NR 10.103 Deer hunting. (1) TAGS. A one-piece back and carcass tag shall be issued with each hunting license and shall remain intact until the hunter kills a deer while hunting. While hunting, no person may possess a validated carcass tag unless it is attached to a legally killed deer.

(2) **VALIDATION.** Any person who kills a deer shall immediately separate the issued carcass tag from the back tag and validate the carcass tag by slitting the mark designating the month, day, time of kill and type of deer. Failure to completely validate the carcass tag renders possession of the deer illegal and the carcass tag invalid.

Note: The carcass tag attachment procedures are also provided in s. 29.40 (2), Stats.

(3) **PERMIT ISSUANCE.** Upon receipt of proper application, the department shall issue permits in the following manner:

(a) *Initial permit.* Successful applicants for hunter's choice or antlerless permits shall be determined by random selection from all eligible applications received for each deer management unit. Permits remaining unissued for any deer management unit after all initial applications have been processed may be issued by the department on a first-come, first-served basis, in accordance with any statutorily established landowner preference permit issuance system, or as established by par. (b).

(b) *Second permit.* If the number of hunters choice or antlerless permits in any management unit exceeds the number of applications for such permits, the department may issue the remaining permits available for that unit as antlerless deer hunting permits only to its successful initial deer hunting permit applicants. Permittees to be issued the second permit shall be randomly selected in accordance with any statutorily established landowner preference permit issuance system.

(c) *Unallotted permits.* The department may issue any remaining antlerless deer permits as follows:

1. First step. Issue an additional antlerless permit to interested hunter's choice permit applicants; and may

2. Second step. Issue any remaining permits on a first-come, first-served basis to applicants who possess a valid gun deer hunting license and appear in person at designated department offices.

3. Antlerless permit limit. The department may not issue any applicant more than 2 antlerless deer permits in total.

(4) **PERMIT AUTHORITY.** No person may hunt antlerless deer in deer management units described as such in s. NR 10.01 (3) (e) unless he or she possesses a current validated deer hunting permit.

(5) **BAG LIMIT.** Each issued deer hunting permit shall authorize the use of the holder's current valid Wisconsin deer hunting license, back tag and Register, October, 1991, No. 430

(4) **SPECIAL BLIND RESTRICTIONS.** The department may restrict hunters to certain blind locations within the Collins, Pine Island and Theresa state wildlife areas by posted notice. If posted, maps shall be provided by the department indicating where blind sites are located. The following blind restrictions apply to goose hunting in the Collins, Horicon and Theresa zones:

(a) *Zone restrictions.* On any land within the Horicon intensive management subzone established in s. NR 10.31 (5) and on private land, unless leased by the department for public hunting, within the Theresa zone established in s. NR 10.31 (5), no person may hunt geese except from a blind unless they are a disabled person located no more than 20 feet from the blind and in possession of a class A permit issued by the department.

(b) *Hunter limits.* No more than 2 hunters may occupy any blind at one time nor may any person hunt waterfowl from a blind placed within 200 yards of any other blind occupied by one or more waterfowl hunters or within 100 yards of the property boundary on which the blind is located.

(c) *Game retrieval.* Downed game birds may be retrieved outside blinds with the aid of guns and dogs or by hand.

(b) *Shotgun capabilities.* With any automatic-loading or hand-operated repeating shotgun capable of holding more than 3 shells the magazine of which has not been cut off or plugged with a one-piece filler incapable of removal without disassembling the gun so as to reduce the capacity of said gun to not more than 3 shells at one time in the magazine and chamber combined.

(c) *Legal means.* By any means other than a shotgun fired from the shoulder or a bow and arrow, or by falconry.

(d) *Non-toxic shot requirements.* While hunting waterfowl and coot within any area of the state, no person may:

1. Take, catch, kill or pursue waterfowl and coot with any shotshell loaded with any material other than nontoxic shot.

2. Possess any shotshell loaded with any material other than nontoxic shot.

Note: Muzzle-loading firearms are not restricted by this rule because shotshells are not part of their mechanism.

