7) This section shall not apply to owner-occupied one or two-family dwellings.

(8) The commencement of an action by a tenant under this section is not just cause for eviction.

History: 1973 c. 306; Sup. Ct. Order, 67 Wis. 2d 585, 762 (1975); Stats. 1975 s. 823.22; 1983 a. 476; 1987 a. 378; 1989 a. 347; 1993 a. 27 s. 493; Stats. 1993 s. 254.595; 2001 a. 86.

In an action alleging a public nuisance, it was sufficient to allege that the defendants knowingly caused the lowering of the ground water table from which the area residents drew water from private wells, which caused numerous citizens great hardship. *State v. Michels Pipeline Construction, Inc.* 63 Wis. 2d 278, 217 N.W.2d 339, 219 N.W.2d 308 (1974).

SUBCHAPTER IX

SALE OR GIFT OF CIGARETTES OR TOBACCO PRODUCTS TO MINORS

254.911 Definitions. In this subchapter:

(1) “Cigarette” has the meaning given in s. 139.30 (1m).

(2) “Governmental regulatory authority” means the department, a local health department, a state agency or a state or local law enforcement agency; or a person with whom the local health department, state agency, or state or local law enforcement agency contracts to conduct investigations authorized under s. 254.916 (1) (a).

(3) “Law enforcement officer” has the meaning given in s. 165.85 (2) (c).

(3m) “Nicotine product” has the meaning given in s. 134.66 (1) (f).

(4) “Retailer” has the meaning given in s. 134.66 (1) (g).

(5) “Retail outlet” means a place of business from which cigarettes, nicotine products, or tobacco products are sold at retail to consumers.

(6) “State agency” has the meaning given in s. 1.12 (1) (b).

(7) “Tobacco products” has the meaning given in s. 139.75 (12).

(8) “Tobacco vending machine” is any mechanical device that automatically dispenses cigarettes or tobacco products when money or tokens are deposited in the device in payment for the cigarettes or tobacco products.

(9) “Tobacco vending machine operator” means a person who acquires tobacco products or stamped cigarettes from manufacturers, as defined in s. 134.66 (1) (e), or permittees, stores them and sells them through the medium of tobacco vending machines that he or she owns, operates or services and that are located on premises that are owned or under the control of other persons.

(10) “Tobacco vending machine premises” means any area in which a tobacco vending machine is located.

History: 1999 a. 9; 2001 a. 75; 2005 a. 25; 2011 a. 249.

254.916 Investigations. (1) (a) A governmental regulatory authority may conduct unannounced investigations at retail outlets, including tobacco vending machine premises, to enforce compliance with s. 134.66 (2) (a) and (am) or a local ordinance adopted under s. 134.66 (5). The department may contract with a local health department, a state agency, or a state or local law enforcement agency to conduct investigations authorized under this section, and a local health department, state agency, or state or local law enforcement agency may contract with any other person to conduct those investigations. A person who contracts to conduct investigations authorized under this section shall agree in the contract to train all individuals conducting investigations under the contract in accordance with the standards established under par. (b) and to suspend from conducting any further investigations for not less than 6 months any individual who fails to meet the requirements of sub. (3) (a) to (f) and the standards established by the department.

(b) The department, in consultation with other governmental regulatory authorities and with retailers, shall establish standards for procedures and training for conducting investigations under this section.

(c) No retailer may be subjected to an unannounced investigation more than twice annually unless the retailer is found to have violated s. 134.66 (2) (a) or (am), or a local ordinance adopted under s. 134.66 (5), during the most recent investigation.

(2) With the permission of his or her parent or guardian, a person under 18 years of age, but not under 15 years of age, may buy, attempt to buy or possess any cigarette, nicotine product, or tobacco product if all of the following are true:

(a) The person commits the act for the purpose of conducting an investigation under this section.

(b) The person is directly supervised during the conducting of the investigation by an adult employee of a governmental regulatory authority.

(c) The person has prior written authorization to commit the act from a governmental regulatory authority or a district attorney or from an authorized agent of a governmental regulatory authority or a district attorney.

(3) All of the following, unless otherwise specified, apply in conducting investigations under this section:

(a) If questioned about his or her age during the course of an investigation, the minor shall state his or her true age.

(b) A minor may not be used for the purposes of an investigation at a retail outlet at which the minor is a regular customer.

(c) The appearance of a minor may not be materially altered so as to indicate greater age.

(d) A photograph or videotape of the minor shall be made before or after the investigation or series of investigations on the day of the investigation or series of investigations. If a prosecution results from an investigation, the photograph or videotape shall be retained until the final disposition of the case.

(e) A governmental regulatory authority shall make a good faith effort to make known to the retailer or the retailer's employee or agent, within 72 hours after the occurrence of the violation, the results of an investigation, including the issuance of any citation by a governmental regulatory authority for a violation that occurs during the conduct of the investigation. This paragraph does not apply to investigations conducted under a grant received under [42 USC 300x-21](#).