(6) **TAGGING.** No person may give, put or leave migratory game birds at any place, other than at that person's permanent abode, or in the custody of another person unless the birds are tagged individually or collectively with tags bearing the following information:

- (a) The hunter's signature,
- (b) The hunter's address,
- (c) The total number of birds tagged, by species, and
- (d) The dates the birds were killed.

(8) **SHIPMENT.** No person may ship migratory game birds unless the package is marked on the outside with:

- (a) The name and address of the person sending the birds,
- (b) The name and address of the person to whom the birds are being sent, and

(b) No person may import migratory game birds belonging to another person.

(10) **WATERFOWL STAMP.** No person may hunt for migratory game birds without a valid state waterfowl stamp with the signature of the licensee written in ink across its face and firmly affixed by its own adhesive to the back of a valid small game, sports or conservation patron license.

Note: Violation of state migratory game bird regulations is also a violation of federal regulations. Importation restrictions do not prohibit the importation of legally taken, fully feathered migratory game birds for mounting purposes by a taxidermist holding a valid federal permit and licensed by the U.S. department of agriculture to decontaminate birds.

NR 10.125 Canada goose hunting. (1) PERMIT REQUIREMENTS. (a) Permit possession. No person may hunt Canada geese in any area of the state without having on their person a current, valid Canada goose hunting permit.

(b) *Validity.* 1. Except as provided under subd. 2, permits and any associated carcass tags are valid only in the zones and for the time periods specified on the permit during the open season established for Canada geese.

2. Horicon zone permit holders possessing a current, valid permit with an unused carcass tag may hunt in the Theresa zone beginning the day after the date on which the Theresa zone harvest quota is reached and continuing through the end of Theresa zone season.

(c) *Permit quota.* 1. Horicon zone. The number of Canada goose permits issued by the department annually under this section and under s. NR 19.84 shall be based upon the assigned federal quota and distributed within established zones based upon the general distribution of geese within the state and the previous year's hunter success rates.

2. Collins zone. Permit numbers for each time period for the Collins zone may not exceed 325.

3. Pine Island zone. Permit numbers for each time period for the Pine Island zone may not exceed 200.

(d) *Application and issuance procedures; all zones.* 1. Applications shall be on forms supplied by the department and, except early goose hunt subzone applications, shall include the applicant's senior citizen recreation card number, hunter education certificate number, armed forces license number or bow license number.

2. No person may submit more than one application per year except that:

a. Persons not applying by the permit application deadline for the Collins, Horicon, Theresa or Pine Island zones established under par. (e) may reapply, provided the goose season is open, for an Exterior zone permit.

b. Persons applying for an early goose hunt subzone permit may also apply for a Collins, Horicon, Theresa, Pine Island or Exterior zone permit.

3. Applicants may indicate preference for any zone and period.

4. No person may submit an application containing false information.

(e) *Application and issuance procedures; Collins, Horicon, Pine Island and Theresa zones.* 1. *Deadline.* Collins, Horicon, Pine Island and The-

resa zone applications shall be postmarked no later than the last Friday in August or hand delivered to the department license section no later than 4:30 p.m. on that Friday each year.

Note: The license section address is 101 South Webster, Box 7924, Madison, WI 53707.

2. **Group applications.** If 2 or more persons wish to hunt together in the Collins, Horicon or Pine Island zones, each shall fill out an application form and submit them together in one envelope clearly marked "group application" on the outside. A group application shall be considered one application.

3. **Preference.** When Collins, Horicon or Pine Island applications exceed the number of permits available, successful applicants shall be randomly selected with first preference given to persons who unsuccessfully applied for a permit during the previous year.

4. **Multiple tags.** If the number of Collins, Horicon or Pine Island zone permit applications is less than the number of permits available for any time period, the department may issue the remaining permits to successful applicants by random selection and increase the applicant's season bag limit accordingly.

(f) **Application and issuance procedures; Exterior zone.** Exterior zone permit applications may be obtained by mail or in person at department district and area offices during normal office hours throughout the open season.

Note: Normal office hours are 8:00 a.m.-4:30 p.m. Monday through Friday.

(g) **Application and issuance procedures; Early goose hunt subzone.** Early goose hunt subzone applications shall be postmarked no later than the first Friday in August or hand delivered to the department license section no later than 4:30 p.m. on that Friday each year.

(h) **Permit validation procedures.** In the Exterior zones, when a Canada goose is taken and before it is transported in any manner, the hunter shall validate the permit by slitting or punching the mark indicating the month and day the goose was killed. Failure to follow the validation procedure invalidates the permit and renders any goose in possession illegal.

(2) **CARCASS TAG REQUIREMENTS.** The following carcass tag requirements apply to Canada goose hunting in the Collins, Horicon, Pine Island and Theresa zones:

(a) **Tag possession.** No person may hunt Canada geese without being in possession of a valid carcass tag issued by the department.

(b) **Tagging requirements.** When a Canada goose is taken and before it is carried by hand or transported in any manner, the hunter shall:

1. Validate the permit by tearing or cutting out notches on the tag designating the month, day and time of kill. Failure to follow the validation procedure in this manner invalidates the permit and renders any goose in possession illegal.

2. Completely attach and seal the paper tag, utilizing its own adhesive, to the neck of the goose.

3. No person may possess or transport a Canada goose unless it is tagged with a validated tag.

(c) *Transportation restrictions.* The hunter shall:

1. Transport the goose in a motor vehicle in such a manner that the tag attached to the goose cannot be handled or manipulated by any occupant of the vehicle.

2. Keep the tag attached to the goose until it reaches the personal abode of the person taking it.

(3) **REGISTRATION REQUIREMENTS.** Canada geese killed in the Theresa zone shall be registered at on-site department stations no later than 8:00 p.m. on the opening day of the zone's duck season and no later than 3:00 p.m. on the day it was killed during the remainder of the season.

(4) **ADDITIONAL TAGS.** Theresa zone hunters may obtain one additional carcass tag for each consecutive time period provided:

1. The zone harvest quota has not been reached; and

2. The additional carcass tag is used in a valid time period established in s. NR 10.01 (1) (g).

(5) **REPORTS.** (a) *Report card issuance.* Canada goose harvest reports shall be issued to each successful applicant for the Early goose hunt and Exterior zones. Exterior zone permit holders shall be issued 5 report cards. Additional report cards may be issued at department district and area offices to applicants appearing in person.

(b) *Harvest reports.* 1. Exterior zone. Each successful Exterior zone permit holder shall complete and submit a harvest report on forms supplied by the department. The report shall be submitted to the department within 48 hours of harvesting a goose.

2. Early goose hunt subzone. Each Early goose hunt subzone permittee shall complete and submit a department harvest report form to the department within 48 hours of the close of the season.

(c) *Hunting reports.* The department may require any permit holder to provide the department a goose hunting report. The selected hunter shall be required to complete the report and mail it within 48 hours of receipt.

Note: The hunting report forms will be mailed to certain hunters only.

(6) **CANADA GOOSE LIMITS.** The daily bag limit on Canada geese statewide is not more than that permitted in any one zone within the state and no person may possess or transport more than the daily bag limit or aggregate daily limit, whichever applies, or migratory game birds, tagged or not tagged, at or between the place where taken and either the person's personal abode or temporary or transient place of lodging; or a commercial preservation facility.

(7) **SEASON CLOSURE.** The secretary of the department may close a portion or all of any Canada goose season established in NR 10.01 (1) (g) upon a finding by the department that the harvest for that season will exceed the level authorized by U.S. fish and wildlife service. Closure shall become effective upon issuance of an order and publication in the official state newspaper.