(f) Except with respect to investigations conducted under a grant received under [42 USC 300x-21](#), all of the following information shall be reported to the retailer within 10 days after the conduct of an investigation under this section:

1. The name and position of the governmental regulatory authority employee who directly supervised the investigation.
2. The age of the minor.
3. The date and time of the investigation.
4. A reasonably detailed description of the circumstances giving rise to a violation, if any, or, if there is no violation, written notice to that effect.

(5) No evidence obtained during or otherwise arising from the course of an investigation under this section that is used to prosecute a person for a violation of [s. 134.66 \(2\) \(a\)](#) or [\(am\)](#) or a local ordinance adopted under [s. 134.66 \(5\)](#) may be used in the prosecution of an alleged violation of [s. 125.07 \(3\)](#).

(6) The department shall compile the results of investigations performed under this section and shall prepare an annual report that reflects the results for submission with the state's application for federal funds under [42 USC 300x-21](#). The report shall be published for public comment at least 60 days before the beginning of negotiations under sub. (7).

(7) The department shall strive annually to negotiate with the federal department of health and human services realistic and attainable interim performance targets for compliance with [42 USC 300x-26](#).

(8) A governmental regulatory agency that conducts an investigation under this section shall meet the requirements of sub. (3) (a) to (f) and the standards established by the department.

(9) The department shall provide education and training to governmental regulatory authorities to ensure uniformity in the enforcement of this subchapter.

(10) This section does not limit the authority of the department to investigate establishments in jurisdictional areas of governmental regulatory authorities if the department investigates in response to an emergency, for the purpose of monitoring and evaluating the governmental regulatory authority's investigation and enforcement program or at the request of the governmental regulatory authority.

(11) A person conducting an investigation under this section may not have a financial interest in a regulated cigarette and tobacco product retailer, a tobacco vending machine operator, a tobacco vending machine premises, or a tobacco vending machine

that may interfere with his or her ability to properly conduct that investigation. A person who is investigated under this section may request the local health department or local law enforcement agency that contracted for the investigation to conduct a review under [ch. 68](#) to determine whether the person conducting the investigation is in compliance with this subsection or, if applicable, may request the state agency or state law enforcement agency that contracted for the investigation to conduct a contested case hearing under [ch. 227](#) to make that determination. The results of an investigation that is conducted by a person who is not in compliance with this subsection may not be used to prosecute a violation of [s. 134.66 \(2\) \(a\)](#) or [\(am\)](#) or a local ordinance adopted under [s. 134.66 \(5\)](#).

History: 1999 a. 9, 84, 185; 2001 a. 75; 2011 a. 249.

254.92 Purchase or possession of cigarettes or tobacco products by person under 18 prohibited.

(1) No person under 18 years of age may falsely represent his or her age for the purpose of receiving any cigarette, nicotine product, or tobacco product.

(2) No person under 18 years of age may purchase, attempt to purchase, or possess any cigarette, nicotine product, or tobacco product except as follows:

(a) A person under 18 years of age may purchase or possess cigarettes, nicotine products, or tobacco products for the sole purpose of resale in the course of employment during his or her working hours if employed by a retailer.

(b) A person under 18 years of age, but not under 15 years of age, may purchase, attempt to purchase or possess cigarettes, nicotine products, or tobacco products in the course of his or her participation in an investigation under [s. 254.916](#) that is conducted in accordance with [s. 254.916 \(3\)](#).

(2m) No person may purchase cigarettes, tobacco products, or nicotine products on behalf of, or to provide to, any person who is under 18 years of age. Any person who violates this subsection may be:

(a) Required to forfeit not more than \$500 if the person has not committed a previous violation within 30 months of the violation.

(b) Fined not more than \$500 or imprisoned for not more than 30 days or both if the person has committed a previous violation within 30 months of the violation.

(c) Fined not more than \$1,000 or imprisoned for not more than 90 days or both if the person has committed 2 previous violations within 30 months of the violation.

(d) Fined not more than \$10,000 or imprisoned for not more than 9 months or both if the person has committed 3 or more previous violations within 30 months of the violation.

(3) A law enforcement officer shall seize any cigarette, nicotine product, or tobacco product that has been sold to and is in the possession of a person under 18 years of age.

(4) A county, town, village, or city may enact an ordinance regulating the conduct regulated by this section only if the ordinance strictly conforms to this section. A county ordinance enacted under this subsection does not apply within a town, village, or city that has enacted or enacts an ordinance under this subsection.

History: 1987 a. 336; 1991 a. 32, 95, 315; 1995 a. 352, s. 20; Stats. 1995 s. 938.983; 1999 a. 9 ss. 2485L, 3176m, 3176p to 3176s; 2001 a. 75; 2005 a. 25; 2011 a. 249.

The state regulatory scheme for tobacco sales preempts municipalities from adopting regulations that are not in strict conformity with those of the state. U.S. Oil, Inc. v. City of Fond du Lac, 199 Wis. 2d 333, 544 N.W.2d 589 (Ct. App. 1995), 95-0213.
